Independent Auditors' Report

**The Plan Administrator of
Cold Spring Harbor Laboratory
Frozen 403(b) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We were engaged to perform an audit of the accompanying financial statements of the Cold Spring Harbor Laboratory Frozen 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2024 Financial Statements

We do not express an opinion on the accompanying 2024 financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2024 financial statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2024 financial statements.

Basis for Disclaimer of Opinion on the 2024 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have been excluded in the accompanying statement of changes in net assets available for benefits. The amount of the excluded annuity contracts and custodial accounts are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2024 financial statements have been affected by these conditions.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Our responsibility is to conduct an audit of the Plan's 2024 financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2024 financial statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2024 financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2024 financial statements section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Auditor's Report on the 2023 Financial Statements

The financial statements of Cold Spring Harbor Laboratory Frozen 403(b) Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by qualified institutions. Their report dated July 30, 2024 disclaimed an opinion on the 2023 financial statements as the predecessor auditor determined that the Plan had not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Their report also indicated a disclaimer of opinion on the 2023 supplemental schedule.

Cold Spring Harbor Laboratory Frozen 403(b) Plan

Notes to Financial Statements
December 31, 2024

1. Description of Plan

The following description of the Cold Spring Harbor Laboratory Frozen 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, sponsored by Cold Spring Harbor Laboratory (the “Laboratory” or “Plan Sponsor”) under Section 403(b) of the Internal Revenue Code (“IRC”) established on June 1, 1964. The Board of Trustees of the Laboratory (the “Board”) froze the Plan as of December 31, 1988 (the “Freeze Date”), and no new contributions may be made after such date. The Laboratory’s Employee Benefits Committee is the administrator of the Plan (“Benefits Committee” or “Plan Administrator”) and has designated the Vice President, Human Resources to be responsible for many matters of plan operation. Participants were able to direct investment of their contributions to either Teachers Insurance and Annuity Association (“TIAA”) or College Retirement Equities Fund (“CREF”) (collectively, “TIAA and CREF”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Plan Record Management

In November 2007, the Department of Labor (“DOL”) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various custodial accounting and recordkeeping reports related to the Plan’s 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained. Consequently, the financial statements and supplemental schedule have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan’s financial statements cannot be determined.

Participation

All employees of the Laboratory were eligible participants until the Plan Freeze Date and thereafter no additional employees could become participants of the Plan.

Contributions, Vesting and Management of Funds

Contributions to the Plan were fully vested as of the Freeze Date. No future contributions can be made. All contributions were invested at the discretion of the participants. Discretionary authority for the purchase and sale of investments and the management of the accounts of the Plan’s participants are placed with TIAA and CREF, under a group annuity contract.

Participant Accounts

Each participant's account is credited (or debited) with Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific transactions, as defined in the Plan document.

Payment of Benefits

Participants may elect to receive benefit distributions (either in the form of a fixed or variable annuity or a lump sum), equal to the total value of their account balance at the earlier of age 59½ or after termination of employment, disability, or retirement.

Expenses

Administrative expenses of the Plan including accounting, legal, tax and advisory are paid by the Laboratory and are excluded from these financial statements. Investment related expenses are included in the net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates and assumptions.

Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate risk, overall market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Cold Spring Harbor Laboratory Frozen 403(b) Plan

Notes to Financial Statements
December 31, 2024

The Plan may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of these securities are sensitive to change in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The TIAA Traditional Annuity Account is a non-benefit responsive account that represents approximately 47% and 51% of the Plan's net assets available for benefits as of December 31, 2024 and 2023, respectively, and represents an obligation from TIAA to repay as amounts come due. The TIAA Traditional Annuity contract is measured at contract value which approximates fair value, however, there are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable.

