Plan Administrator
Dotcom Distribution Corp. 401(k) Savings Plan
Edison, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dotcom Distribution Corp. 401(k) Savings Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 28, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period ended March 28, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dotcom Distribution Corp. 401(k) Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of March 28, 2024 and December 31, 2023 and for the period ended March 28, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are required to be independent of Dotcom Distribution Corp. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dotcom Distribution Corp. 401(k) Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dotcom Distribution Corp. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dotcom Distribution Corp. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Dotcom Distribution Corp. 401(k) Savings Plan
Notes to Financial Statements
March 28, 2024 and December 31, 2023

Note 1. Plan Description

The following description of the Dotcom Distribution Corp. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2000. The Plan is a defined contribution plan covering all eligible employees of Dotcom Distribution Corp. (the Company). The Plan is subject to the *Employee Retirement Income Security Act of 1974* (ERISA).

The Company was acquired by Ryder System Inc. during November 2022. Effective March 28, 2024, the Plan was merged into the Ryder System Inc. Employee Savings Plan B and all participant account balances were transferred. Effective January 1, 2024, participants were no longer eligible to make contributions into the Plan.

Eligibility and Contributions

Employees who completed three months of service were eligible to participate in the Plan. Participants could have elected to contribute pre-tax and Roth deferral contributions, up to the maximum amount permitted by the Internal Revenue Code (IRC). Participants, who were at least 50, were eligible to make a catch-up contribution, up to the maximum amount permitted by the IRC. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation.

All active participants during the contribution period who met the continuing eligibility requirements and made eligible elective deferral contributions were eligible for a discretionary employer matching contribution. The Company contributes 20% of a participant's contributions up to 15% of the participant's compensation. The Company did not make any discretionary matching contributions for the period ended March 28, 2024.

Rollover Contributions

Participants could have rolled over part or all of an eligible rollover distribution received from an eligible retirement plan into this Plan regardless of whether the participant satisfied the eligibility requirements of the Plan.

Participant Accounts

Participants could have filed an election designating the proportion in which their contributions and contributions on their behalf were to be allocated among the specific assets, funds or other investments permitted under the Plan, offered by Fidelity Management Trust Company. Participants were able to change their election on the first of each month and make transfers among funds.

Notes to Financial Statements
March 28, 2024 and December 31, 2023

Vesting

The participants were vested immediately in their rollover contributions, qualified matching contributions, deferral contributions and any earnings thereon. Vesting in the Company's contribution portion of their accounts was according to the following schedule:

<u>Completed Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	40%
3	60%
4	80%
5	100%

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, was forfeited and remained in the Plan. Forfeitures could have been used to reduce any future employer contributions or to pay administrative expenses of the Plan. During the period ended March 28, 2024, forfeitures approximated \$32,000, all of which were used to reduce employer contributions.

Notes Receivable from Participants

Each participant was permitted to borrow one outstanding loan at any given time up to 50% of their vested account balance, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The term of a loan may not exceed five years unless it is used to purchase a primary residence, in which the term of the loan may not exceed 10 years. The loans were collateralized by the balance in the participant's account and bore interest at rates commensurate with the prevailing rate as determined by the plan administrator. Notes receivable from participants were measured at their unpaid principal balance plus any accrued interest. Interest rates at December 31, 2023, ranged from 5.75% to 9.50%.

Payment of Benefits

Participants' vested interest in the Plan's assets were distributable upon death, disability, retirement, termination, hardship, or attaining age 59.5 but continuing to work. Participants could have requested withdrawals pursuant to specific guidelines as set forth in the plan document.

Administrative Expenses

Substantially all administrative expenses were paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period, and disclosures of contingent assets and liabilities, if applicable, at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold during the year as well as held at year-end.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 29, 2025 which is the date the financial statements were available to be issued.

Note 3. Financial Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of March 28, 2024 and December 31, 2023, and for the period ended March 28, 2024, included in the Plan’s financial statements which was prepared by, or derived from information prepared by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

Common collective trust	-	170,790
Notes receivable from participants	-	29,122
	<u>\$ -</u>	<u>\$ 6,446,437</u>

The following for the period ended March 28, 2024 was also certified by the trustee:

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 28, 2024 and December 31, 2023:

Mutual funds: Valued using quoted market prices in an active market.

Common collective trust: Common collective trust funds are stated at fair value which is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value as a practical expedient. The common collective trust fund invests primarily in mutual funds and fully benefit responsive investment contracts. The common collective trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value at December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,246,525	\$ -	\$ -	\$ 6,246,525
Common collective trust, measured at at net asset value (a)	-	-	-	170,790
Total	<u>\$ 6,246,525</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,417,315</u>

- (a) Expedients to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements
March 28, 2024 and December 31, 2023

Note 5. Party-in-Interest Transactions

All plan investments are managed by Fidelity. Fidelity is the trustee and Fidelity Investments, Inc. is the plan record-keeper. There were no administrative fees paid by the Plan to Fidelity for the periods ended March 28, 2024 and December 31, 2023.

Note 6. Plan Termination

The Company reserves the right to amend, alter or terminate the Plan subject to the provisions of ERISA. The plan was terminated as of March 28, 2024 and all participant balances were transferred into the Ryder System Inc. Employee Savings Plan B. All participants were fully vested in their individual balances as of March 28, 2024.

Note 7. Income Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter from the IRS stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of March 28, 2024 and December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2021.

Note 8. Risk and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 9. Reconciliation of Financial Statements to Form 5500

The Form 5500 and financial statements were prepared on the accrual basis for the Plan periods ended March 28, 2024 and December 31, 2023.
