Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Texas Roadhouse Salaried Employees 401K Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEXAS ROADHOUSE SALARIED EMPLOYEES 401K PROFIT SHARING PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Texas Roadhouse Salaried Employees 401K Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-highly compensated employees of Texas Roadhouse, Inc. (the Sponsor and Plan Administrator) as defined in Section 414(a) of the Internal Revenue Code (IRC). The Plan was established January 1, 2001 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Contributions

All full-time employees who are at least 18 years of age, except highly compensated employees and non-resident aliens, are eligible to participate in the Plan. Additionally, all temporary, part-time, intern, and seasonal employees are eligible to participate in the Plan upon meeting certain employment qualifications as defined in the Plan agreement. The Plan is funded by employee and employer contributions. Employees are entitled to make their contributions through a salary reduction program subject to limits set by federal law. The Plan provides automatic enrollment of employees after 30 days of employment, unless the employee elects not to participate in the Plan. Upon automatic enrollment, 4% of the participant's compensation is contributed to the Plan. Employees that are automatically enrolled will have their contribution percentage rate annually increased by 1% up to a maximum of 10%, unless the employee elects otherwise.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also accepts rollover contributions and allows certain after-tax (Roth) deferral contributions. In addition, the Plan allows discretionary employer contributions. There was a total of \$10,511,961 of discretionary employer matching contributions for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% increments to any of several investment options offered by the Plan. Participants may change their investment options at their discretion.

1. Description of the Plan, continued

Vesting

Participants are immediately vested in their contributions, plus actual earnings (losses) thereon. Vesting in the Sponsor's discretionary contribution portion of their accounts, plus actual earnings (losses) thereon, is based on years of continuous service. A participant vests 0% for the first two years of service and is 100% vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive either a lump sum distribution or a direct rollover to another qualified plan equal to the value of the participant's vested account. If a participant has more than \$7,000 in their account upon termination, they may elect to keep their account in the Plan indefinitely. Prior to termination, participants can elect to take a distribution in the event of certain hardships as defined by the Plan.

The Plan requires automatic distributions to any terminated participant with a balance of less than \$7,000 that has not reached the normal age of retirement. Participants with a balance of less than \$1,000 will receive a lump sum distribution in the form of a check and those with a balance between \$1,000 and \$7,000 will be rolled over into an individual retirement plan designated by the Plan Administrator.

Forfeited Accounts

Forfeited accounts can be used to offset employer contributions or reduce administrative expenses. At December 31, 2024 and 2023, there were \$255,983 and \$131,776 in forfeited accounts, respectively. During the year ended December 31, 2024, \$108,941 of forfeitures were used to reduce the Plan Sponsor's contributions. Forfeited participant balances during 2024 totaled \$228,079.

Administrative Expenses

The Plan is responsible for its administrative expenses unless paid by the Sponsor.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

TEXAS ROADHOUSE SALARIED EMPLOYEES 401K PROFIT SHARING PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions

Contributions from employees and the discretionary employer matching contributions are recorded in the year in which employee compensation is earned.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through August 12, 2025, which was the date at which the financial statements were available to be issued.

3. Information Certified or Provided by Fidelity Management Trust Company

The Plan's investment information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that investment information provided to the Plan Administrator by Fidelity related to the investment information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note and which appears throughout the financial statements and the supplemental schedule.

3. Information Certified or Provided by Fidelity Management Trust Company, continued

The following table presents the fair value of investments in the Plan that were certified by Fidelity.

	<u>2024</u>	<u>2023</u>
Mutual funds	\$146,671,436	\$109,695,361
Money market funds	1,288,654	1,163,933
Self-directed brokerage accounts	<u>677,708</u>	<u>391,824</u>
Total investments	<u>\$148,637,798</u>	<u>\$111,251,118</u>

Fidelity also certified the completeness and accuracy of \$13,090,213 of net realized and unrealized appreciation in the fair value of the investments and \$4,247,669 of interest and dividends related to the investments for the year ended December 31, 2024.

4. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at cost which approximates fair value.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

There have been no changes in valuation methodologies used in December 31, 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TEXAS ROADHOUSE SALARIED EMPLOYEES 401K PROFIT SHARING PLAN

Notes to the Financial Statements, continued

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
<u>2024</u>				
Investments measured at fair value:				
Mutual funds	\$146,671,436	\$ -	\$ -	\$146,671,436
Money market funds	1,288,654	-	-	1,288,654
Self-directed brokerage accounts	677,708	-	-	677,708
Total investments at fair value	\$148,637,798	\$ -	\$ -	\$148,637,798

<u>2023</u>				
Investments measured at fair value:				
Mutual funds	\$109,695,361	\$ -	\$ -	\$109,695,361
Money market funds	1,163,933	-	-	1,163,933
Self-directed brokerage accounts	391,824	-	-	391,824
Total investments at fair value	\$111,251,118	\$ -	\$ -	\$111,251,118

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of Level 3.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest. Administrative expenses for the year ended December 31, 2024, are comprised of \$30,214 of fees paid by the Plan to Fidelity for recordkeeping services and \$41,490 of fees paid by the Plan to its investment advisor.

Additionally, indirect fees are paid to Fidelity based on investment account values. These fees range from 0.04% to 0.83% of the investment account value. The fees decrease net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

TEXAS ROADHOUSE SALARIED EMPLOYEES 401K PROFIT SHARING PLAN

Notes to the Financial Statements, continued

6. Tax Status

The Plan uses a prototype Plan document sponsored by Fidelity. Fidelity received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020 which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Reconciliation to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31 is as follows:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$159,581,976	\$120,429,398
Differences in:		
Employer receivable	<u>(10,670,047)</u>	<u>(8,932,154)</u>
Net assets per Form 5500	<u>\$148,911,929</u>	<u>\$111,497,244</u>

A reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31, 2024 is as follows:

Net increase in net assets available for benefits for the financial statements	\$ 39,152,578
Employer contribution receivables:	
Plus beginning of year balance	8,932,154
Less end of year balance	<u>(10,670,047)</u>

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Texas Roadhouse Salaried Employees 401K Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEXAS ROADHOUSE SALARIED EMPLOYEES 401K PROFIT SHARING PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Texas Roadhouse Salaried Employees 401K Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-highly compensated employees of Texas Roadhouse, Inc. (the Sponsor and Plan Administrator) as defined in Section 414(a) of the Internal Revenue Code (IRC). The Plan was established January 1, 2001 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Contributions

All full-time employees who are at least 18 years of age, except highly compensated employees and non-resident aliens, are eligible to participate in the Plan. Additionally, all temporary, part-time, intern, and seasonal employees are eligible to participate in the Plan upon meeting certain employment qualifications as defined in the Plan agreement. The Plan is funded by employee and employer contributions. Employees are entitled to make their contributions through a salary reduction program subject to limits set by federal law. The Plan provides automatic enrollment of employees after 30 days of employment, unless the employee elects not to participate in the Plan. Upon automatic enrollment, 4% of the participant's compensation is contributed to the Plan. Employees that are automatically enrolled will have their contribution percentage rate annually increased by 1% up to a maximum of 10%, unless the employee elects otherwise.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also accepts rollover contributions and allows certain after-tax (Roth) deferral contributions. In addition, the Plan allows discretionary employer contributions. There was a total of \$10,511,961 of discretionary employer matching contributions for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% increments to any of several investment options offered by the Plan. Participants may change their investment options at their discretion.

1. Description of the Plan, continued

Vesting

Participants are immediately vested in their contributions, plus actual earnings (losses) thereon. Vesting in the Sponsor's discretionary contribution portion of their accounts, plus actual earnings (losses) thereon, is based on years of continuous service. A participant vests 0% for the first two years of service and is 100% vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive either a lump sum distribution or a direct rollover to another qualified plan equal to the value of the participant's vested account. If a participant has more than \$7,000 in their account upon termination, they may elect to keep their account in the Plan indefinitely. Prior to termination, participants can elect to take a distribution in the event of certain hardships as defined by the Plan.

