The Plan Administrator
Sesame Workshop 401(k) Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Sesame Workshop 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Sesame Workshop 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which began on January 1, 1990, is a 401(k) defined contribution plan covering all eligible employees of Sesame Workshop (the Company or Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Vanguard Fiduciary Trust Company (Vanguard) is the trustee of the Plan. The Plan was restated effective January 1, 2022.

In accordance with the provisions of the Plan, beginning January 1, 2017, each eligible employee may participate in the Plan upon attainment of 18 years of age and completion of three months of service. Eligible employees are automatically enrolled after completing one year of service unless they elect not to participate in the Plan, at a rate of 5% of compensation for each payroll period. Prior to January 1, 2017, each eligible employee could participate in the Plan upon attainment of 21 years of age and completion of one year of service. Effective January 1, 2023, the timing of automatic enrollment shortened from one year of service to nine months of service for participants hired on or after that date.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into law. Effective January 1, 2023, the SECURE Act 2.0 updated certain rules related to required minimum distributions, which impacted the Plan. None of the optional provisions of the law were adopted for the year ended December 31, 2023.

Effective January 1, 2024, the Plan was amended to remove the automatic enrollment provision.

Company Contributions

An employee is eligible for employer matching contributions upon completion of one year of service. Beginning January 1, 2017, the Company makes safe harbor and employer matching contributions, each equal to 100% of the participant's elective deferrals that do not exceed 5% of the participant's eligible compensation. Prior to January 1, 2017, the Company made safe harbor matching contributions equal to 200% of the participant's elective deferrals that did not exceed 5% of the participant's eligible compensation.

The Employer may contribute discretionary profit-sharing contributions, as defined in the Plan. There were no profit-sharing contributions for the years ended December 31, 2024 and 2023.

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

Participant Contributions

Participants may contribute up to 80% of pre-tax annual eligible compensation not exceeding the elective deferral limit allowed by law through salary deductions. Participants who have attained or will attain 50 years of age before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make Roth 401(k) deferrals and after-tax voluntary contributions. Participants may also roll over amounts from tax-qualified and other types of plans, as specified in the Plan document and Individual Retirement Accounts (IRA).

Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of the Plan's net investment earnings and losses. Participant accounts are charged for withdrawals and certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into various investment options offered by the Plan in 1% increments. Fund balances may be transferred between the funds at the discretion of the participant, without restriction. Participants may change their investment elections once every 30 days.

Vesting

Participants are 100% vested in safe harbor and employer matching contributions upon entering the Plan. For employer discretionary profit-sharing contributions, the participants are vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting (%)</u>
Less than 3	-
3 or more	100

Regardless of the vesting schedule, participants shall become fully vested upon death or permanent disability.

Participant account balances not yet vested at the time of the participant's termination of employment are forfeited and used to reduce future Company contributions. Forfeitures are restored to the contribution account of the participant if the individual becomes employed again by the Company before incurring five consecutive one-year breaks in service.

Notes Receivable from Participants

A participant may borrow from his or her vested account balance an amount that, when added to the participant's outstanding loan balances under the Plan, does not exceed the lesser of 50% of the participant's vested account balance as of the date the loan is made or \$50,000, less the excess of the highest outstanding loan balances (if any) that the participant had at any one time during the one-year period ending immediately before the date of the new loan under the Plan, over the

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

participant's outstanding loan balances under the Plan. The amount borrowed by the participant must be a minimum of \$1,000. Repayment terms range up to five years but can be up to ten years if the loan amount is used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions. All notes are secured by the assignment of up to 50% of the participant's vested account balance and bear interest based on a published prime rate plus 1%, as determined by the Plan administrator. Two notes may be outstanding at any one time. The notes are also subject to administrative and maintenance fees.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect one of several forms of payment (e.g., lump sum, annuity, etc.) to receive the vested balance of his or her account, as defined by the Plan document. Participants are also eligible for in-service withdrawals after attaining 59½ years of age. The Plan allows hardship withdrawals against the vested benefits of active employees. The Plan allows the participant to elect to have any portion of an eligible distribution paid directly to an eligible retirement plan specified by the participant as a direct rollover.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$35,203 and \$36,963, respectively. These amounts will be used to reduce future employer contributions, in accordance with the Plan document. During the years ended December 31, 2024 and 2023, \$23,788 and \$39,061, respectively, of forfeited account balances were used to fund employer contributions.

