INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Those Charged with Governance of
Moog Music, Inc. Employee Stock Ownership Plan
Asheville, North Carolina

Opinion

We have audited the financial statements of Moog Music, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Moog Music, Inc. Employee Stock Ownership Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Moog Music, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Moog Music, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management’s Responsibilities for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Moog Music, Inc. Employee Stock Ownership Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Moog Music, Inc. Employee Stock Ownership Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matter – Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Note 1. Plan Description

The following description of Moog Music, Inc. Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Moog Music, Inc. (the “Company”) established the Plan effective January 1, 2014, covering substantially all employees who have attained age 21 and have one year of credited service. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the *Internal Revenue Code* of 1986 (*IRC*), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (*ERISA*), as amended.

The Plan has purchased convertible preferred Company stock utilizing Company contributions and proceeds from a note payable to the Company (Note 5). The stock is held in a trust established under the Plan. The Company has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities pertaining to:

- a. The accounts of employees with vested rights in allocated stock (Allocated), and
- b. Stock not yet allocated to employees (Unallocated).

Employees of the Company, with the exception of leased employees, union employees, and nonresident-alien, are generally eligible to become participants in the Plan upon the completion of 1,000 hours of service within a 12 month period. Eligible employees become participants of the Plan on the first day of January or July 31 entry date following the date on which the eligibility requirements are met.

Employer contributions

Each year, the Company may make a discretionary contribution to the Plan as determined by the Board of Directors. Company contributions may be made in cash or in shares of Company stock. The Company is obligated to make sufficient annual contributions to enable the Plan to repay principal and interest as due on the Plan’s loan.

Note 1. Plan Description (Continued)

Participant accounts

Upon the annual adjustment date, the account of a participant who is employed on the last day of the Plan year and credited with 1,000 hours of service during the Plan year, or who retired, died, or became disabled during the Plan year, will be credited with an allocation of Plan earnings, forfeitures, and employer contributions. Employer contributions are discretionary and will be determined each year by the Board of Directors and are allocated based on the proportion of each participant's compensation to the total compensation of all eligible participants, as defined in the Plan document. Forfeited balances of terminated participants' non-vested accounts are allocated based on the proportion of each participant's compensation to the total compensation of all eligible participants, as defined in the Plan document. Plan earnings are allocated based on the proportion of each participant's account balance to the total of all participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in a participant's account is based on years of service, as defined in the Plan document. A participant is 100% vested upon the completion of six years of service on or after January 1, 2014, the attainment of normal or early retirement age, or the occurrence of death or disability while employed by the Company. Eligible participants, as of May 2, 2018, will be vested upon the earlier of the completion of ten years of service from their hire date or the completion of six years of service on or after January 1, 2014

Payment of benefits

No distributions from the Plan will be made until a participant retires, becomes disabled, dies (in which case, payment shall be made to his or her beneficiary), or otherwise terminates employment with the Company. The normal form of distribution of a participant's vested account balance shall be five equal annual installments. Distributions on account of death, disability, or retirement commence in the Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following the separation from service. If the participant's vested account balance is equal to or less than \$1,000, their balance will automatically be distributed as a lump sum payment. A participant may elect to receive any portion of their account attributable to Company stock, if any, distributed in such stock rather than cash or may elect to receive any combination thereof.

Administrative costs

Administrative expenses incurred by the Plan may be paid by either the Company or the Plan on a discretionary basis.

Note 1. Plan Description (Continued)

Put option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who have attained age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. Such diversification distributions shall be either transferred to the participant directly or made as a rollover to an IRA or another eligible retirement plan.

Forfeitures

At the discretion of the Company, forfeitures of terminated non-vested account balances, can be used to pay reasonable plan expenses or added to the Company's contribution in the Plan year in which the forfeiture occurred, as defined. At December 31, 2021 and 2020, there were no unallocated forfeited accounts. For the year ended December 31, 2021, forfeited amounts allocated to participants' accounts totaled \$40,643 in cash and 222 shares of stock.

