INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee
Credit Human Federal Credit Union 401(k) Plan
San Antonio, Texas

Opinion

We have audited the financial statements of the Credit Human Federal Credit Union 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Credit Human Federal Credit Union 401(k) Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Assets Held at Year End is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - PLAN DESCRIPTION

The following description of the Credit Human Federal Credit Union 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Credit Human Federal Credit Union 401(k) Plan is a defined contribution plan that covers all employees of Credit Human Federal Credit Union (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Credit Human's Retirement Committee, a committee consisting of five members. As the Plan Administrator, the Retirement Committee has overall responsibility for the operation and administration of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Credit Union's Board of Directors.

Secure 2.0 Act: The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and option provisions with varying effective dates in 2024 and later. The Retirement Committee is evaluating the provisions and has not amended the Plan as of the date of these financial statements.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest are paid through payroll deductions.

Contributions: Participants may contribute up to the maximum amount permitted by the Plan, subject to certain limitations of the Internal Revenue Code. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor may make a discretionary matching contribution equal to a uniform percentage of an employee's 401(k) contributions, such percentage to be determined by the Plan Sponsor. Contributions are subject to certain limitations. No contributions were made by the Plan Sponsor in 2024 and 2023.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Participant Accounts: Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with their contribution and allocations of a) any Plan Sponsor contributions, b) Plan earnings, and c) administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - PLAN DESCRIPTION – continued

Vesting: Participants vest immediately in their contributions and actual earnings thereon. Vesting in the Plan Sponsor's contribution is based on years of continuous service, and has a five-year graded vesting increasing 25% each year following 2 full years of service, reaching 100% vesting after 5 years of service.

Payment of Benefits: On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account is less than \$7,000, it is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan Sponsor, any balance that exceeds \$1,000 but does not exceed \$7,000, is paid as a direct rollover to an individual retirement account designated by the Plan Sponsor. Any balance that does not exceed \$1,000 is paid directly to the participant in the form a cash, lump-sum distribution. The Plan allows for in-service distributions upon reaching age 59 ½. Hardship withdrawals are available subject to certain limitations.

Forfeitures: Participant forfeitures of non-vested balances will be used to reduce future employer contributions and pay the expenses of the Plan. There were no unallocated forfeitures at December 31, 2024 and 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The audited financial statements are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Recognition of Income: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction. Investments in the stable value fund are reported at the net asset value of shares of the common collective trust fund held by the Plan at year-end, based upon the fair value of the underlying investments comprising the trust. The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Unrealized gains and losses on investments are computed using this adjusted basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participants' Notes Receivable: Notes receivable from participants are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Excess Contributions: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed the 2024 and 2023 excess contributions to the applicable participants prior to March 15, 2025 and 2024, respectively.

Payment of Benefits: Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Administrative Expenses: Administrative expenses incurred in connection with the general administration of the Plan are paid by the Plan or the Plan Sponsor, as determined by the Retirement Committee. Expenses paid by the Plan are recorded in the accompanying statements of changes in net assets available for benefits. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Participant loan administration fees are paid by the participant electing the loan. Fees paid by the Plan for administrative expenses totaled \$12,734 in 2024 and \$7,168 in 2023.

Concentration of Credit Risks: The Plan invests in various investment securities, which are subject to a range of risks including interest rate, market, and credit risks. Market risks may include global or domestic events such as inflationary pressures, interest rate volatility, geopolitical tensions, or supply chain disruptions that could impact the value of investment securities. Given the level of uncertainty in financial markets, it is at least reasonably possible that changes in the values of these securities will occur in the near term and could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report.

NOTE C - FAIR VALUE MEASUREMENTS

In accordance with accounting principles generally accepted in the United States of America, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in the active market
- quoted prices for identical or similar assets or liabilities in inactive market
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C - FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value:

	Fair Value Measurements Using			Total
	Level 1	Level 2	Level 3	
<i>December 31, 2024:</i>				
Investments at fair value:				
Mutual funds	<u>\$ 32,020,867</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 32,020,867
Investments measured at NAV*				
Stable value fund				<u>1,555,988</u>
Total investments, at fair value				<u>\$ 33,576,855</u>
<i>December 31, 2023:</i>				
Investments at fair value:				
Mutual funds	<u>\$ 28,620,046</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 28,620,046
Investments measured at NAV*				
Stable value fund				<u>1,313,113</u>
Total investments, at fair value				<u>\$ 29,933,159</u>

**Certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy as they are not publicly traded. Such investments are measured at the fair value of the underlying investments. The investments have no unfunded commitments. Participants may redeem immediately and have no redemption period. For the Plan Sponsor to terminate the investment there is a twelve-month redemption notice period.*

There have been no changes in methodologies used during 2024 and 2023. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV), at the daily closing price reported by the fund.

Stable Value Fund: Valued at NAV of the shares held in the common collective trust at the end of the Plan year. This investment is reported in the table above as Investments measured at NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - INCOME TAX STATUS

The Plan has adopted a pre-approved specimen plan provided by Milliman, Inc., which has received an opinion letter from the Internal Revenue Service as to qualified status of the specimen plan. The specimen plan did not include all amendments adopted by the plan; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal returns for the last four years remain subject to examination.

NOTE E - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan pays for most of the trustee, recordkeeping and investment management fees. Some of these expenses are applied by both Milliman, Inc. and Charles Schwab Bank as a reduction to net appreciation in the fair value of the investments, unless paid by the Plan Sponsor in accordance with the service agreement. Milliman, Inc. is the recordkeeper and Charles Schwab Bank provides both the custodial services and is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE F – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The audited financial statements are prepared on the accrual basis of accounting, whereas the Form 5500 is prepared on the cash basis. The following is a reconciliation of net assets available for benefits as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$ 34,204,352	\$ 30,419,916
Add excess contributions payable	<u>79,557</u>	<u>122,225</u>
Net assets available for benefits per Form 5500	<u><u>\$ 34,283,909</u></u>	<u><u>\$ 30,542,141</u></u>

The following is a reconciliation of the changes in net assets for the year ended December 31:

	<u>2024</u>	<u>2023</u>
Change in net assets per financial statements	\$ 3,784,436	\$ 2,715,409
Less corrective distributions payable at beginning of year	(122,225)	(120,438)
Add corrective distributions payable at end of year	<u>79,557</u>	<u>122,225</u>
Change in net assets per Form 5500	<u><u>\$ 3,741,768</u></u>	<u><u>\$ 2,717,196</u></u>
