Independent Auditor's Report

To the Plan Administrator
Rycon Construction 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rycon Construction 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Rycon Construction 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a participant-directed defined contribution plan covering all eligible employees of Rycon Construction, Inc. (the “Company”) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the administrator of the Plan. The Plan’s trustee is Empower Trust Company, LLC (Formerly Great-West).

Contributions

Participating employees may contribute, as elective deferrals, a fixed dollar amount or any percentage of a dollar amount up to 100% of their compensation, subject to Internal Revenue Code limitations for the calendar year. There are two types of elective deferrals: pre-tax and Roth deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, eligible employees may also make rollover contributions from other qualified retirement plans.

Effective January 1, 2018, the Plan amended its auto-enrollment provision whereby all newly eligible employees are automatically enrolled at a 4% deferral rate in the Plan unless they affirmatively elect not to participate in the Plan.

The Company makes a matching contribution in an amount and allocation formula that is determined by the Company. The employer matching contribution for 2024 and 2023 is 50%, up to 4% of participant deferrals. The Company may make discretionary non-elective contributions as defined by the Plan. No employer non-elective contributions were authorized for the years ended December 31, 2024 and 2023.

Investment Options

Upon enrollment, participants may direct their elective contributions in any one of the allowable investment funds offered by the Plan. Participants may make changes in their investment elections at any time.

1. Plan Description (cont.)

Participant Accounts

Participant accounts are credited with the participant's contributions and an allocation of (a) the Company's matching contribution, (b) the Company's non-elective contribution, and (c) Plan earnings and administration expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant elective contributions and rollover amounts vest immediately, while employer matching and non-elective contributions vest to the participant in accordance with the following schedule:

<i>Period of Service</i>	<i>Percent Vested</i>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
Six or more years	100%

A participant's interest in the employer's contribution becomes 100% vested and distributable upon normal retirement, disability, or death.

Participant Loans

Plan loans are available only if the participant meets one of the 401(k) Safe Harbor hardship provisions described in federal Treasury regulations. The participant requesting a plan loan must have a minimum vested account balance of \$2,000 to be eligible.

The plan allows each participant to borrow against his or her account up to the lesser of the following amounts:

- \$50,000, or
- An amount equal to 50% of the participant's current account vested interest

The minimum loan amount is \$1,000 and a participant may only have one loan outstanding at any time. The period of repayment for any loan will be determined by mutual agreement between the plan administrator and the participant in accordance with the Plan. The term is limited to a maximum of 5 years. The interest rate is 2% over the published prime rate. Interest rates on loans outstanding range from 5.25% to 10.5% as of December 31, 2024 and 2023.

1. Plan Description (cont.)

Participant loans are valued at their outstanding balances, which approximates fair value.

Payment of Benefits

Upon termination of employment, a participant may elect to receive a lump sum distribution of his or her vested account. Distributions are also available under an installment arrangement; however, if the value of the participant's vested benefit does not exceed \$5,000, the Plan will distribute the entire amount to the participant.

Participants may keep their funds in the Plan after their normal retirement date, but must begin withdrawing once they reach age 73 unless they remain employed.

Additionally, a participant's vested benefit will be distributable upon the occurrence of any one of the following events: (a) death, (b) disability or (c) plan termination.

Participants may withdraw any part of their elective deferral account upon written notice of financial hardship as determined by the plan administrator. Participants are also eligible to receive in-service distributions.

Forfeited Accounts

Forfeitures may be used to pay plan expenses, reduce any non-elective contributions or reduce any matching contributions. Forfeitures from the Plan during 2024 and 2023 were \$162,771 and \$113,994, respectively. In 2024 and 2023, \$164,783 and \$112,475 of forfeitures were used by the Plan to reduce Company matching contributions and pay for Plan expenses. The balance remaining in the forfeiture account was \$19 at December 31, 2024 and \$2,031 at December 31, 2023.

Plan Expenses and Related Party Transactions

A portion of expenses incurred for administration of the Plan are paid by the Company.

