Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KEMPER CPA GROUP, LLP**

(2) EIN: **37-0818432**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? To the Plan Administrator and Plan Participants of
Marquette Transportation Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Marquette Transportation Company 401(k) Plan (“Plan”), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* and *Schedule H, Line 4a – Schedule of Delinquent Participant Contributions* are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARQUETTE TRANSPORTATION COMPANY 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Marquette Transportation Company 401(k) Plan (the “Plan”) provides only general information about the Plan in effect on December 31, 2024 (except as noted) and does not bind the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan covers all eligible employees of Marquette Transportation Company, LLC and its wholly owned subsidiaries (Marquette Transportation Company Offshore, LLC and Marquette Transportation Company Gulf-Inland, LLC) (the “Company”). The Plan operates on a calendar year basis. Employees who are age eighteen or older and complete three consecutive months of service following their employment commencement date are eligible to defer a percentage of their salary into the Plan beginning on the next or coinciding semi-annual entry date. Employees must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible to share in the discretionary employer matching contribution.

The Plan is administered by Marquette Transportation Company, LLC (the sponsoring employer or “Plan Sponsor” and the “Plan Administrator”), who acts by and through its administrative committee that is comprised of various Marquette Transportation Company, LLC officers and management. The trustee of the Plan is John Hancock Trust Company LLC. The custodian and recordkeeper of the Plan is John Hancock Life Insurance Company (USA).

Contributions. Eligible participants may elect to contribute pre-tax or Roth (after-tax) salary deferral contributions to the Plan up to the maximum annual amount allowable by the Internal Revenue Code (“IRC”). Participants who have attained age 50 on or before the end of the Plan year are eligible to make catch-up contributions. Newly eligible employees that do not take action to either enroll or decline participation in the Plan within a 30 day notification period, are automatically enrolled in the Plan with a pre-tax contribution rate equal to 3% of their eligible compensation. Participants may self-direct the investment of their account into various diverse investment funds offered by the Plan. Absent a participant investment election, contributions are invested in the Plan’s Qualified Default Investment Fund which is the Vanguard Target Retirement Fund whose stated target date most closely corresponds to the Participant’s 67th birthday. Participants may modify their investment elections at any time, subject to John Hancock’s short-term trading restrictions. The Company may also elect each year to contribute to each participant’s account a matching contribution equal to a discretionary percentage of the amount contributed by the participant, which was 50% of the participant’s contributions up to 6% of the participant’s eligible compensation for the periods covered by this report. Contributions are subject to certain limitations as required by the IRC. The Plan allows rollovers of eligible pre-tax and Roth contribution types from other eligible qualified retirement plans or conduit IRAs.

Participant Accounts. Participant accounts are held in sub-accounts that invest in shares of specified underlying mutual funds, collective trusts, exchange-traded funds (“ETFs”), or a combination of these under a group annuity contract with John Hancock Life Insurance Company (USA). Participants’ accounts are revalued each day the New York Stock Exchange is open for trading. Each participant’s account may include participant pre-tax salary deferral contributions, Roth salary deferral contributions, employer discretionary matching contributions, eligible pre-tax rollover contributions, eligible Roth rollover contributions, an allocation of Plan administrative expenses, certain participant-based transactional fees, and investment income or loss experienced by the respective investment funds into which their account balances have been invested. Most administrative fees paid by the Plan are allocated to participant accounts pro rata based on participant account balances. Participant-based transactional fees, such as loan administration fees or distribution fees, are paid from the affected participants’ account to the Plan’s custodian/recordkeeper or third party administrator. The benefit to which participants are entitled is the benefit that can be provided from the participant’s vested account balance.

Notes Receivable from Participants. Participants may borrow up to 50% of their non-forfeitable vested balance, but not less than \$1,000 and up to a maximum of \$50,000 during a twelve-month lookback period, with repayment terms not exceeding five years. Participants may have one 401(k) loan outstanding at any given time. Participant loans are secured by the balance in the participant’s account and currently bear interest ranging from 4.25% - 9.50% as determined by the U.S. prime interest rate in effect upon the loan origination date plus 1%. The Plan updates the loan interest rate as the prime rate changes. Loan repayments, consisting of principal and interest, are paid in equal semi-monthly installments through payroll deductions. However, the Plan allows outstanding principal and interest balances to be prepaid in full at any time. Payment obligations are allowed to be suspended for participants during an approved leave of absence not longer than twelve months and during periods of qualified military service.

