## INDEPENDENT AUDITOR'S REPORT

Jonathan Club 401(k) Committee and Plan Participants  
Jonathan Club 401(k) Plan  
Los Angeles, California

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jonathan Club 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements  
December 31, 2024 and 2023

---

### NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Jonathan Club (the Plan Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in July 1998, with an effective date of July 1, 1998.

Eligibility for participation in the Plan requires attainment of 21 years of age and completion of six months of service. Participation in the Plan can begin at the beginning of the next calendar quarter after completing six months of service. The following classes of employees are eligible to participate in the Plan: members of Miscellaneous Warehousemen, Drivers and Helpers Union Local 986, an affiliate of the International Brotherhood of Teamsters (Teamsters Local 986), and all nonunion employees. Members of the International Union of Operating Engineers Local No. 501 were eligible to contribute to the Plan until May 2008, and their accounts are still receiving allocations of earnings or losses from participant-directed investments.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law on March 27, 2020. During the year ended December 31, 2020, the Plan Sponsor elected to operate the Plan to allow the optional provisions of the CARES Act immediately upon enactment. During the year ended December 31, 2022, the Plan was formally amended to include these provisions.

In addition to formally amending the Plan to include the provisions under the CARES Act, the Plan was amended to include enhancements such as Roth (after-tax) contribution feature and provisions for qualified birth or adoption distributions effective July 1, 2022.

**Contributions:** The Plan allows participants to elect to have a portion of their compensation, as defined by the Plan, deferred on their behalf in lieu of receiving such amount as compensation. For the year ended December 31, 2024, the maximum amount of salary deferral is \$23,000. Participants age 50 or older at December 31, 2024 are allowed an additional catch-up provision deferral of \$7,500. The Plan Sponsor matches participants' elective deferral contributions to the Plan. The matching contribution is equal to 100% of the participant's elective deferral contributions, which are not over 6% of pay.

**Investment Elections:** Each participant may direct that salary reduction contributions be invested in one or more of the available investment options.

**Participant Accounts:** Each participant's account is credited with the participant's contributions, Plan Sponsor contributions, and an allocation of earnings or losses from the participant-directed investments.

**Payment of Benefits:** Upon retirement, death, disability, or other termination of employment, a participant or designated beneficiary is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her own account.

In-service distributions are allowed upon either attaining age 59-1/2 or experiencing a financial hardship as defined by the Internal Revenue Code (IRC). Such withdrawals are subject to applicable excise and income taxes and may only be made with the approval of the Plan Administrator.

**Loans to Participants:** Participant loans are not permitted under the terms of the Plan.

**Vesting:** Participants immediately vest in their elective contributions and Plan Sponsor safe-harbor matching contributions.

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

**Basis of Accounting:** The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

**Administrative Expenses:** Direct Plan expenses, excluding audit, advisor, and insurance fees, are netted from the rate of investment return for all investments and are funded by the participants.

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and changes therein. Actual results could differ from those estimates.

**Payment of Benefits:** Benefits are recorded when paid.

**Valuation of Investments:** Investments are reported at fair value except for the fully benefit-responsive investment contract in the group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

**Realized and Unrealized Appreciation:** Realized and unrealized appreciation is based on the fair value of the assets at the end of the Plan year compared to the fair value of the assets at the beginning of the Plan year, or at the time the assets were purchased or exchanged during the Plan year.

### NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investment assets as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, are obtained by management and agreed to or derived from information certified by Empower Trust Company, LLC (Empower), the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the investment assets is complete and accurate. Accordingly, as permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule.

### NOTE 4. PLAN TERMINATION

Although the Plan Sponsor has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Employee Retirement Income Security Act of 1974.

### **NOTE 5. GROUP ANNUITY CONTRACT**

The Plan has a group annuity contract with Empower Annuity Insurance Company of America (EAICA). The group annuity contract, EI Fixed Account – Series Class V is a fixed account that is part of the general account of EAICA, which is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. Interest crediting rate is reset quarterly. The average crediting rate was 2.41% for the year ended December 31, 2024.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for plan benefits at contract value.

Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contract by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

### **NOTE 6. TAX STATUS**

The Plan has adopted a volume submitter plan. The volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The volume submitter plan has been amended since receiving the advisory letter. The Plan has not received a determination letter specific to the Plan itself; however, Plan Sponsor management believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's policy is to recognize tax positions in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities. As of December 31, 2024, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. As of December 31, 2024, the Plan's annual tax filings for the prior three (3) years are open for audit by the IRS.

### **NOTE 7. ADMINISTRATION OF PLAN ASSETS**

Officers or employees of the Plan Sponsor perform certain administrative functions. No such officer or employee receives compensation from the Plan.

### NOTE 8. RISK AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. The Plan's provisions as well as those of ERISA and the participants' investment preferences dictate the Plan's concentrations of credit risk and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term; such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

### NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with parties who perform services or have fiduciary responsibilities to the Plan. The Plan's investments were in funds managed by Empower, the custodian of the Plan. AlphaPoint, Inc. is the investment advisor. Actuarial Benefits Corp. is the third-party administrator. These transactions qualify as party-in-interest transactions to which statutory exemptions apply.

### NOTE 10. FAIR VALUE MEASUREMENTS

In conformity with accounting principles generally accepted in the United States of America, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The fair value hierarchy is categorized into three levels based on the inputs as follows:

*Level 1:* Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The fair value of mutual funds is determined using Level 1 inputs.

*Level 2:* Valuations based on quoted prices in markets that are not active or quoted prices for similar assets or liabilities in active markets or for which all significant inputs are observable, either directly or indirectly, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

*Level 3:* Valuations based on inputs that are unobservable in the market and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