Fees paid by the Plan to the Trustee for administrative and asset management fees totaled \$22,130 and \$5,364 for the years ended December 31, 2024 and 2023. Asset management fees are allocated proportionately to each participant, while loan/distribution fees are specifically charged to the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, including the collective investment trust, which holds indirect investments in fully benefit-responsive investment contracts. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of the investments within the Plan are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The change between years in the market value of investments and realized gains and losses through purchases and sales of investments are reflected as net (depreciation) appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and these differences could be material.

Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Certified Financial Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, dividend and interest income from mutual funds, dividend and interest income from collective trust fund, and interest from participant notes receivable for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (a qualified institution and the trustee of the Plan). The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

<i>December 31,</i>	2024	2023
Mutual funds	\$ 31,188,806	\$ 27,019,009
Stable value collective trust fund	1,171,261	1,289,812
Total investments at fair value	\$ 32,360,067	\$ 28,308,821
Participant loans	\$ 48,437	\$ 44,449
<i>Years Ended December 31,</i>	2024	2023
Dividend and interest income	\$ 1,207,214	\$ 913,277
Interest income from participant loans	\$ 4,613	\$ 2,004

The Plan's investments, including bought, sold, and held during the year appreciated in value as follows:

<i>Years ended December 31,</i>	2024	2023
Mutual funds	\$ 2,273,537	\$ 3,308,320
Net appreciation in fair value of investments	\$ 2,273,537	\$ 3,308,320

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The Plan applies the provisions of FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement and Disclosures*, (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices of securities in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly,

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2024 and 2023.

Stable Value Collective Trust Fund

The Putnam Stable Value Fund (Putnam) is the stable value collective trust fund available as an investment to the Plan. Putnam invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. Putnam also invests a high percentage of its assets in security-backed investment contracts, including separate account products of insurance companies.

Rycon Construction 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

4. Fair Value Measurements (cont.)

The Plan uses the net asset value (“NAV”) per share of the Putnam fund provided by the trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the Putnam fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Putnam fund, the trustee reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Putnam fund’s units are issued and redeemed daily at the constant NAV of \$1 per unit. The fund’s investment objective is stability of principal and high current income.

The valuation methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan investment assets and investment liabilities at fair value as of December 31, 2024 and 2023. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan had no material financial liabilities as of December 31, 2024 and 2023.

Investment Assets at Fair Value as of December 31, 2024

4. Fair Value Measurements (cont.)

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

There are no restrictions in place as of December 31, 2024 and 2023 with respect to the daily redemption of Plan investments. There are no unfunded commitments at December 31, 2024 and 2023.

The following table reflects concentrations of individual investments within the plan that were equal to or greater than 10% of the total plan assets:

<i>December 31,</i>	2024	2023
Vanguard 500 Index Admiral	15%	15%

5. Plan Termination

The Plan sponsor believes that the existence of the Plan is in the best interest of its employees and has no intention of discontinuing it. However, in the event of plan termination, all balances in the participants' accounts will become fully vested and will be distributed as soon as practicable.

6. Income Tax Status

The Plan adopted a 401(k) prototype plan document of Empower Retirement LLC. The Internal Revenue Service (IRS) issued an opinion letter on the Plan document dated November 14, 2022 stating that the form of the prototype plan was acceptable under Section 401 of the Internal Revenue Code for use by adopting employers, and that an employer adopting the Plan could rely on the opinion letter with respect to the qualification of the Plan under Section 401(a) of the Internal Revenue Code. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the relevant taxing authority. Management has determined that no provision for income taxes is required to be reflected in the accompanying financial statements.

7. Terminated Participants

As of December 31, 2024 and 2023, there were 140 and 113 terminated participants who had not withdrawn their account balances totaling \$5,625,570 and \$5,760,497, respectively.

8. Subsequent Events

Subsequent events have been evaluated through August 22, 2025. Management did not identify any events requiring recording in or disclosure to the financial statements as of and for the year ended December 31, 2024.
