## Report of Independent Auditors

Plan Management and BWXT Employee Benefits Committee  
NOG-E Hourly Employees' Savings Plan

### Scope and Nature of the Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the NOG-E Hourly Employees' Savings Plan (the "Plan"), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for plan benefits (liquidation basis) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for plan benefits (liquidation basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States ("GAAP").

**BPS**

Tax / Assurance / Consulting

Plan Management and BWXT Employee Benefits Committee  
NOG-E Hourly Employees' Savings Plan

### **Opinion on the Financial Statements (continued)**

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Emphasis of Matter – Merger of Plan and Liquidation Basis of Accounting**

As described in Note 1 to the financial statements, the Plan sponsor approved a process to merge the Plan into the BWXT Thrift Plan at December 31, 2024, at which time management determined liquidation was imminent. As a result, the Plan changed its basis of accounting from the going concern basis to the liquidation basis effective January 1, 2024. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

---

Plan Management and BWXT Employee Benefits Committee  
NOG-E Hourly Employees' Savings Plan

### **Responsibilities of Management for the Financial Statements (continued)**

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

**BPS**

Tax / Assurance / Consulting

Plan Management and BWXT Employee Benefits Committee  
NOG-E Hourly Employees' Savings Plan

**Auditors' Responsibilities for the Audit of the Financial Statements (continued)**

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024**

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the NOG-E Hourly Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more detailed information or to the official plan documents for complete information.

**General**

The Plan, established on December 24, 1990, amended and restated January 1, 2021, is sponsored by BWXT Nuclear Operations Group, Inc. (the "Plan Sponsor" or "Company"), a wholly owned subsidiary of BWX Technologies, Inc. ("BWXT"), the ultimate parent of the Plan Sponsor.

The Plan is a defined contribution plan administered by the BWXT Employee Benefits Committee (the "Committee") as appointed by the Board of Directors of the Company. Recordkeeping and investment management of certain investment funds (as selected by the Committee) are the responsibility of The Vanguard Group, Inc. ("Vanguard"). The Plan also offers investment in funds managed by Carillon Tower Advisers, Inc., Diamond Hill Capital Management, GQG Partners LLC, EARNEST Partners, LLC, William Blair & Company, LLC, and Allspring Global Investments. Vanguard Fiduciary Trust Company ("VFTC" or the "Trustee"), a wholly owned subsidiary of Vanguard, is the trustee of the trust that holds the assets of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Plan Merger**

At 11:59:59PM on December 31, 2024 with effect from 12:00:00AM on January 1, 2025, the Plan was merged into the BWXT Thrift Plan in accordance with plan documents approved by the Plan Sponsor and governing bodies, and via an Instrument of Plan Merger. The combined plan was renamed the BWXT Retirement Savings Plan. The merger was completed in accordance with Internal Revenue Code ("IRC") and ERISA requirements. As a result of the merger, all assets, liabilities, and participant account balances of the Plan were transferred into the BWXT Thrift Plan, making it the legal successor. The transfer was accounted for as a net asset transfer. On December 31, 2024, the Plan transferred total assets of \$21,402,346. The merger did not result in material changes to the BWXT Thrift Plan's terms or provisions. The BWXT Thrift Plan is currently governed by an Instrument of the firm, which was last amended and restated effective January 1, 2022. BWXT retains the right to amend the BWXT Thrift Plan as permitted by applicable laws, including the ERISA and IRC provisions governing Section 401(a) tax-qualified plans.

As the financial statements contemplate certain liquidation presentation requirements, the realization of assets and settlement of liabilities aligns to the plan termination date rather than on a going-concern basis.

**Eligibility**

All hourly employees of the Plan Sponsor's Euclid, OH facility who are covered by a collective bargaining agreement with the United Auto Workers Union (the "Union") who have completed three months of continuous service are eligible to participate in the Plan.

**Contributions**

A participant may elect to make pre-tax contributions to the Plan in an amount ranging from 1% to 25% of the participant's compensation up to the limit on includable compensation established annually by the Internal Revenue Service ("IRS").

Participants who are age 50 and older are allowed to make certain additional contributions above these normal limits. Effective January 1, 2024, the Plan was amended to permit a participant to make contributions to the Plan on a Roth-deferral basis. New employees are automatically enrolled in the Plan at a deferral rate of 3%, which is automatically increased by 1% in March of each calendar year, thereafter up to a maximum deferral of 15%, with an option to opt out of contributing to the Plan or to contribute at a different rate at any time. Rollover contributions from other plans are also accepted provided certain specified conditions are met.