**MARQUETTE TRANSPORTATION COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE A – DESCRIPTION OF PLAN, CONCLUDED

Vesting. Participants are immediately 100% vested in their salary deferral contributions and the actual earnings thereon. Vesting in employer contributions and actual earnings thereon is based on the number of years of service with the Company. A year of service is a Plan (calendar) year in which the participant works at least 1,000 hours. The Plan’s vesting schedule is a 6-year graded schedule as follows:

<u>Years of Service for Vesting</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

However, if during a participant’s employment with the Company, should death or total and permanent disability occur, or if participant attains age 65, the Plan’s normal retirement age, 100% vesting will apply.

Benefit Payments. Upon termination of service or the occurrence of a distributable event, a participant may elect to receive a lump sum distribution equal to the value of the participant’s vested interest in his or her account. In-service distributions are also allowed upon attainment of age 59½ from sources that are 100% vested. Installment distributions may be paid if the participant is required to receive lifetime required minimum distributions. The vested account balance of a participant who terminates employment, with a vested account balance of \$7,000 or less, and who does not timely elect distribution or rollover, will automatically be deposited into an IRA on the participant’s behalf as selected by the Plan Administrator.

Investment Options. Upon enrollment in the Plan, a participant may self-direct the investment of their contributions by electing any combination of investment options offered by the Plan. Participants can make investment changes at any time, subject to John Hancock’s short-term trading policy. No participant accounts are held in cash. The cash account primarily represents forfeited unvested employer contributions which are used to reduce employer discretionary match contributions.

Forfeited Accounts. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$184,847 and \$132,760, respectively, and are reported within cash on the Statements of Net Assets Available for Benefits. For the 2024 Plan year, the Plan reduced employer matching contributions by \$184,847.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management’s Review. Subsequent events were evaluated through August 26, 2025, which is the date the financial statements were available to be issued.

Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates and assumptions.

Basis of Accounting. The financial statements of the Plan are prepared in accordance with GAAP on the accrual basis of accounting.

Notes Receivable from Participants. Notes receivable from participants are recorded at their unpaid principal balance. Interest income is recorded when received. Principal and interest from repayment of loans are allocated to participants’ investment accounts in accordance with each participant’s investment election in effect at the repayment date. Loan administration service fees are recorded as direct participant expenses upon loan origination date. No allowance for credit losses have been recorded as of December 31, 2024 and 2023. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONCLUDED

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net realized gains or losses on investment sales represent the difference between the sales proceeds and the cost basis of the investments. Net unrealized appreciation or depreciation on investments held at the end of the Plan year represents the net change in the fair value of investments held during the year. The Statement of Changes in Net Assets Available for Benefits presents the net appreciation in the fair value of investments, which consists of realized and unrealized gains and losses.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with corresponding reductions to contributions. The Plan had excess contributions payable of \$0 and \$5,435 at December 31, 2024 and 2023, respectively.

Payment of Benefits. Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan that had not been paid at December 31, 2024.

Administrative Expenses. The Plan allows certain administrative expenses to be paid from Plan assets, unless otherwise paid by the Company. Plan expenses paid directly by the Company are excluded from these financial statements, as the Plan does not reimburse for these expenses. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Fees related to the administration of notes receivable from participants and other participant-based administrative or transactional fees are charged directly to the applicable participant’s account and are included in administrative expenses.

Plan Expense Reduction Account. The Plan maintains a plan expense reduction account (“PERA”) whereby the Plan receives credits based on an annualized rate on assets invested under the contract. The credits are calculated monthly and may be used to pay third party Plan expenses that are not the obligation of the Plan Sponsor. Excess amounts in the PERA may be allocated to participant accounts at the discretion of Plan management. If any unused balance remains in the PERA on March 15th following the applicable Plan year, the recordkeeper will automatically allocate the remaining PERA balance to participant accounts. The balance of the PERA was \$8,038 and \$5,976 as of December 31, 2024 and 2023, respectively. For the year ended December 31, 2024, the PERA was allocated \$42,828, of that amount \$40,766 was utilized to pay Plan expenses and \$0 was allocated to participants.

