Independent Auditor's Report

To the Plan Administrator of the
Brigade Energy Services, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Brigade Energy Services, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (Plan Merger Date) and December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 (Plan Merger Date), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 (Plan Merger Date) and December 31, 2023, and for the year ended December 31, 2024 (Plan Merger Date), stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As further discussed in Note 1 to the financial statements, the Plan was merged into the Axis Energy Services 401(k) Employee Savings Plan effective December 31, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 (Plan Merger Date), is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 1 – Description of the Plan

The Brigade Energy Services, LLC 401(k) Plan (the "Plan") was established January 1, 2017. The following is a brief general description of the Plan. Participants and all others should refer to the Plan document for a complete description of the Plan's provisions.

General. The Plan was a defined contribution plan established by Brigade Energy Services, LLC (the "Company," or "Plan Sponsor") under the provisions of 401(a) of the Internal Revenue Code ("IRC"). The Plan was generally available to all the employees of the Company and Brigade Energy Holdings, LLC, a participating Employer (collectively, the "Employer"). In order to be eligible to participate in the Plan an employee was required to be 18 years of age or older and complete six months of service. Employees entered the Plan on the first of the month coincident with or after meeting the Plan's eligibility requirements. The Plan excluded union employees, certain non-resident aliens, leased employees, and employees of Beckman Production Services, LLC. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan were not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Merger. Effective December 31, 2024, the Plan was merged into the Axis Energy Services 401(k) Employee Savings Plan ("Axis Energy Plan"). All assets and liabilities of the Plan became the assets and liabilities of the Axis Energy Plan as of the effective date of the merger.

Contributions. The following types of contributions were allowed under the Plan:

- Salary Deferral Contributions – Participants had the option to contribute a percentage of their pre-tax compensation, as defined in the Plan document, subject to limitations. Additionally, participants had the option to contribute a percentage of their after-tax compensation and designate it as a Roth deferral contribution. A participant's total salary deferral contribution could not exceed \$23,000 (\$30,500 if age 50 or older) in 2024.
- Employer Matching Contributions - The Employer made an Employer matching contribution each payroll period equal to 25% of a participant's deferral contributions for the first 4% of compensation contributed to the Plan.
- Rollover Contributions - Amounts distributed to participants from other qualified employee benefit plans could be rolled into the Plan.

All contributions were allocated to the Plan's investment funds at the direction of the participants.

The total annual additions to a participant's account could not exceed the lesser of \$69,000 in calendar year 2024, or 100% of the participant's compensation, as defined.

Participant Accounts. Each participant's account was credited with the participant's contributions (salary deferral and rollovers, if any) and an allocation of (a) the Employer's matching contributions, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 1 – Description of the Plan (continued)

Vesting. Participants were vested immediately in their salary deferral contributions, prior safe harbor Employer matching contributions, rollover contributions, and related earnings thereon. Vesting in Employer matching contributions occurred according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3	100%

Furthermore, employed participants became 100% vested in their Employer matching contribution portion of their accounts upon the following events:

- Participant's death;
- Participant becomes disabled as defined under the Plan;
- Participant attains normal retirement age; or
- Termination or partial termination of the Plan.

Forfeitures. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures were used to pay administrative expenses of the Plan or were used to reduce Employer matching contributions. During 2024, forfeitures of approximately \$11,339 were used to reduce Employer matching contributions. As of December 31, 2024 and 2023, unutilized forfeitures totaled \$0 and \$3,916, respectively.

Investments. Participants had the option to direct their investments into various mutual funds and a money market account.

Notes Receivable from Participants. Participants had the option to borrow from their fund accounts a minimum of \$1,000. The maximum loan was the lesser of (i) \$50,000 minus the highest loan balance in the previous 12-month period, or (ii) 50% of their vested account balance. Loan terms ranged up to a maximum of five years (a longer term was available if used for the purchase of a principal residence). The loans were secured by the balance in the participant's account and bore a rate of interest equal to the Prime Rate plus 2% at the date the loan was granted. Principal and interest payments were paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally were payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participants could also elect to rollover their account balance into another qualified retirement plan or Individual Retirement Account. Additionally, the Plan provided for in-service distributions of a participant's rollover contributions account, upon attainment of age 59½, for a qualified reservist distribution, and in the event of a financial hardship, as defined, if certain criteria were met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan also include fees paid for recordkeeping, consulting, and other fees. Certain investment related expenses are included in net appreciation in fair value of investments.