3. Information Certified (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, as insurance companies, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Investment income, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2024; and
- Schedule H, Part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

4. Fair Value

U.S. GAAP establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Cold Spring Harbor Laboratory Frozen 403(b) Plan

Notes to Financial Statements
December 31, 2024

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the (Level 2) input must be observable for substantially the full term of the asset or liability. The Plan did not possess any (Level 2) assets at December 31, 2024 and 2023.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

Registered investment companies: The fair value of accumulation units held by the Plan in CREF accounts are valued at quoted market prices at the close of the last business day of the year, and classified as Level 1. Data for the net asset value ("NAV") are available to plan administrators and client investors on the NASDAQ's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the value of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices from independent pricing sources.

TIAA Traditional Annuity Account - non-benefit responsive: Valued at fair value which approximates contract value. Contract value represents an aggregate of contributions, plus interest less withdrawals, if any. The fair value is derived from a discounted cash flow analysis and other factors.

Pooled separate account: The fair value of the Plan's interest in the pooled separate account is based on the fund's daily NAV. In accordance with Accounting Standards Codification ("ASC") Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The unit value of the fund is calculated daily and available to plan administrators and client investors on the NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures there are funds available to meet participant redemption, transfer or cash withdrawal requests. Redemption of pooled separate accounts is generally permitted daily, and there are no unfunded commitments. Under certain circumstances, withdrawals from the pooled separate account may be subject to a 12 month hold or market value adjustment.

**Cold Spring Harbor Laboratory
Frozen 403(b) Plan**

Notes to Financial Statements
December 31, 2024

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024 and 2023, and there were no transfers between levels for the years ended December 31, 2024 and 2023. The Benefits Committee performs ongoing due diligence reviews of the Plan's investments.

The following tables present the Plan's fair value hierarchy for those investments measured at fair value as of December 31, 2024 and 2023:

2024					
	Level 1	Level 2	Level 3	Other Investments Measured at NAV	Total

	<u>\$ 6,954,820</u>	<u>\$ -</u>	<u>\$ 7,254,385</u>	<u>\$ 94,815</u>	<u>\$ 14,304,020</u>

Purchases of Level 3 investments were \$641,477 and \$1,905,717 for the Plan years ended December 31, 2024 and 2023, respectively.

TIAA Traditional Annuity Account

The TIAA Traditional Annuity Account represents insurance contracts issued by TIAA, which guarantee principal and a contractually specified interest rate to account participants. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, plus transfers, less any withdrawals. The TIAA Traditional Annuity Account is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. There are no unfunded commitments and redemptions may occur daily.

The account available for this plan is the Retirement Annuity ("RA") contract. The TIAA Traditional Annuity Account is non-benefit responsive as there are various restrictions on withdrawals. Withdrawals and transfers from the RA must be spread over a period of ten annual installments (or five annual installments for withdrawals after termination of employment).

**Cold Spring Harbor Laboratory
Frozen 403(b) Plan**

Notes to Financial Statements
December 31, 2024

The guaranteed annual interest rate is 3% for all premiums remitted since 1979 under the TIAA Traditional Annuity accumulating contracts, plus additional amounts established by TIAA on a year-to-year basis. The average yield and crediting interest rates were approximately 5.50% and 5.25% for 2024 and 2023, respectively, for the RA. The yield credited to participants for 2024 and 2023 are net of annual investment fees. For 2024 and 2023, the Plan's annual fees were 0.150% and 0.177%, respectively. The crediting interest rate is calculated on a daily basis.

Pooled Separate Account - TIAA Real Estate Account

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to one per calendar quarter. There are no unfunded commitments on the Plan's investments.

5. Plan Termination

Although it has not expressed any intent to do so, the Laboratory has the right under the Plan to terminate the Plan by resolution of the Board, subject to the provisions of ERISA. Upon such termination, the Laboratory may direct benefits to be distributed in lump sum payments as soon as practicable.

6. Tax Status

The Internal Revenue Service has determined and informed the Laboratory by a letter dated May 8, 2025, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-In-Interest Transactions

The Plan's investments are managed by TIAA and CREF or their affiliates, and therefore, these transactions qualify as party in interest transactions under ERISA.

8. Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is August 1, 2025.
