Independent Auditor's Report

**To the Trustees of
Rollease Acmeda, Inc.
401(k) Profit Sharing Plan & Trust
Stamford, Connecticut**

Scope and Nature of ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of Rollease Acmeda, Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rollease Acmeda, Inc. 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rollease Acmeda, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rollease Acmeda, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rollease Acmeda, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rollease Acmeda, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note A - Description of the Plan

The following description of the Rollease Acmeda, Inc. (the “Company”) 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a salary deferral defined contribution plan established effective January 1, 1993, and amended and restated effective January 1, 2024. The Plan covers all eligible employees of Rollease Acmeda, Inc. All employees of the Company are eligible to participate once they complete one (1) month of service. All eligible employees hired on or after July 1, 2013 will be automatically enrolled in the Plan. If the automatic enrollment provision applies to an employee, for the years 2024 and 2023 the Plan will automatically withhold 6% of their compensation and contribute that amount to the Plan as a salary deferral. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the Plan’s named fiduciary and plan administrator. Fidelity Workplace Services LLC is the record keeper and Fidelity Management Trust Company (“Fidelity”) is the custodian of the Plan. Angell Pension Group is the TPA. Fidelity prepares statements for participants, which include amounts of contributions, investment income, disbursements and fair value of investments. Angell Pension calculates distributions in the event of a participant’s termination of employment.

Contributions

Participant’s salary reduction election:

The Plan allows each participant to defer up to 100% of their annual qualified compensation as defined in the Plan document and is subject to Internal Revenue Code (“IRC”) restrictions. In accordance with the IRC, participant contributions were limited to \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively, and remain subject to periodic adjustments by the Internal Revenue Service. Participants have the option of making either 401(k) elective deferral contributions or designating some or all as Roth elective deferral contributions. Participants who will reach age 50 by the end of 2024 are eligible to make additional catch-up contributions of up to \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer matching contribution:

Effective January 1, 2024, the Company may make a qualified safe harbor matching employer contribution of 100% of the first 3% of compensation and 50% of the next 2% of compensation. For 2023, the company matched 50% of the first 4% of compensation. The Company’s matching contribution to the Plan for the years ended December 31, 2024 and 2023 was \$371,778 and \$144,561, respectively.

Note A - Description of the Plan (continued)

Contributions (continued)

Nonelective employer contribution:

The Company may make a discretionary nonelective employer contribution. Participants are eligible if they are employed on the last day of the plan year and have completed 1,000 hours of service. The Company did not make a discretionary nonelective employer contribution to the Plan for the years ended December 31, 2024 and 2023.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's discretionary nonelective employer contribution portion of participants' accounts plus actual earnings thereon is based on years of continuous service and follows the following vesting schedule: a participant is 33% vested after one (1) year, 66% after two (2) years and 100% vested after three (3) years of service. Effective January 1, 2024, the safe harbor matching contribution was added to the Plan. The safe harbor matching contributions plus actual earnings thereon are immediately 100% vested.

Participant accounts

Each participant's account is credited with the participant's deferrals and the Company's matching contribution and Plan earnings. Plan contributions are participant directed and are invested in one or more investment vehicles available to participants under the Plan. Earnings and losses are determined by individual investment vehicle performance.

Investment options

Upon enrollment in the Plan, a participant may direct employee contributions and employer discretionary contributions in any whole percent increments in any of the various investment options available by the Plan. Participants may change their investment options on a daily basis.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of the non-forfeitable accrued benefit of the participant under the Plan. Loan terms range from 1-5 years, unless the proceeds are used for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 1% over the prime interest rate. No loan in an amount less than \$1,000 will be made nor will a loan be made if a prior loan is outstanding. Principal and interest are paid ratably through payroll deductions.

Note A - Description of the Plan (continued)

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with IRS regulations. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship withdrawals

Participants may elect, subject to specific circumstances as defined in the Plan document, to receive all or part of elective deferral contributions (not earnings) for immediate and severe financial need.

Forfeitures

If excess 401(k) elective deferral contributions are refunded to a participant, any matching contributions will be forfeited. If the participant is a highly paid employee, the law may limit their contributions and the Company's matching contributions. If 401(k) elective deferral contributions are refunded to a highly paid employee, any matching contributions made because of these 401(k) elective deferral contributions will be forfeited. Matching contributions which are forfeited because of these limits may reduce the Company's future contributions or may be used to pay administrative expenses. Forfeited non-vested accounts totaled \$458 and \$2,751 at December 31, 2024 and 2023, respectively. These accounts may be used to pay for the administrative expenses of the Plan, or to reduce Employer's matching contributions. During the years ended December 31, 2024 and 2023, \$7,145 and \$14,667 in forfeitures were used, respectively for matching contributions.

Note B - Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Plan expenses

The Company has elected to charge administrative fees to the Plan's trust and all other expenses are paid by the Company.

Payment of benefits

Benefits are recorded when paid.

ROLLEASE ACMEDA, INC.
401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note B - Significant Accounting Policies (continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Employee and employer contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

Investment valuation and income recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as held during the year.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participant is recorded when earned. No allowance for loan losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. During the year ended December 31, 2023, payments were received for a loan previously reclassified as a distribution. The outstanding principal balance and corresponding accrued interest for this loan were included in the participant loans in the amount of \$28,566 and \$26,881 for the years ended December 31, 2024 and 2023, respectively.

Note C - Fair Value Measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 inputs: Valuation based on quoted prices in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date, and where transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

ROLLEASE ACMEDA, INC.
401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note C - Fair Value Measurements (continued)

Level 2 inputs: Valuation based on inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, that is markets in which there are few transactions, prices are not current, or prices vary substantially over time.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs: Valuation based on inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies

The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Common/Collective Trusts

The Plan included investment options to participants in several Wilmington Trust, N.A. Collective Investment Funds, which invest in fully benefit-responsive investment contracts that are stated at net asset value, which approximates fair value. The redemption frequency for these funds was daily with a one day redemption notice period. There were no unfunded commitments as of December 31, 2024. Plan level liquidations could take up to 12 months.

Note D - Certified Financial Information (Unaudited)

The plan administrator having determined it is permissible in the circumstances, has elected to have the audit of Rollease Acmeda, Inc. 401(k) Profit Sharing Plan & Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to extend audit procedures to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Dividends and interest	432,201	173,372
Net investment income	<u>\$ 1,530,461</u>	<u>\$ 1,542,018</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full termination, partial termination, or the complete discontinuance of contributions by the Company, all amounts credited to the affected participants' combined accounts shall become 100% vested.

Note F - Related Party Transactions

Certain Plan investments are managed by Fidelity, the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Participant loans are also considered party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note G - Tax Status

The Internal Revenue Service has determined and informed Fidelity Management Trust Company by a letter dated June 30, 2020 that Fidelity's prototype plan, which has been adopted by the Company as of January 1, 2022 is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the advisory letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note H - Risk and Uncertainties

The Plan provides the participant with options of investing in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Note I - Subsequent Events

Management has evaluated subsequent events through July 21, 2025, the date on which the financial statements were available to be issued.