Employees may also make voluntary after-tax contributions of up to an additional 25% of the participant's compensation. Highly compensated employees may only make after-tax contributions up to 4% of their plan compensation.

The Company makes a matching contribution equal to 100% of each dollar of pre-tax contributions up to 3% of plan compensation, as defined. Additionally, effective January 1, 2024, the Plan was amended to permit Company matching contributions equal to 100% of each dollar of Roth contributions up to 3% of plan compensation. Pursuant to a collective bargaining agreement between the Company and the Union, the Plan has been amended to provide service-based employer profit-sharing contributions for hourly employees hired after May 17, 2015 at rates ranging from 3% to 8% of plan compensation.

### **Participants' Accounts**

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and investment gains. Each participant's account is charged with withdrawals, investment losses and administrative expenses. Allocations are based on participant earnings, account balances or transaction activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### **Vesting**

All participants are 100% vested in elective deferrals and rollover contributions made to the Plan. Effective January 1, 2024, the Plan was amended to reflect a modified vesting schedule for Company and matching contributions of 30% after 1 year of service, 60% after 2 years of service, and 100% after 3 years of service, applicable to participants with a separation date on or after May 17, 2023. For participants with a separation date prior to May 17, 2023, the previous 5-year graded vesting schedule remains applicable for Company and matching contributions. Participants fully vest in Company contributions and earnings thereon at death or disability.

### **Notes Receivable from Participants**

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their vested accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Participants may have only one loan outstanding at any one time.

The loans are secured by the balance in the participants' accounts and bear interest at a prevailing interest rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

### **Forfeitures**

Forfeitures due to termination of employment before a participant is 100% vested and uncashed check forfeitures are used to reduce future employer contributions or to defray reasonable Plan expenses. Unallocated forfeited accounts totaled \$0 and \$12,432 at December 31, 2024 and 2023, respectively. During the years ended December 31, 2024 and 2023, \$1,488 and \$0, respectively, of forfeitures were used to offset plan administrative expenses. During the years ended December 31, 2024 and 2023, \$32,338 and \$38,455, respectively, of forfeitures were used to offset employer contributions.

## **Withdrawals and Distributions**

Participants may elect in-service withdrawals of all or part of the value of the vested portion of their individual account attributable to Employer contributions. Rollover and after-tax contributions and earnings thereon may be distributed at any time upon request. Withdrawals may subject the participant to certain suspension periods during which contributions may not be made. Withdrawals of pre-tax contributions and vested employer contributions may be requested on financial hardship or after attainment of age 59 ½. Financial hardship withdrawals may only be taken from employee pre-tax contributions and vested employer matching and profit-sharing contributions.

Upon termination of service for any reason and including death, disability, or retirement, a participant may elect to receive the vested value of his or her account as a lump-sum distribution, or to roll over the funds to an IRA or other qualified plan.

## **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to amend, terminate or otherwise modify the Plan at any time, subject to the provisions of ERISA, solely at the discretion of the Board of Directors of the Company. In the event of plan termination, participants will immediately become 100% vested in the Company contribution portion of their accounts.

As of the current plan year-end, while the Plan has not formally terminated, all assets were merged as discussed above.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the U.S. ("GAAP").

### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Among the most significant estimates in the financial statements are the fair values of certain investments without actively quoted market prices. Actual results could differ from those estimates, and those differences could be material.

### **Risks and Uncertainties**

The Plan provides for various investment options, including mutual funds and collective trust funds. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan. The collective trust funds are stated at fair value as determined by the issuer of the collective trust funds using NAV as a practical expedient based on the fair market value of the underlying investments.

In the Statements of Changes in Net Assets Available for Benefits (Liquidation Basis), the Plan presents the net appreciation in the fair value of its investments which consists of the realized gains or losses on the sale of investments and the unrealized appreciation of those investments.

Management fees and operating expenses charged for investments in the mutual funds and collective trust funds are embedded in their trading prices and are not separately reflected. Consequently, management fees and operating fees are reflected as a reduction of investment return for such investments within the line described as net appreciation in the fair value of investments.

