401(k) Savings Plan for Employees of Feith Systems & Software, Inc.
Fort Washington, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of 401(k) Savings Plan for Employees of Feith Systems & Software, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 401(k) Savings Plan for Employees of Feith Systems & Software, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of 401(k) Savings Plan for Employees of Feith Systems & Software, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Savings Plan for Employees of Feith Systems & Software, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

401(k) Savings Plan for Employees of Feith Systems & Software, Inc.
Page Three

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 401(k) Savings Plan for Employees of Feith Systems & Software, Inc.'s internal control. Accordingly, no such opinion is expressed.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN

The following description of 401(k) Savings Plan for Employees of Feith Systems & Software ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on May 1, 1998. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) covering all employees of Feith Systems and Software, Inc. (the Company) who have completed three months of service and are not interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan changed service providers from Vanguard Retirement Plan Services (Vanguard) and Ascensus, LLC (as a subcontractor who provided services to the Plan on behalf of Vanguard) to ADP Retirement Services during the year ended December 31, 2024. As a result of the change in service providers, the assets of the Plan transferred from Ascensus Trust Company to ADP Retirement Trust Services, LLC on March 1, 2024.

Contributions

Participants may elect to contribute on a pre-tax basis or post-tax (Roth) basis to the Plan from 1% up to 90% of compensation. Unless a participant makes an affirmative election, participants are automatically enrolled on the first day of the month coinciding with or the next following date the eligibility requirements are met to contribute 4% of compensation each pay period on a pre-tax basis. Unless a participant makes an affirmative election, the participants' elections increase by 1% of compensation as soon as administratively feasible beginning on or after the first day of each succeeding Plan year after the Plan year that the participants' automatic deferrals were implemented up to a maximum of 8% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make flexible discretionary matching contributions each pay period to the Plan. The Company made discretionary matching contributions equal to 25% of participant contributions up to 8% of compensation each pay period for the year ended December 31, 2024. The discretionary matching contributions totaled \$224,860 for the year ended December 31, 2024, of which \$109,781 was funded using forfeitures. The matching contributions funded to the Plan for the year ended December 31, 2024 totaled \$115,079, which is included in employer contributions on the statement of changes in net assets available for benefits for the year then ended.

The Company may also make annual discretionary nonelective contributions to the Plan. To be eligible to receive an allocation of any discretionary nonelective contributions made to the Plan, there are additional eligibility requirements. Participants are required to work for a twelve consecutive month period from their date of hire during which 1,000 hours of service must be completed. Additionally, participants must be employed on the last day of the Plan year and must complete 1,000 hours of service during the Plan Year.

401(k) SAVINGS PLAN FOR EMPLOYEES OF FEITH SYSTEMS AND SOFTWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued)

Discretionary nonelective contributions are allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. The Company made a discretionary nonelective contribution equal to 8.50% of eligible annual compensation for the years ended December 31, 2024 and 2023. The discretionary nonelective contribution for the year ended December 31, 2024 totaled \$1,161,303 and was funded in 2025. The contribution is included in employer contributions receivable on the statement of net assets available for benefits as of December 31, 2024. The discretionary nonelective contribution for the year ended December 31, 2023 totaled \$1,020,661 and was funded in 2024. The contribution is included in employer contributions receivable on the statement of net assets available for benefits as of December 31, 2023 .

Participants direct the investment of their Company contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, if any, an allocation of Company discretionary nonelective contributions, if any, and an allocation of Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary nonelective contributions portion of their account balance is based on years of service as follows.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If a participant dies or is disabled prior to attaining normal retirement age, the participant becomes 100% vested.

401(k) SAVINGS PLAN FOR EMPLOYEES OF FEITH SYSTEMS AND SOFTWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account. Participant loans issued through February 29, 2024 bear interest at the prime rate. Participant loans issued beginning March 1, 2024 bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are permitted by the Plan. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Benefit payments are made in the form of lump sum distributions. Participants who terminate employment with a balance of less than \$1,000 may receive an automatic lump sum distribution of their balance. Effective January 1, 2024, participants who terminate employment with a balance of less than \$7,000, but more than \$1,000, may receive an automatic direct rollover of their account balance into an individual retirement account. Prior to January 1, 2024, participants who terminated employment with a balance of less than \$5,000, but more than \$1,000, may have received an automatic direct rollover of their account balance into an individual retirement account.