The Plan requires automatic distributions to any terminated participant with a balance of less than \$7,000 that has not reached the normal age of retirement. Participants with a balance of less than \$1,000 will receive a lump sum distribution in the form of a check and those with a balance between \$1,000 and \$7,000 will be rolled over into an individual retirement plan designated by the Plan Administrator.

Forfeited Accounts

Forfeited accounts can be used to offset employer contributions or reduce administrative expenses. At December 31, 2024 and 2023, there were \$255,983 and \$131,776 in forfeited accounts, respectively. During the year ended December 31, 2024, \$108,941 of forfeitures were used to reduce the Plan Sponsor's contributions. Forfeited participant balances during 2024 totaled \$228,079.

Administrative Expenses

The Plan is responsible for its administrative expenses unless paid by the Sponsor.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

TEXAS ROADHOUSE SALARIED EMPLOYEES 401K PROFIT SHARING PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions

Contributions from employees and the discretionary employer matching contributions are recorded in the year in which employee compensation is earned.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through August 12, 2025, which was the date at which the financial statements were available to be issued.

3. Information Certified or Provided by Fidelity Management Trust Company

The Plan's investment information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that investment information provided to the Plan Administrator by Fidelity related to the investment information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note and which appears throughout the financial statements and the supplemental schedule.

3. Information Certified or Provided by Fidelity Management Trust Company, continued

The following table presents the fair value of investments in the Plan that were certified by Fidelity.

	<u>2024</u>	<u>2023</u>
Mutual funds	\$146,671,436	\$109,695,361
Money market funds	1,288,654	1,163,933
Self-directed brokerage accounts	<u>677,708</u>	<u>391,824</u>
Total investments	<u>\$148,637,798</u>	<u>\$111,251,118</u>

Fidelity also certified the completeness and accuracy of \$13,090,213 of net realized and unrealized appreciation in the fair value of the investments and \$4,247,669 of interest and dividends related to the investments for the year ended December 31, 2024.

4. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at cost which approximates fair value.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

There have been no changes in valuation methodologies used in December 31, 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
<u>2024</u>				
Investments measured at fair value:				
Mutual funds	\$146,671,436	\$ -	\$ -	\$146,671,436
Money market funds	1,288,654	-	-	1,288,654
Self-directed brokerage accounts	677,708	-	-	677,708
Total investments at fair value	\$148,637,798	\$ -	\$ -	\$148,637,798

<u>2023</u>				
Investments measured at fair value:				
Mutual funds	\$109,695,361	\$ -	\$ -	\$109,695,361
Money market funds	1,163,933	-	-	1,163,933
Self-directed brokerage accounts	391,824	-	-	391,824
Total investments at fair value	\$111,251,118	\$ -	\$ -	\$111,251,118

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of Level 3.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest. Administrative expenses for the year ended December 31, 2024, are comprised of \$30,214 of fees paid by the Plan to Fidelity for recordkeeping services and \$41,490 of fees paid by the Plan to its investment advisor.

Additionally, indirect fees are paid to Fidelity based on investment account values. These fees range from 0.04% to 0.83% of the investment account value. The fees decrease net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

TEXAS ROADHOUSE SALARIED EMPLOYEES 401K PROFIT SHARING PLAN

Notes to the Financial Statements, continued

6. Tax Status

The Plan uses a prototype Plan document sponsored by Fidelity. Fidelity received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020 which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Reconciliation to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31 is as follows:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$159,581,976	\$120,429,398
Differences in:		
Employer receivable	<u>(10,670,047)</u>	<u>(8,932,154)</u>
Net assets per Form 5500	<u>\$148,911,929</u>	<u>\$111,497,244</u>

A reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31, 2024 is as follows:

Net increase in net assets available for benefits for the financial statements	\$ 39,152,578
Employer contribution receivables:	
Plus beginning of year balance	8,932,154
Less end of year balance	<u>(10,670,047)</u>
