INDEPENDENT AUDITOR'S REPORT

Participants and Plan Administrator
Peterson Brothers Retirement Plan
Erie, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Peterson Brothers Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Peterson Brothers Retirement Plan
Notes to Financial Statements
December 31, 2024

1. Description of Plan

The following description of the Peterson Brothers Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Peterson Brothers, Inc. and Vert Markets, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During December 2024, the Plan Sponsor (Vert Markets, Inc.) was sold by Peterson Brothers, Inc. to an unrelated third party. At that time, the assets of Vert Markets, Inc. were assumed by a newly formed entity (Vert Markets LLC) which became the new Plan Sponsor. As a result of the sale, Peterson Brothers, Inc. is no longer a participating employer of the Plan at December 31, 2024. Subsequent to the Plan year end, in May 2025, the account balances of participants of Peterson Brothers, Inc. were transferred to another plan.

Eligibility

All employees who have attained age 21 are eligible to participate in the Plan after they have completed the service requirements of the Plan. The initial computation of the service requirement is completion of 750 hours of service within the six months following an employee's commencement of employment. Employees may enter the Plan on the first day of the month coinciding with or next following the date on which an employee meets the eligibility requirements.

Contributions

Participants can make pre-tax contributions, as well as Roth elective deferral contributions, up to the maximum percentage of compensation and dollar amounts permissible, subject to Internal Revenue Service (IRS) limitations. Rollover contributions to the Plan are permitted and may be executed prior to meeting the eligibility requirements for participation in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are permitted to change their deferral percentages on a monthly basis and are able to change their investment elections daily.

Plan Sponsor matching contributions are discretionary, and the matching percentage is determined annually by the Plan Sponsor. The Plan Sponsor matching contributions are calculated as a percentage of the participant's elective deferrals, up to a maximum percentage of eligible compensation. During 2024 and 2023, the discretionary match was 100% of the participant's elective deferrals, up to a maximum of 6% of eligible compensation deferred by the participant. Additional discretionary amounts may be contributed at the option of the Plan Sponsors. There were no additional discretionary contributions during the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant's account is adjusted for the participant's contributions, Plan Sponsor contributions, benefit payments, and net investment income (loss) attributable to their individual account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Peterson Brothers Retirement Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor contribution portion of their accounts plus actual earnings thereon is based on the following vesting schedule:

<u>Years of Service</u>	<u>Vesting %</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employees are considered to have completed a year of service (for purposes of vesting) when they are employed on the last day of the plan year and have completed 1,000 hours of service at any time during the Plan year. The hours of service requirements are waived on termination of employment for disability or death.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts are held in a separate account and can be used at the discretion of the Plan Sponsor, including restoration of participants' forfeitures, reducing the Plan Sponsor's matching contribution, or to pay administrative expenses of the Plan. For the years ended December 31, 2024 and 2023, the Plan Sponsor used forfeitures totaling approximately \$167,000 and \$44,000, respectively, to offset Plan Sponsor contributions to the Plan and to pay administrative expenses. The forfeiture balance totaled \$1,862 and \$77,357 as of December 31, 2024 and 2023, respectively.

Notes Receivable from Participants

Participants have the option of taking loans against their account balances. A participant may have a maximum of two loans outstanding at any one time with repayment terms of less than five years. Loans are collateralized by up to 50% of the participant's vested account balance. The loan must be a minimum of \$1,000 and a maximum of \$50,000 or one half of the participant's vested account balance. This is further reduced by the participant's highest outstanding loan balance against their account during the prior twelve-month period and the outstanding loan balance from the Plan on the date the loan is made. Loans are certified by the trustee.

Withdrawals and Benefit Payments

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. The normal retirement age for the Plan is 59 ½. Hardship withdrawals are permitted by the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. These administrative expenses are paid from the accumulated forfeiture amounts when available. When forfeitures are not available, these administrative fees are charged directly to the Plan. The employees of the Plan Sponsors provide certain administrative services to the Plan and the Plan is not charged for these services.

Peterson Brothers Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Subsequent Events

The Plan has evaluated subsequent events through July 22, 2025, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 6 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Because the group annuity contract is fully benefit-responsive, it is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits.

Peterson Brothers Retirement Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

3. Plan Termination

Although they have not expressed any intent to do so, the Plan Sponsors participating in the Peterson Brothers Retirement Plan have the right under the Plan to discontinue their contributions at any time and to terminate their participation in the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balance.

4. Tax Status of the Plan

The IRS has determined and informed M2B Retirement Consulting LLC by a letter dated July 13, 2021 that the Non-Standardized Pre-Approved Profit Sharing Plan document governing this Plan is designed in accordance with applicable sections of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan Administrator believes the Plan is operating in compliance with the Internal Revenue Code.

Management has evaluated the Plan's tax positions in accordance with the Financial Accounting Standards Board (FASB) issued guidance on accounting for uncertainty in income taxes and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2021.

5. Investments

For the years ended December 31, 2024 and 2023, the Plan Administrator elected the method of compliance permitted under ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under this election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net realized and unrealized appreciation in fair value of investments, interest and dividend income, and administrative expenses for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee, Empower Trust Company, LLC, as of and for the years ended December 31, 2024 and 2023 and Northwest Bank, the former trustee, for the year ended December 31, 2023.

6. Fair Value Measurements

Investments are recorded at estimated fair value, in accordance with the FASB Accounting Standards Codification (ASC) *Fair Value Measurements and Disclosures* topic. This topic establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC's *Fair Value Measurements and Disclosures* topic are described as follows:

Peterson Brothers Retirement Plan
Notes to Financial Statements (continued)

6. Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables summarize instruments measured at fair value on a recurring basis for the Plan:

Investments at Fair Value as of December 31, 2024

6. Fair Value Measurements (continued)

- (a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds – registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – American Century Retirement Date Hybrid Trusts: Valued by the trustee using the NAV of the common/collective trust times the number of units held by the Plan. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments or significant restrictions on redemptions. The Plan may redeem its investment on a daily and immediate basis.

Investments Measured Using NAV per Share Practical Expedient

The following tables summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2024

7. Group Annuity Contract

The Plan holds a group annuity contract with Empower Annuity Insurance Company of America. The group annuity contract, Empower Investments Fixed Account, is part of the general account of Empower Annuity Insurance Company of America. Interest is credited daily to the group contract holder at a rate that may change, or stay the same, quarterly. The quarterly crediting rate applies to all money deposited in the group contract holder's account regardless of when it was deposited. At December 31, 2024 and 2023, the Empower Investments Fixed Account's contract value totaled \$795,064 and \$696,645, respectively.

7. Group Annuity Contract (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

8. Related Party Transactions

Certain Plan investments are managed by Empower Trust Company, LLC, the current trustee, and Northwest Bank, the former trustee. As these companies serve as trustee for the Plan, these transactions qualify as party in interest transactions. The Plan also issues loans to participants, which are secured by the balances in the respective participant accounts. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

The Plan is involved in certain revenue sharing agreements which reduced administrative costs of the Plan. For the years ended December 31, 2024 and 2023, revenue sharing credits to the Plan totaled \$45,000 and \$22,500, respectively.