Voting

Any voting stock acquired by the Plan shall be voted by the Trustee in such manner as it shall determine. With respect to any corporate matter which involves the voting of such shares at a shareholder meeting and which constitutes a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets of a trade or business or a similar transaction specified in the regulations under Section 409(e)(3) of the *IRC*, each participant will be entitled to give confidential instructions to the Trustee as to the voting rights attributable to the shares allocated to his or her account. In that event, any allocated Company stock with respect to which voting directions are not given by the participant shall be voted by the Trustee as the Trustee, in its sole discretion shall deem appropriate.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Note 2. Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash equivalents

For the purpose of preparing the statements of net assets available for benefits, the Goldman Sachs Financial Square Government Institutional Fund is considered a cash equivalent. This account is not insured by the Federal Deposit Insurance Corporation (FDIC).

Valuation of investments

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefit payments

Benefit payments are recorded when paid.

**NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

	Fair Value Measurements at Reporting Date Using:	
	Fair Value	Significant Unobservable Inputs (Level 3)
<u>December 31, 2021</u>		
Moog Music, Inc. Company Stock	\$ 6,267,100	\$ 6,267,100
<u>December 31, 2020</u>		
Moog Music, Inc. Company Stock	\$ 7,114,800	\$ 7,114,800

Level 3 Fair Value Measurements

The fair value of the Moog Music, Inc. Company Stock is determined by independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques using a discounted cash flow approach consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, and return on equity, as well as applying a discount for the lack of marketability for non-publicly traded stock. Significant changes to these inputs could have resulted in a significantly higher or lower fair value measurement for the Company stock.

Note 3. Fair Value Measurements (Continued)

Fair Value Measurements using Significant Unobservable Inputs (Level 3)

The following table sets forth a summary of changes in fair value of the ESOP's level 3 assets for the years ended December 31:

	Moog Music, Inc. Company Stock
<u>December 31, 2021</u>	
Beginning balance	\$ 7,114,800
Unrealized depreciation in estimated fair value	(847,700)
Ending balance	\$ 6,267,100
<u>December 31, 2020</u>	
Beginning balance	\$ 6,987,400
Unrealized appreciation in estimated fair value	127,400
Ending balance	\$ 7,114,800

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 4. Investment in Company Stock

The Plan owned shares of the Company stock at December 31 as follows:

	2021		2020	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	25,627	23,373	23,437	25,563
Historical Cost	\$ 4,077,082	\$ 4,182,075	\$ 3,683,040	\$ 4,031,458
Fair value	\$ 3,277,745	\$ 2,989,355	\$ 3,403,103	\$ 3,711,697

Each share of the Class B Preferred Stock is convertible at any time upon 30 days notice, at the option of the holder, into shares of Common Stock at a conversion price as defined in the agreement. The conversion price is subject to adjustment in the event of stock splits, stock dividends, combinations, or other similar events. As of December 31, 2021, there were no shares of Class B Preferred Stock converted into Common Stock.

Note 5. Loan Payable

In June of 2015, the ESOP acquired 49,000 shares of the Company for \$9,000,000 from a Company stock shareholder. In connection with the purchase of the shares, the Plan executed a promissory note in the amount of \$2,000,000 payable in 20 annual installments with interest due at a rate of 2.50% and maturing in December 2034.

Estimated aggregate maturities required on principal as required under this agreement are as follows:

2022	\$	92,117
2023		92,117
2024		92,117
2025		92,117
2026		92,117
2027 and thereafter		<u>552,703</u>
	\$	<u>1,013,288</u>

An additional promissory note was executed by the Plan in June of 2015 in the amount of \$7,000,000 payable in 40 semi-annual installments with interest due of 5% and maturing in June 2035. This note was refinanced in August 2015 at a rate of 2.8%.

2022	\$	205,813
2023		205,813
2024		205,813
2025		205,813
2026		205,813
2027 and thereafter		<u>1,646,509</u>
	\$	<u>2,675,574</u>

Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' payments. This resulted in 2,190 shares being released and allocated for the year ended December 31, 2021.

Note 6. Related Party Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated April 16, 2018, that the Plan and related trust are designed in accordance with applicable sections of the *IRC*. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 9. Subsequent Events

On June 9, 2023, the Company was sold to inMusic. The Plan was terminated in February 2025.

Subsequent events were evaluated through August 4, 2025, the date the financial statements were available to be issued.