Benefit Payments. Benefits are recorded when paid.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 3 – Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.
- Money market accounts are valued at amortized cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Fair Value Measurements at December 31, 2023			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan:

- Investments, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2023;
- Notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2023;
- Investment amounts within the fair value table as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024; and
- Transfer due to Plan Merger, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

Note 5 – Tax Status

The Plan sponsor has adopted a FIS Business Systems LLC Non-Standardized Pre-Approved Profit Sharing Plan (“pre-approved plan”). The pre-approved plan received an opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the pre-approved plan and the Plan have been amended since receiving the IRS opinion letter, the Plan sponsor believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes that the Plan was qualified under Section 401(a) of the IRC and the related Trust was tax exempt as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress.

Note 6 – Party-In-Interest Transactions

The Company provided to the Plan certain accounting and administrative services for which no fees were charged.

Certain Plan investments were a mutual fund and a money market account offered by Schwab. As Charles Schwab Trust Bank is the trustee of the Plan, these transactions qualified as party-in-interest transactions. Additionally, the Plan maintained notes receivable from participants.

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 6 – Party-In-Interest Transactions (continued)

The Plan's trustee, Charles Schwab Trust Bank; the Plan's third-party administrator and recordkeeper; the Plan's investment advisor; the Plan's auditors; the Plan's external legal counsel; the Employer; and Plan participants were all parties-in-interest to the Plan. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 7 – Nonexempt Prohibited Transaction

During 2024, the Company had a nonexempt prohibited transaction related to participant contributions not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The Company corrected this transaction in October 2024 by remitting the principal amount of the late contributions plus lost earnings into the Plan's trust.

Note 8 – Concentrations, Risks and Uncertainties

The Plan provided for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts transferred to the Axis Energy Plan due to the Plan Merger (see Note 1). As of December 31, 2023, there were four investments which individually represented more than 10% of net assets available for Plan benefits.

Additionally, some investments held by the Plan were invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 9 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 22, 2025, which is the date the financial statements were available to be issued.

Independent Auditor's Report

To the Plan Administrator of the
Brigade Energy Services, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Brigade Energy Services, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (Plan Merger Date) and December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 (Plan Merger Date), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 (Plan Merger Date) and December 31, 2023, and for the year ended December 31, 2024 (Plan Merger Date), stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As further discussed in Note 1 to the financial statements, the Plan was merged into the Axis Energy Services 401(k) Employee Savings Plan effective December 31, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 (Plan Merger Date), is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 1 – Description of the Plan

The Brigade Energy Services, LLC 401(k) Plan (the "Plan") was established January 1, 2017. The following is a brief general description of the Plan. Participants and all others should refer to the Plan document for a complete description of the Plan's provisions.

General. The Plan was a defined contribution plan established by Brigade Energy Services, LLC (the "Company," or "Plan Sponsor") under the provisions of 401(a) of the Internal Revenue Code ("IRC"). The Plan was generally available to all the employees of the Company and Brigade Energy Holdings, LLC, a participating Employer (collectively, the "Employer"). In order to be eligible to participate in the Plan an employee was required to be 18 years of age or older and complete six months of service. Employees entered the Plan on the first of the month coincident with or after meeting the Plan's eligibility requirements. The Plan excluded union employees, certain non-resident aliens, leased employees, and employees of Beckman Production Services, LLC. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan were not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Merger. Effective December 31, 2024, the Plan was merged into the Axis Energy Services 401(k) Employee Savings Plan ("Axis Energy Plan"). All assets and liabilities of the Plan became the assets and liabilities of the Axis Energy Plan as of the effective date of the merger.

Contributions. The following types of contributions were allowed under the Plan:

- Salary Deferral Contributions – Participants had the option to contribute a percentage of their pre-tax compensation, as defined in the Plan document, subject to limitations. Additionally, participants had the option to contribute a percentage of their after-tax compensation and designate it as a Roth deferral contribution. A participant's total salary deferral contribution could not exceed \$23,000 (\$30,500 if age 50 or older) in 2024.
- Employer Matching Contributions - The Employer made an Employer matching contribution each payroll period equal to 25% of a participant's deferral contributions for the first 4% of compensation contributed to the Plan.
- Rollover Contributions - Amounts distributed to participants from other qualified employee benefit plans could be rolled into the Plan.

All contributions were allocated to the Plan's investment funds at the direction of the participants.

