Independent Auditors' Report

Plan Administrator
Mid America 401(k) Retirement Savings Plan
St. Peters, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mid America 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MID AMERICA 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 And 2023

1. Description Of The Plan

The following description of Mid America 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

St. Charles Nissan, Inc., Mid America Motors, Inc., Mid America Collision Repair, Inc. (MACR), and Pegasus Management Holdings, LLC (collectively referred to as the Company) adopted the Plan to provide participants an opportunity to defer a portion of their compensation to provide supplementary retirement income and a measure of economic security. The Plan, which became effective January 1, 1985, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective July 1, 2024, the Plan merged into the OneDigital Open Pooled Employer Plan (the PEP Plan). As of the merger date, all participants in the Plan became eligible to participate in the PEP Plan.

With the exception of one investment, all Plan assets, including participant notes receivable, were liquidated and transferred to the PEP Plan. The remaining investment, the Principal Real Estate Investment Fund, was subject to redemption restrictions and was not an allowable investment under the PEP Plan. As a result, the Plan remained in existence solely to hold this investment, while all new contributions were directed to the PEP Plan.

In February 2025, the Principal Real Estate Investment Fund was successfully liquidated, and the remaining assets were transferred to the PEP Plan, completing the transition.

Eligibility

Employees of the Company who had completed six months of service and age 18 or older were eligible to participate in the Plan. Participants were automatically enrolled at a default salary deferral contribution of 6% of compensation. Participants had the option of changing their elections on a semi-annual basis or opting out of participation at anytime.

MID AMERICA 401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Contributions

Participants were allowed to contribute to the Plan up to 100% of their annual compensation, as defined in the Plan Agreement, on a tax-deferred basis, up to the maximum set by the Internal Revenue Service (IRS). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company could contribute discretionary matching contributions each year. The Company did not contribute a matching contribution in 2024 as this was made post merger with the PEP Plan. In 2023, the Company contributed a matching contribution of 12% of the first 6% of eligible compensation contributed by participants.

In addition, at the end of each Plan year, the Company's Board of Directors could authorize a profit sharing contribution. The Company did not make a discretionary profit sharing contribution for 2024 or 2023.

Forfeitures

Forfeited nonvested accounts could be used to reduce Company contributions, pay Plan administrative expenses or both. No forfeitures were used to pay administrative expenses during 2024 or 2023. Forfeitures used to reduce Company contributions during 2024 and 2023 were \$9,537 and \$5,672, respectively. Forfeited amounts available for future use at December 31, 2024 and 2023 were \$0 and \$9,379, respectively.

Notes Receivable From Participants

Participants could borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the total value of the participant's vested account balance. Loans were for a period not exceeding five years, or not to exceed 30 years for the purchase of a primary residence. Loans bore interest at a fixed rate of interest based on prevailing market rates. Loans were repaid through payroll withholdings, including principal and interest.

Vesting

Participants were immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the remainder of their accounts was based on years of service. A participant was 20% vested after two years of service, increasing 20% each year to 100% vested after six years of service.

MID AMERICA 401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Participant Accounts

Each participant's account was credited with the employee's contributions, the Company's contributions, and an allocation of Plan earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan Agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Investment Options

Participants in the Plan could direct the investment of their accounts among a variety of investment options. The investment options consisted of pooled separate accounts, guaranteed interest accounts and mutual funds prior to the transfer to the PEP Plan.

Payment Of Benefits

Upon termination of service due to death, disability, retirement, or separation from the Company, a participant could elect to receive either a lump-sum distribution or one of several forms of annuities, as defined in the Plan Agreement.

In-Service Withdrawals

Participants who attained the age of 59-1/2 could withdraw any portion of their vested account balance. In certain circumstances, a participant could elect a hardship distribution, as defined in the Plan Agreement.

Administrative Expenses

Significant expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Fees related to contract administration, notes receivable from participants, distributions and recordkeeping are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net change in fair value of investments.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

MID AMERICA 401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions, and, when appropriate, reasonable and supportable forecasts.

The Company has concluded that no allowance for current expected credit losses was necessary at December 31, 2023.

Payment Of Benefits

Benefits are recorded when paid.

Notes To Financial Statements *(Continued)*

Subsequent Events

Management has evaluated subsequent events through the date the financial statements were available for issue, which is the Independent Auditors' Report date.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Principal Life Insurance Company and Principal Trust Company (collectively, Principal), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Principal that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2024</u>	<u>2023</u>

Principal also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the years ended December 31:

Interest income on notes receivable from participants	12,444	17,719

MID AMERICA 401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are comprised primarily of shares of mutual funds that are traded on an active market. Pooled separate accounts may be redeemed by participants daily at NAV with no advanced redemption notice required. There are no unfunded commitments.

Guaranteed Interest Accounts

Fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. Contract value represents contributions plus earnings, less withdrawals and expenses. In determining the reasonableness of the methodology, management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through utilizing interest rates applied.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	\$ —	\$ —	\$ —	\$ —
Mutual funds	—	—	—	—
Total Assets In The Fair Value Hierarchy	\$ —	\$ —	\$ —	—
Pooled separate account measured at net asset value per share (a)				49,337

Pooled separate accounts measured at net asset value per unit (a)				10,875,557
Total Assets At Fair Value				\$ 11,495,369

- (a) Investments in pooled separate accounts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient, and therefore have not been categorized in the fair value hierarchy. The fair value amounts presented on this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2024 and 2023:

Notes To Financial Statements *(Continued)*

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2023:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range Of Significant Input Values
Guaranteed Interest Accounts	\$ 303,967	Market Value Adjustment	Composite Guaranteed Rate Current Rate on December 31, 2023	0.85% - 5.21% 4.41% - 5.27%

There have been no changes in the valuation methodologies used at December 31, 2024 or 2023.

5. Party In Interest Transactions

Plan investments consist of pooled separate accounts and guaranteed interest accounts managed by Principal. The Plan also paid Principal administration fees totaling \$22,955 and \$39,013 for the years ended December 31, 2024 and 2023, respectively. In addition, certain participants had outstanding notes receivable as of December 31, 2023 and during 2024 prior to the transfer to the PEP Plan. These transactions qualify as exempt party in interest transactions under ERISA.

6. Income Tax Status

The Company adopted the Principal Financial Group Pre-Approved Profit Sharing Plan With CODA, which received an IRS opinion letter dated June 30, 2020, in which the IRS stated that the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter. The Plan has been amended since the date of the opinion letter; however, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
