## INDEPENDENT AUDITORS' REPORT

Employee Benefits Administrative Committee  
Conagra Brands Retirement Income Savings Plan  
Omaha, Nebraska

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Conagra Brands Retirement Income Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

**Other Matter – Supplementary Information Required by ERISA**

The supplementary information as of and for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Plan Description

---

The following brief description of the Conagra Brands Retirement Income Savings Plan (the CRISP Plan or Plan) is provided for general information purposes only. Participants should refer to the CRISP Plan document for a more complete description of the Plan's provisions.

#### *General*

The CRISP Plan is a defined contribution savings plan sponsored by Conagra Brands, Inc. (the Company). The Plan was established to provide a means to encourage the Company's eligible employees to establish a regular method of savings and to create a fund available for their use at retirement or in the event of death. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Conagra Brands Employee Benefits Administrative Committee (the Committee) manages the operation and administration of the Plan as the Plan Administrator, as defined in Section 3(16) of ERISA.

Trust assets of the CRISP Plan are commingled with those of the Conagra Brands Retirement Income Savings Plan for Union Employees (the CRISP Union Plan), within the Conagra Brands Retirement Income Savings Master Trust (see Note 3).

Certain plan participants transferred between the CRISP Plan and the CRISP Union Plan due to a change in status. Net Master Trust transfers into the Plan totaled \$196,316 and \$1,220,056 for the years ended December 31, 2024 and 2023, respectively.

Participants may direct their investment into one or more of the following investment options within the Plan:

- Extended Market Index Fund (Vanguard Extended Market Index Fund)
- International Equity Growth Fund (Vanguard International Growth Fund)
- Large-Cap Growth Stock Fund (Vanguard Russell 1,000 Growth Index Fund)
- International Stock Market Index Trust (Vanguard Institutional Total International Stock Market Index Trust)
- One of 12 Target Date Retirement Funds (Vanguard Retirement Income Trust; 2020—2070 Target Date Trusts)
- Inflation Protection Securities Fund (Vanguard Inflation Protected Securities Fund)
- International Value Fund (Vanguard International Value Fund)
- Large-Cap Value Fund (Vanguard Equity Income Fund)
- Equity Index Fund (Vanguard Institutional 500 Index Fund)
- Investment Allocation Funds (Fidelity Managed Income Portfolio II Fund)
- Longer-Term Fixed Income Fund (Vanguard Total Bond Market Index Fund)
- Shorter-Term Fixed Income Fund (Prudential Core Plus Bond Fund)
- Small-Cap Core Fund (BlackRock Advantage Small Cap Core Fund)
- Government Money Market Fund (BlackRock Liquidity Fund)

## Notes to Financial Statements

---

In addition, certain participants hold investments in the Company's stock fund. Dividends associated with the Company's stock in this fund are distributed either in cash or re-invested at the discretion of the respective participants. Other than dividend re-investment, deferrals into this stock fund are not currently allowed.

### ***Contributions***

Qualifying salaried and non-union hourly employees of the Company are eligible to participate in the Plan upon employment, or once they have met the eligibility requirements for the plan supplement in which they participate in. Part-time employees may be eligible upon completion of 1,000 hours worked over three consecutive years (500 hours worked over two consecutive years effective January 1, 2025). Participation is voluntary and contributions are made through payroll deductions. Contributions of 1% to 35% of eligible compensation may be made on a pre-tax or Roth after-tax basis. Participants are automatically enrolled with a 3% salary deferral contribution once an employee becomes eligible for the Plan. An automatic increase of 1% up to 10% will take effect in August of each year, beginning with the first year following the year in which they are automatically enrolled. At any time, a participant can elect not to contribute or may increase or decrease his or her deferral rate to any rate allowed under Plan provisions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions as set forth in the Internal Revenue Code (the Code). Total contributions by a participant for any year may not exceed 60% of eligible compensation for the Plan and are subject to the maximum contribution limitations under ERISA and the Code. Due to limitations of the Code and ERISA, contributions by "highly compensated" participants are restricted.

The Company makes matching contributions to the Plan. For salaried and non-union hourly participants, the Company makes matching contributions equal to 100% of the participant's elective deferral up to 6% of the participant's annual eligible compensation. The Company also makes additional fixed Company contributions to the Plan equal to 3% of each qualifying salaried and non-union hourly employee's eligible compensation. In December 2024, Bank of America moved all of the Plan's investments into a money market fund in preparation for a change in trustee (See Note 9).

### ***Corrective Contributions***

The Company determined the Plan had operational errors regarding certain employee deferral and matching contributions during, and prior to, the year ended December 31, 2021. In July 2022, the Company and the Trustee, Bank of America, N.A., remitted corrective contributions totaling approximately \$4,800,000. In September 2022, the Company submitted the corrective action and calculation through the Voluntary Correction Program (VCP) to the Internal Revenue Service. In May 2024, the Internal Revenue Service (IRS) accepted the Company's VCP submission.

---

### ***Vesting***

Employee contributions and earnings thereon vest immediately. Vesting in Company matching contributions and fixed Company contributions for salaried and non-union hourly employees is 50% per year of continuous service, with full vesting occurring after two years. Full vesting also occurs if the participant becomes totally and permanently disabled, dies or reaches the normal retirement age.

### ***Participant Accounts***

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, allocations of the Company's applicable matching contribution, the fixed Company contributions, and plan earnings or losses. The participant's account is also charged with an allocation of administrative expenses.

The Company's matching contribution is allocated among participants based upon each eligible participant's elected salary deferral. The fixed Company contribution is allocated among participants based upon eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by the Trustee, Bank of America, N.A. (Bank of America). In December 2024, Bank of America moved all of the Plan's investments into a money market fund in preparation for a change in trustee (See Note 9).

