Independent Auditor's Report

To the Plan Sponsor of the
Sooner Southwest Bankshares, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sooner Southwest Bankshares, Inc. 401(k) Profit Sharing Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits - modified cash basis for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sooner Southwest Bankshares, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in the notes to the financial statements on pages 9-11, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sooner Southwest Bankshares, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to the basis of accounting note of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter---Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements**

Plan Description

The following description of the Sooner Southwest Bankshares, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants and others should refer to the Plan document for a more complete description of the Plan provisions. The Profit Sharing plan was amended during July 2022, transitioning to a third party administered 401(k) plan.

General

The Plan is a 401(k)-employee savings plan adopted effective July 15, 2022 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is an amended and restatement of a preexisting plan which was originally effective as of January 1, 1988. Sooner Southwest Bankshares, Inc., (the Company) is the Plan sponsor, while Voya Institutional Investments is the Plan Trustee. The Plan is subject to the provisions of ERISA.

Plan Merger

Effective September 12, 2022, the Oklahoma Capital Bank Profit Sharing ("OCB") Plan assets were transferred into the Sooner Southwest 401k Profit Sharing Plan. The assets of the OCB Plan, which were held by the Trust Company of Oklahoma, were legally transferred effective that date to the Sooner Southwest 401k Profit Sharing Plan. The management of Sooner Southwest 401k Profit Sharing Plan believes that the Plan merger was a tax-exempt transaction under the applicable provisions of the IRC and, therefore, is not subject to federal income taxes. The OCB Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The merger initiated a blackout period beginning September 9, 2022, and continuing through September 21, 2022. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in the Plan's income fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

Eligibility

All employees of the Company who have attained the age of 21 are eligible to participate. Participation in the Plan begins on January 1st after their hire date and the same day of the month occurring in each successive 3-month period coincident with or next following satisfaction of the eligibility requirements. Members of a collective bargaining unit and nonresident aliens are excluded from participation in the Plan.

Employee Contributions

Participants are permitted to contribute all of their annual compensation, as defined in the Plan document, not to exceed the annual contribution limit set by the Internal Revenue Service (IRS), which was \$23,000 in 2024 and \$22,500 in 2023.

Participants who have attained age 50 prior to the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions

The Company matches participant contributions up to 6% of eligible compensation. Contributions are subject to certain limitations as defined in the Internal Revenue Code (IRC) Section 402(g)(3).

Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

Participants Accounts

Each participant's account is credited with the participant's voluntary contribution, the Employer's non-discretionary matching contribution, and plan earnings, which are allocated proportionately among all participants based upon the balance in their account quarterly. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are 100% vested on their Plan entry date.

**Sooner Southwest Bankshares, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements**

Plan Description (continued)

Payment of Benefits

Benefits under the Plan are paid in lump sum without regard to amount and begin on the valuation date coinciding with or next following the date of termination. The valuation date is quarterly on the last day of each 3-month period beginning with the first day of the Plan year, which is January 1st of each year. Plan benefits may begin before normal retirement, which the Plan defines as the actual date a participant attains the age of 59 ½ years of age, or for a participant who terminates due to death or disability. The Plan document stipulates that Required Minimum Distributions may be delayed after attainment of the age 70 1/2 years until the date of actual retirement.

Notes Receivable from Participants

Under the terms of the amended Plan as of July 2022, participants may borrow from their account up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates (currently ranging from 6.5% to 9.5%) which are commensurate with local prevailing rates as determined by the Plan administrator. Loan terms can be up to five years unless the loan is for the purchase of the participant's primary residence, for which the term can be up to 15 years. Principal and interest are paid ratably through payroll deductions.

Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amount of assets, including the fair value of investments held within the Plan, liabilities, additions and deductions reflected within the financial statements. Actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis. Under the modified cash basis of accounting, revenues and related assets are recognized when received rather than when earned, and expenses are recognized when paid rather than when the expense is incurred. That basis differs from generally accepted accounting principles primarily because interest and dividend income from financial institutions is not accrued on the accompanying financial statements. Additionally, contributions to the Plan are recognized when received and are not accrued. Likewise, distributions to participants are recognized when paid and are not accrued.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's 2023 and 2024 investments are comprised of mutual funds, pooled separate accounts, and guaranteed investment contracts, which are valued at estimated fair value as provided by Voya Institutional Investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned.

Payment of Benefits

Benefits are recorded when paid.

**Sooner Southwest Bankshares, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements**

Summary of Significant Accounting Policies (continued)

Administrative Expenses

Compliance testing and consulting for the Plan were provided by ERISA Services for the years ended December 31, 2023 and 2024. Accounting transaction processing, human resource duties and other administration of the Plan are conducted by Company employees at no cost to the Plan and are not considered to be significant. Bank fees and office expense paid by the Plan were \$18,377 and \$15,884 for the years ended December 31, 2024 and 2023 respectively.

Date of Management's Review

Subsequent events were evaluated by the Plan Administrator through August 15, 2025, the date the financial statements were available to be issued.

Recent Legislation

The SECURE 2.0 Act of 2022 (Act) was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not be made until the end of the first plan year beginning on or after January 1, 2026; however, plans must be operated in accordance with the effective date of each new provision. The Plan has not yet been amended to reflect certain plan provisions required by the SECURE Act 2.0 of 2022. Management has not determined the impact of the new required provisions will have on the Plan.

Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letters dated June 30, 2020 and June 1, 2021, respectively, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The modified cash basis of accounting requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The amended third party administered Plan's investments in mutual funds are valued at quoted prices on actively traded exchanges and are listed as level 1 in the following table. The guaranteed investment contract and investments in pooled separate accounts are valued at a level 2 hierarchy based on similar asset values in active markets. All investment values were certified by the third party trustee, Voya Institutional Investments.

Investments

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified the following data included in the financial statements and supplemental schedule are complete and accurate:

The following information was certified by the Voya Institutional Investments:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Schedule H, Line 4i-Schedule of Assets (held at year end), December 31, 2024 and 2023
- Investment income, as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Related Party Transactions

The employer provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party in interest transactions. Plan investments are maintained with and managed by ERISA Services, therefore investment transactions with ERISA Services qualify as party-in-interest transactions. Voya Institutional Investments serves as the asset custodian.

Plan Termination

Although they have not expressed any interest to do so, the Employer has the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Plan assets would be allocated to the participants' account balances.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments, in general, are exposed to various risks such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