The total annual additions to a participant's account could not exceed the lesser of \$69,000 in calendar year 2024, or 100% of the participant's compensation, as defined.

Participant Accounts. Each participant's account was credited with the participant's contributions (salary deferral and rollovers, if any) and an allocation of (a) the Employer's matching contributions, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 1 – Description of the Plan (continued)

Vesting. Participants were vested immediately in their salary deferral contributions, prior safe harbor Employer matching contributions, rollover contributions, and related earnings thereon. Vesting in Employer matching contributions occurred according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3	100%

Furthermore, employed participants became 100% vested in their Employer matching contribution portion of their accounts upon the following events:

- Participant's death;
- Participant becomes disabled as defined under the Plan;
- Participant attains normal retirement age; or
- Termination or partial termination of the Plan.

Forfeitures. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures were used to pay administrative expenses of the Plan or were used to reduce Employer matching contributions. During 2024, forfeitures of approximately \$11,339 were used to reduce Employer matching contributions. As of December 31, 2024 and 2023, unutilized forfeitures totaled \$0 and \$3,916, respectively.

Investments. Participants had the option to direct their investments into various mutual funds and a money market account.

Notes Receivable from Participants. Participants had the option to borrow from their fund accounts a minimum of \$1,000. The maximum loan was the lesser of (i) \$50,000 minus the highest loan balance in the previous 12-month period, or (ii) 50% of their vested account balance. Loan terms ranged up to a maximum of five years (a longer term was available if used for the purchase of a principal residence). The loans were secured by the balance in the participant's account and bore a rate of interest equal to the Prime Rate plus 2% at the date the loan was granted. Principal and interest payments were paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally were payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participants could also elect to rollover their account balance into another qualified retirement plan or Individual Retirement Account. Additionally, the Plan provided for in-service distributions of a participant's rollover contributions account, upon attainment of age 59½, for a qualified reservist distribution, and in the event of a financial hardship, as defined, if certain criteria were met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan also include fees paid for recordkeeping, consulting, and other fees. Certain investment related expenses are included in net appreciation in fair value of investments.

Benefit Payments. Benefits are recorded when paid.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 3 – Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.
- Money market accounts are valued at amortized cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Fair Value Measurements at December 31, 2023			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	\$ 5,562,828	\$ -	\$ -	\$ 5,562,828
Money Market Account	14,220	-	-	14,220
Total Assets at Fair Value	\$ 5,577,048	\$ -	\$ -	\$ 5,577,048

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan:

- Investments, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2023;
- Notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2023;
- Investment amounts within the fair value table as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024; and
- Transfer due to Plan Merger, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

Note 5 – Tax Status

The Plan sponsor has adopted a FIS Business Systems LLC Non-Standardized Pre-Approved Profit Sharing Plan (“pre-approved plan”). The pre-approved plan received an opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the pre-approved plan and the Plan have been amended since receiving the IRS opinion letter, the Plan sponsor believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes that the Plan was qualified under Section 401(a) of the IRC and the related Trust was tax exempt as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress.

Note 6 – Party-In-Interest Transactions

The Company provided to the Plan certain accounting and administrative services for which no fees were charged.

Certain Plan investments were a mutual fund and a money market account offered by Schwab. As Charles Schwab Trust Bank is the trustee of the Plan, these transactions qualified as party-in-interest transactions. Additionally, the Plan maintained notes receivable from participants.

Brigade Energy Services, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2024 (Plan Merger Date) and December 31, 2023

Note 6 – Party-In-Interest Transactions (continued)

The Plan's trustee, Charles Schwab Trust Bank; the Plan's third-party administrator and recordkeeper; the Plan's investment advisor; the Plan's auditors; the Plan's external legal counsel; the Employer; and Plan participants were all parties-in-interest to the Plan. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 7 – Nonexempt Prohibited Transaction

During 2024, the Company had a nonexempt prohibited transaction related to participant contributions not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The Company corrected this transaction in October 2024 by remitting the principal amount of the late contributions plus lost earnings into the Plan's trust.

Note 8 – Concentrations, Risks and Uncertainties

The Plan provided for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts transferred to the Axis Energy Plan due to the Plan Merger (see Note 1). As of December 31, 2023, there were four investments which individually represented more than 10% of net assets available for Plan benefits.

Additionally, some investments held by the Plan were invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 9 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 22, 2025, which is the date the financial statements were available to be issued.