### ***Notes Receivable from Participants***

Participants may borrow up to 50% of their vested account balance up to \$50,000. The notes evidencing the amounts borrowed are repaid through payroll deductions within five years, unless the note proceeds are used to purchase a primary residence, in which case the note may be repaid within 10 years. The notes carry a market rate of interest. The minimum amount that may be borrowed is \$1,000.

### ***Payment of Benefits***

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive a lump sum payment equal to the value of the vested funds allocated to the participant's account. The Plan requires mandatory distribution of balances between \$1,000 and \$7,000 (\$5,000 prior to January 1, 2024) be directly rolled over to an individual retirement account designated by the Plan Administrator if the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. The Plan allows for hardship withdrawals of pre-tax or after-tax account balances and for general withdrawals of after-tax amounts. Balances may also be withdrawn after the participant reaches the age of 59½ or upon the termination of employment, death, long-term disability, or retirement of the employee. Restrictions and available forms of the payouts are detailed in the respective plan documents.

### ***Forfeitures***

Upon a participant's termination of employment before normal retirement or death, the portion of their Company's matching contributions and fixed Company contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to reduce the Company's future matching contributions, fixed Company contributions, or plan expenses. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$318,346 and \$164,020, respectively. During the years ended December 31, 2024 and 2023, \$3,160,939 and \$2,300,044, respectively, of forfeited amounts were used to reduce matching contributions, fixed Company contributions, or plan expenses.

## 2. Summary of Significant Accounting Policies

---

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

### ***Presentation of Participant-Directed Funds***

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

### ***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as benefits paid to participants based upon the terms of the Plan document.

### ***Administrative Expenses***

Fees, brokerage commissions, and expenses that are incurred directly in the interest of the Plan are charged to the Plan.

## Notes to Financial Statements

December 31, 2024 and 2023

---

### *Payment of Benefits*

Benefits are recorded when paid.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

### *Subsequent Events*

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through August 19, 2025. See "Contributions" section in Note 1 and Note 9 for descriptions of subsequent events.

## 3. Interest in Master Trust

---

Substantially all of the Plan's investment assets are held in a trust account at Bank of America, the Trustee, and consist of an interest in an investment account of the Conagra Brands Retirement Income Savings Master Trust (the Master Trust), which is a master trust established by the Company and administered by the Trustee (see Note 9). Use of the Master Trust permits the commingling of trust assets of the CRISP Plan and the CRISP Union Plan (collectively "the Plans") for investment and administrative purposes. Although assets of the Plans are commingled in the Master Trust, Bank of America maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating Plans.

While the Plan participates in the Master Trust, each participant's account is allocated earnings/losses consistent with the performance of the funds in which the participant has elected to invest in. Therefore, the Master Trust's investments and investment income may not be allocated evenly among the Plans participating in the Master Trust.

#### 4. Information Certified by Bank of America

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Bank of America, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplementary information.

## 5. Fair Value Measurements

---

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
-

# Conagra Brands Retirement Income Savings Plan

## Notes to Financial Statements

### December 31, 2024 and 2023

---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023, nor have there been any transfers between levels for the years ended December 31, 2024 and 2023.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds:* Mutual funds are valued at quoted market prices, which represent the net asset values of securities held in such funds.

*Money Market Funds:* Money market funds are valued at cost, which approximates fair value.

*Common Investment Trusts:* Common investment trusts are valued at the net asset value (NAV) as provided by the Trustee. FASB ASC 820, Fair Value Measurement, allows NAV per unit to serve as a practical expedient to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that these trusts meet those requirements. The participants can redeem at NAV as of the measurement date on a daily basis and there are no unfunded commitments as of December 31, 2023. There were no common investment trust investments at December 31, 2024 (see Note 9).

*Common Investment Trust – Managed Income Portfolio:* The Managed Income Portfolio (MIP) is a common investment trust valued at NAV as provided by the Trustee. The MIP invests in fully benefit-responsive investment contracts, fixed income securities, and money market funds. The NAV of the MIP is based on the fair value of the underlying securities plus the contract value of the benefit-responsive wrapper contract and other investment contracts. FASB ASC 820, Fair Value Measurement, allows NAV per unit to serve as a practical expedient to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that the MIP meets those requirements. The participants can redeem at NAV as of the measurement date on a daily basis and there are no unfunded commitments as of December 31, 2023. There were no common investment trust investments at December 31, 2024 (see Note 9).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different measurement at the reporting date.

## 6. Tax Status

---

The Internal Revenue Service (the IRS) has determined and has informed the Company by a letter to the Plan dated November 10, 2022, that the respective Plan was designed in accordance with the applicable regulations of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2021.

## Notes to Financial Statements

December 31, 2024 and 2023

### 7. Plan Termination

---

The term of the Plan is indefinite, but may be amended, modified or terminated at any time by the Company. Regardless of such actions, the principal and income of the Plan remain for the exclusive benefit of the Plan's participants and beneficiaries. In the event the Plan is terminated, each participant's Company contribution becomes fully vested. The Company may direct the Trustee either to distribute the Plan's assets to the participants or to continue the trust and distribute benefits as though the Plan had not been terminated.

### 8. Related-Party Transactions

---

Certain Plan investments in the Master Trust are assets managed by Bank of America. Bank of America is the current Trustee (see Note 9) as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

### 9. Change in Trustee and Record-keeper

---

Effective January 1, 2025, Empower Retirement, LLC (Empower) was appointed as the new trustee and record-keeper of the Plan. The Plan's net assets transferred to Empower remained in the same funds as those offered by Bank of America. The conversion initiated a "Black Out" period beginning December 27, 2024 and continued through January 12, 2025. During this period, employee contributions continued to be made through payroll deductions and the contributions were wired to Empower and invested according to participant investment choices.
