### Independent Auditors' Report

Plan Administrator  
Oberlin College Defined Contribution and Tax  
Deferred Annuity Retirement Plan  
Oberlin, Ohio

#### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We were engaged to perform audits of the financial statements of Oberlin College Defined Contribution and Tax Deferred Annuity Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

#### **Disclaimer of Opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

#### **Basis for Disclaimer of Opinion**

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions is not reasonably determinable. Accounting principles generally accepted in the United States of America ("GAAP") require that these accounts and the related income and distributions be included in the accompanying financial statements.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audits of the Financial Statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not, express an opinion on this supplemental schedule.

OBERLIN COLLEGE DEFINED CONTRIBUTION AND TAX  
DEFERRED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

**Note 1. Description of Plan**

The following is a summary of certain provisions of the Oberlin College Defined Contribution and Tax Deferred Annuity Retirement Plan (the "Plan"), a 403(b) defined contribution and tax-deferred annuity plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**Participation**

Employees of Oberlin College (the "College") are immediately eligible to participate in the Plan. Employees who are students are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

**Contributions**

Participants may elect to contribute a portion of their eligible compensation to the Plan on a pre-tax or Roth basis subject to certain limitations. Employees must complete one year with at least 1,000 hours of service and attain age 26, as defined in the Plan agreement, before they are eligible to receive matching contributions from the College. There were no matching contributions made during the year ended December 31, 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The College also provides a non-elective contribution to eligible employees using formulas based on a participant's age, eligible compensation, years of service, and job classification in accordance with the Plan agreement.

**Participants' Accounts**

Teachers Insurance & Annuity Association of America and College Retirement Equities Fund (together "TIAA-CREF", the Trustee) and Ameriprise Trust Company, and RiverSource Life Insurance Company (together "RiverSource", the Custodian), of the Plan, maintain individual accounts for each participant. Each participant's account is credited with the participant's contributions, the College's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Vesting**

Participants are immediately 100% vested in all contributions and earnings thereon.

**Notes Receivable From Participants**

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, subject to further limitations from TIAA annuity funds as defined in the Plan document. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with current interest rates at the time of origination. Principal and interest is paid ratably through direct payments by participants.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**Note 1. Description of Plan (Continued)**

**Plan Loans**

Prior to June 1, 2021, participants could borrow from TIAA-CREF using a portion of their Plan accounts as security for the loan. Effective June 2021, TIAA no longer provides new loans to Plan participants. The amount of the loans cannot exceed \$50,000 or 50% of the participant's vested balance. Interest is charged based on the prevailing rate at the time of the loan. These participant loans from TIAA-CREF funds are administered by TIAA-CREF and are transacted outside the Plan. These loans are not included in the Plan's assets. At December 31, 2024 and 2023, these loan balances of \$74,466 and \$156,620, respectively, were secured by Plan assets in the borrowing participants' accounts at 110% of the loan amount. As these loans are repaid, the collateral balance is reduced accordingly. Outstanding loans will be repaid to TIAA-CREF upon the termination, retirement, or death of the participant.

In the event of default, such loans are reportable to the Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. During the year ended December 31, 2024, no loans went into default. As of December 31, 2024 and 2023, loans in default amounted to \$20,547 and \$21,465, respectively. The TIAA-CREF loan collateral amounts previously stated, remain in the Plan related to defaulted loans of active participants at December 31, 2024 and 2023, respectively. Such amounts include the principal and accumulated interest.

**Payment of Benefits**

Upon attainment of age 59½ or termination of service due to death, permanent disability, retirement, or separation, a participant is entitled to receive a distribution of his or her account balance in the form of a lump-sum payment, installment payments or an annuity contract. Participants are also permitted to receive a distribution from funds in their account prior to termination of employment if they experience financial hardship.

**Termination Provision**

Although it has not expressed any intent to do so, the College has the right to amend, modify, suspend, or terminate the Plan at any time by an action of its Board of Trustees subject to the provisions of ERISA. No amendment, modification, suspension, or termination of the Plan shall have the effect of allowing any amounts then held under the Plan to be used or diverted to any purpose other than for the exclusive benefit of participants or their beneficiaries. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**Note 2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The financial statements of the Plan do not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's ("DOL") Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the College has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The College's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

OBERLIN COLLEGE DEFINED CONTRIBUTION AND TAX  
DEFERRED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**Note 2. Summary of Significant Accounting Policies (Continued)**

**Notes Receivable From Participants**

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

**Payment of Benefits**

Benefits are recorded when paid by the Plan.