Forfeited Accounts

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Forfeitures may be used to pay Plan expenses or reduce Company contributions. As of December 31, 2024 and 2023, the forfeiture balance was \$35,956 and \$26,271, respectively. Forfeitures of \$109,781 were used during the year ended December 31, 2024 to fund a portion of the Company's discretionary matching contributions and \$1,500 of forfeitures were used to pay administrative expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

401(k) SAVINGS PLAN FOR EMPLOYEES OF FEITH SYSTEMS AND SOFTWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation. The Company annual discretionary nonelective contributions are recorded in the year in which the participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees for recordkeeping services are included in administrative expenses and allocated to participant accounts based on a pro rata formula. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

NOTE C – CERTIFIED INFORMATION

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by Ascensus, LLC and ADP Retirement Trust Services, LLC.

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

401(k) SAVINGS PLAN FOR EMPLOYEES OF FEITH SYSTEMS AND SOFTWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust fund: The MetLife Stable Value Fund is considered a collective investment trust fund. The fund is 100% invested in the MetLife Group Annuity Contract No. 25554 issued by Metropolitan Life Insurance Company, which is comprised of separate accounts. The Plan's investment in the fund is valued at the net asset value of the units held by the Plan at year-end. The value of the units is determined by the trustee based on the contract value of the assets of the Fund, less its liabilities, divided by the total number of units outstanding at the time of such computation. The fund is not registered with the SEC. There are no unfunded commitments. The redemption notice period is 60 days and redemption frequency is daily. The Plan will receive the lesser of book value or market value if it chooses to terminate the fund as an investment option.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Total</u>
Investment type:		
Mutual funds	\$ 38,505,966	\$ 38,505,966

401(k) SAVINGS PLAN FOR EMPLOYEES OF FEITH SYSTEMS AND SOFTWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

*The collective investment trust fund that was measured at NAV per share (or its equivalent) as a practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – TAX STATUS

The Plan has adopted a non-standardized pre-approved defined contribution plan. For the period from January 1, 2024 through February 29, 2024, the Ascensus, LLC non-standardized pre-approved defined contribution Plan was adopted, which obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Effective March 1, 2024, the Plan adopted the ADP, LLC non-standardized pre-approved defined contribution plan, which obtained its latest opinion letter on October 6, 2020, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letters, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

For the period from January 1, 2024 through February 29, 2024, Ascensus, LLC, as a subcontractor for Vanguard, was the third-party administrator, recordkeeper, and trustee of the Plan. The Plan also held certain investments managed by Vanguard. Fees paid to Vanguard and Ascensus, LLC have been included in administrative expenses. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

For the period from March 1, 2024 through December 31, 2024, ADP Retirement Services and its affiliates ADP, Inc., ADP, LLC, and ADP Retirement Trust Services, LLC (collectively referred to as "ADP") were the third-party administrator, recordkeeper, and trustee of the Plan. Fees paid to ADP have been included in administrative expenses. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

401(k) SAVINGS PLAN FOR EMPLOYEES OF FEITH SYSTEMS AND SOFTWARE, INC.

NOTES TO FINANCIAL STATEMENTS

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

For the year ended December 31, 2024, Horner, Townsend & Kent, Inc. and DFIG Investments LLC provided investment and financial advisory services. Fees paid to the investment advisors have been included in administrative expenses. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from participants and related interest income also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2024, participant contributions and loan repayments totaling \$49,688 were not remitted to the Plan until after the required time period and are considered prohibited transactions. The Plan will remit lost earnings to correct the delinquent participant contributions as soon as administratively feasible.

NOTE J – PLAN CORRECTION

During the year ended December 31, 2024, an operational failure was discovered due to improper vesting calculations for certain participants who received benefit payments. The failure began on March 1, 2024 upon the change in service providers to ADP. To correct the failure, the participants received the vested portion of their discretionary matching contributions and discretionary nonelective contributions source balances that were previously forfeited in error. As a result of the operational failure, the Company owed \$79,767 to the Plan for the year ended December 31, 2024 to replenish the forfeiture account as the forfeitures has been used to fund Company contributions. The amount is presented as other employer contribution receivable on the statement of net assets available for benefits and as other employer contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2024. The operational failure was corrected in 2025.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