Uncashed Checks

Uncashed checks of benefit payments are restored to the forfeitures account after review by Plan management and are recorded as other income in the statements of changes in net assets available for benefits during the year.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The Plan follows the provisions of Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Under ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on the Plan participants' accounts on a daily basis and are not separately reflected in the financial statements. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the fair market value of investments on the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

Contributions Receivable

Participant contributions and any related safe harbor and employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as a distribution based on the terms of the Plan document. Fees charged by the trustee relating to notes receivable from participants are paid from the participants' accounts.

Administrative Expenses

Administrative expenses related to the Plan, other than processing fees for loans, investment advisory fees, and trustee fees, are paid by the Company. Expenses paid by the Company are not reflected in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard, a qualified institution.

4. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds - These funds are valued at unadjusted quoted prices, which represent the net asset value (NAV) of the shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust (CIT) - This asset is valued at the NAV of units held. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Advanced written notice of five business days is required for any Plan Sponsor-directed withdrawal exceeding \$1 million and advanced written notice of 30 business days is required for any Plan Sponsor-directed withdrawal of all or substantially all the Plan's investment in the fund. The CIT is a direct filing entity. There are no unfunded commitments related to the CIT as of December 31, 2024 and 2023.

Separate Account - This asset is valued at the accumulation unit value (AUV), which approximates fair value. The AUV is determined daily based on the NAV of shares of the underlying fund and the separate account charges (i.e., the daily asset charge). If there is no readily available market value,

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

the separate account's value is the fair market value of the amounts paid in the separate account as determined by Empower Annuity Insurance Company (EAIC) (formerly, Prudential Retirement Insurance and Annuity Company) using GAAP and applicable law. The valuation of the separate account is determined by EAIC on each valuation date. The separate account invests in a broadly diversified portfolio of fixed-income instruments. The Plan's investment in the separate account can be redeemed immediately at the current NAV per share. There are no unfunded commitments as of December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 144,607,511	\$ -	\$ -	\$ 144,607,511
Investments at NAV*				22,466,232
Total Investments, at fair value				\$ 167,073,743

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 126,298,952	\$ -	\$ -	\$ 126,298,952
Investments at NAV*				20,304,338
Total Investments, at fair value				\$ 146,603,290

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2024 and 2023. There were no transfers between levels during the years ended December 31, 2024 and 2023.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Vanguard, the trustee of the Plan. OneDigital Investment Advisors, LLC provides investment advisory services to the Plan. Additionally, certain employees and officers of the Company, who are also participants in the Plan, perform administrative services for the Plan at no cost. The Plan also issues loans to participants. Each of these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Tax Status

The Plan uses a pre-approved Plan document sponsored by The Vanguard Group. The Vanguard Group received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved Plan document, as then designed, satisfies the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Company believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state, and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the financial statements.

9. Subsequent Events

The Plan's management has evaluated subsequent events through August 18, 2025, the date the financial statements were available to be issued. Effective January 1, 2025, participants who will turn 60-63 during the year may make larger catch-up contributions based upon limits established by the SECURE Act 2.0 updates. Additionally, the Plan implemented the auto-portability provision under SECURE Act 2.0.

Effective July 1, 2025, the Plan was amended to remove the employer safe harbor match and the employer matching contribution features from the Plan and the Plan is no longer a Safe Harbor plan.

There were no other subsequent events requiring adjustments to the financial statements or disclosures herein.