Purchases and sales of securities are recorded on a trade date basis; interest income is recorded on the accrual basis; dividends are recorded as income on the ex-dividend date; and capital gain distributions are included in dividend income.

### **Contributions**

Employee contributions and Employer contributions are remitted to the Trustee shortly after each pay period. Contributions receivable as of December 31, when applicable, represent contributions withheld from employees and due from the employer that were not remitted to the Trustee until shortly after December 31. As of December 31, 2024 and 2023, there were no contributions receivable.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, and are excluded from investments in the fair value tables in Note 3, as all receivables are recognized at their net realizable value for distribution on the transfer date. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. Delinquent notes receivable are reclassified as benefits paid based upon the terms of the Plan document. The Plan held no notes receivable from participants at December 31, 2024.

### **Payment of Benefits**

Benefits are recorded when paid and are based on the fair value of the respective funds at the effective date of the withdrawal.

### **Administrative Fees and Investment Expenses**

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor as provided in the Plan document. Administrative expenses reported in these statements reflect only those expenses paid by the Plan and its participants, and may include recordkeeping and other participant-initiated, transaction-based fees.

### **Evaluation of Subsequent Events**

The plan administrator has evaluated subsequent events through August 20, 2025, which is the date the financial statements were available to be issued, for their impact on amounts recorded and related disclosures, and has incorporated the related effects as appropriate.

### **NOTE 3 - FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also expands the disclosure requirements around fair value and establishes a hierarchy for valuation inputs that emphasizes the use of observable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Categorization of instruments within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs are based on unadjusted quoted prices for identical instruments traded in active markets.
- Level 2 Inputs are based on unadjusted quoted prices for similar instruments in active markets or identical instruments in inactive markets and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the asset or liability.
- Level 3 Inputs are generally unobservable and typically reflect estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are usually determined using model-based techniques that include option pricing models, discounted cash flow models and similar valuation techniques.

Following is a description of the primary valuation methodologies used to measure the fair value of each class of Plan assets:

- Registered investment companies (mutual funds):* Valued at the NAV of shares held by the plan as evidenced on national trading exchanges.
- Common / collective trust funds:* Valued by the fund manager using the NAV of units as the practical expedient for fair value based upon the market value of the underlying investments. The fund holders have the ability to redeem their investment in the underlying fund at NAV per unit at the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Fair Value Measurements

The Plan held no investments at fair value at December 31, 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 3,028,393	\$ 3,028,393	\$ —	\$ —
Money market fund	12,432	12,432	—	—
Total assets in the fair value hierarchy	3,040,825	\$ 3,040,825	\$ —	\$ —
Investments measured at NAV:				
Common / collective trust funds (a)	16,174,511			
Total investments at fair value	\$ 19,215,336			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits (Liquidation Basis).

There were no transfers of investments between Levels in 2024 and 2023.

The common / collective trusts had no unfunded commitments, and redemptions initiated by participants may occur daily. These funds are primarily target date funds, with the equity / debt mix of investments held becoming more conservative at the direction of the fund manager over the course of time as the target retirement year approaches. The Retirement Income Trust primarily comprises fixed income securities. Other common / collective trusts comprise primarily diversified equity securities. There is a 12-month redemption notice period for the stable value common / collective trust fund as a whole.

#### **NOTE 4 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)**

The Plan administrative committee has elected the Section 103(a)(3)(c) audit method of annual reporting compliance permitted by the provisions of 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All financial data included in the financial statements and their accompanying notes relating to investments, net appreciation in fair value of investments, interest, dividends and interest on participant loans was obtained from the information certified as complete and accurate by the Trustee.

#### **NOTE 5 - TAX STATUS**

The Plan is a non-standardized pre-approved profit sharing plan with CODA, provided by The Vanguard Group, designed to be in compliance with the applicable requirements of the IRC. The IRS has determined and informed The Vanguard Group by a letter dated June 30, 2020, that the pre-approved plan, as then designed, was in accordance with applicable sections of the IRC. Although the pre-approved plan has been amended since June 30, 2020, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, that the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate all tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

#### **NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Participants in the Plan invest in shares of mutual funds and common / collective trust funds managed by an affiliate of VFTC. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules defined by ERISA. Participant loans also qualify as exempt party-in-interest transactions. The Company also provides administrative services to the Plan and may pay certain administrative expenses of the Plan with no reimbursement from the Plan.