**Administrative Expenses**

Administrative expenses are paid for by the College or the Plan, at the College's discretion, or are offset with revenue sharing payments received by the Plan from investment fund managers.

To discourage short-term trading and help protect the long-term value of certain funds, the Plan charges a redemption fee equal to 2% of money transferred out of certain funds less than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

The Plan has entered into a contract with TIAA-CREF that returns to the Plan, as a Plan asset, revenue that exceeds the amount required to operate the Plan. Revenue sharing credits of \$228,904 were earned by the Plan during the year ended December 31, 2024. Revenue sharing credits may be used either to (i) pay direct, reasonable, and necessary expenses of the Plan which the Plan is allowed to pay or (ii) provide benefits for Plan participants and beneficiaries in the form of revenue credits.

The College reviews the revenue sharing credits to ensure appropriate usage and will maintain a process for ensuring that revenue sharing credits are disbursed in a timely manner. The unused and unallocated balance at December 31, 2024 and 2023 was \$67,729 and \$186,942, respectively. During 2024, \$250,000 was allocated to participants and \$111,467 was used to pay expenses.

**Subsequent Events**

The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, August 12, 2025.

OBERLIN COLLEGE DEFINED CONTRIBUTION AND TAX  
DEFERRED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**Note 3. Fair Value Measurements**

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market data exists.

The following is a description of the valuation methodologies used for investments of the Plan measured at fair value:

- Non benefit-responsive ("NBR") investment contracts are reported at estimated fair value as determined by TIAA based upon the individual purchases and sales of individual contracts and the correlation between the contracts' crediting rate with the highest quality debt security yields, adjusted for contract liquidity. These are classified as Level 3 inputs.
- The TIAA Real Estate Account's value is principally derived from the market value appraisals of the underlying real estate holdings or other real estate-related investments. This pooled separate account is valued at fair value using the net asset value ("NAV") per share (or its equivalent) as a practical expedient; therefore, it has not been classified in the fair value hierarchy.
- The RiverSource contracts are individual annuity contracts whose underlying investments consist of equity securities and fixed income instruments, which have quoted prices in active markets. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund. These are classified as Level 2 inputs.
- Included in registered investment companies are funds which are based on market quotations or prices from independent pricing services and are classified as Level 1 inputs. Also included are various TIAA-CREF funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. These are classified as Level 2 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2023 to 2024. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 3. Fair Value Measurements (Continued)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan's Level 3 asset had interest and dividend income of \$1,660,295, unrealized gains of \$984,147, and realized gains of \$2,812,975 for the year ended December 31, 2024. Additionally, the Plan's Level 3 asset had \$3,067,290 of purchases and \$7,692,578 of sales for the year ended December 31, 2024. The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

**Note 4. Unaudited Information**

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, management received certifications from the Teachers Insurance & Annuity Association of America and College Retirement Equities Fund, and Ameriprise Trust Company, and RiverSource Life Insurance Company acknowledging the completeness and accuracy of all investments and notes receivable reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2024, the supplemental schedule as of December 31, 2024, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

**Note 5. Guaranteed Investment Contracts**

The Plan has guaranteed investment contracts with TIAA-CREF, portions of which are considered to be benefit-responsive. Contributions are maintained by TIAA-CREF in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA-CREF votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because portions of the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for these portions of the net assets available for benefits attributable to the guaranteed investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in these funds at contract value. Portions not considered to be benefit-responsive are reported at fair value.

OBERLIN COLLEGE DEFINED CONTRIBUTION AND TAX  
DEFERRED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**Note 5. Guaranteed Investment Contracts (Continued)**

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

**Note 6. Tax Status**

The College has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated August 7, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

**Note 7. Party-in-Interest Transactions**

Certain Plan assets are held in a pooled separate account, guaranteed annuity contracts, variable annuity contracts, and registered investment companies managed by the investment issuer and custodians or their affiliates. Administrative expenses, which are not material to the Plan's financial statements, were paid by the Plan to the investment issuer, custodians, and their affiliates during 2024. These transactions qualify as party-in-interest transactions.

Certain employees of the College are performing services to the Plan and are not compensated by the Plan. Certain other expenses of the Plan are paid by the College.

**Note 8. Risks and Uncertainties**

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