NOTE C – FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan’s pooled separate accounts, which are measured at the net asset value (“NAV”) of the underlying investments, as a practical expedient, have not been classified in the fair value hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively. Other than John Hancock’s short-term trading policy restrictions, there are no other participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

NOTE D – INFORMATION CERTIFIED BY THE CUSTODIAN

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company (USA), the custodian of the Plan, except of comparing such information certified by the custodian with information included in the Plan’s financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year):

	<u>2024</u>	<u>2023</u>
Cash	\$ 184,847	\$ 132,760

**MARQUETTE TRANSPORTATION COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE D – INFORMATION CERTIFIED BY THE CUSTODIAN, CONCLUDED

The aggregate net investment income and administrative expenses allocated to the Plan from John Hancock Life Insurance Company (USA) for the year ended December 31, 2024 were as follows:

	2024
Investment income (loss):	
Net appreciation in fair value of investments	\$ 10,655,011
Interest income on notes receivable from participants	\$ 289,707
 Administrative expenses	 \$ 268,822 ⁽ⁱ⁾

(i) Administrative expenses on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 also included additional administrative fees of \$222, of which \$2,724 were accrued at year-end, \$(4,787) were accrued at prior year-end and paid in 2024, and \$2,285 were funded through a prior year fee reimbursement.

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Participant-directed investments are in units of sub-accounts held by John Hancock Life Insurance Company (USA) under a group annuity contract. John Hancock Life Insurance Company (USA) is also the recordkeeper for the Plan. Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. Transactions between the Plan and John Hancock Life Insurance Company (USA) qualify as party-in-interest transactions under ERISA regulations; however, these transactions are specifically exempt under Section 408(b)(8) and are not prohibited by ERISA.

John Hancock Life Insurance Company (USA) provides certain investment-related and recordkeeping services to the Plan pursuant to a group annuity contract between the Company and John Hancock Life Insurance Company (USA). John Hancock Life Insurance Company (USA) receives revenue from underlying mutual funds for services they provide related to the funds. This revenue is applied to reduce participants' overall investment-related fees for the applicable funds.

Participants are a party-in-interest to the Plan, and their participant loans are exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA.

NOTE F – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of complete or partial Plan termination, participants would become 100% vested in any unvested amounts.

NOTE G – TAX STATUS

The Plan was amended and restated effective July 16, 2022, to adopt the CBIZ Retirement Plan Services (“CBIZ”) Defined Contribution Pre-Approved Plan to correlate with the change in the Plan’s third party administration services to CBIZ effective January 1, 2022. CBIZ received an opinion letter from the IRS on the plan dated June 30, 2020, indicating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is qualified under Section 401(a) of the IRC and the related trust is exempt from federal income taxes under Section 501(a). Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator believes that the Plan, as amended and restated, continues to qualify under Section 401(a), and the underlying trust is exempt from federal income tax under Section 501(a). Therefore, no provision for income taxes has been included in the Plan’s financial statements.

MARQUETTE TRANSPORTATION COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE G – TAX STATUS, CONCLUDED

The Plan has processes in place to prevent operational failures, but if they occur, the Plan Administrator takes corrective action to preserve the tax qualification of the Plan. Specifically, the Plan Administrator has corrected, and will continue to correct, operational failures in a manner permitted by the IRC to preserve the Plan's tax-favored qualification.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan, under a group annuity contract with John Hancock Life Insurance Company (USA), allocates contributions into various participant-directed investment options (sub-accounts) that invest solely in shares of underlying mutual funds, collective trusts, or ETFs, or a combination of these. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statements of Net Assets Available for Benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I – SELF-CORRECTION PROGRAM

For the Plan year ending December 31, 2024, the company intends to correct a limited number of isolated operational errors related to employee deferrals under the IRS's Employee Plans Compliance Resource System using the Self-Correction Program. The corrections total \$14,530, of that amount \$11,551 relate to employee deferrals and \$2,979 the associated employer match.
