INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor  
Siemens Manufacturing Co., Inc. 401(k) Plan  
Freeburg, IL

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Siemens Manufacturing Co., Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Siemens Manufacturing Co., Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

~~PRELIMINARY~~  
~~DRAFT~~

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Siemens Manufacturing Co., Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Siemens Manufacturing Co., Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Siemens Manufacturing Co., Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Siemens Manufacturing Co., Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIEMENS MANUFACTURING CO., INC. 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

Note 1. DESCRIPTION OF PLAN

Effective January 1, 1997, Siemens Manufacturing Co., Inc. (the Company) formed Siemens Manufacturing Co., Inc. 401(k) Plan (the Plan) to provide a retirement savings plan to employees of the Company. The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees as defined in the Plan document. To become a participant in the Plan, an employee must be 21 years of age or older and is eligible to contribute to the Plan after one year of service (at least 1,000 hours). Plan entry dates are January 1, April 1, July 1, and October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This Plan is not integrated with Social Security. The Plan is amended as necessary to conform to current rules and regulations under ERISA.

Secure 2.0 Act of 2022 (Act) was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not be made until the end of the first plan year beginning on or after January 1, 2025; however, plans must be operated in accordance with the effective date of each new provision. The provisions that were effective for the year ended December 31, 2024 did not have a significant effect to the Plan.

Employee 401(k) Contributions

Each year, participants may elect to defer the maximum allowed by law of pre-tax eligible compensation, as defined in the Plan and subject to Internal Revenue Code (IRC) limitations to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Company 401(k) Matching Contributions

The Company's matching contribution is discretionary; however, in 2024 the Company contributed 33 1/3% on employee deferrals for the first 6% of the deferrals. The Company's matching contribution is allocated to the investment options using the same percentages selected for employee contributions.

**PRELIMINARY**

### Participant-Directed Investments

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers several registered investment companies/mutual funds and common/collective trusts as investment options for participants.

### Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company matching contributions, and Company other contributions, if any. The individual accounts are credited with a pro-rata share of investment income or loss (including unrealized appreciation or depreciation) experienced by the respective funds into which their account balances have been directed. Participant's accounts are charged with a prorated portion of any administrative expenses. Fees related to redemption or investment advice are charged to the accounts of those participants incurring such transactions or seeking such services.

### Vesting

Participants are immediately vested in their own employee contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after one year of credited service and vesting increases 20% per year of credited service until 100% vested after five years of credited service. Participants may also become fully vested upon attainment of retirement age or upon termination of employment due to disability or death.

### Notes Receivable from Participants

Participants may borrow from their fund accounts. Loans are made in any amount greater than \$1,000, in amounts not exceeding 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Loan terms are a maximum of five years. Loan transactions are treated as transfers from the investment funds to the participant loan accounts. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator at the time the loan is approved. As of December 31, 2024, the loans bear interest at 10.50%. As of December 31, 2023, the loans interest were 5.50% to 10.50%. Principal and interest is paid ratably through weekly payroll deductions.

### Participant Hardship Withdrawals

Participants may withdraw from the Plan that portion of their account resulting from salary deferrals and matching contributions in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's 100% vested balance.

**PRELIMINARY**Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account subject to limitations in the Plan. The Plan provides for normal retirement benefits to begin upon the age of 65, but no later than April 1 of the calendar year after the participant attains the age of 72. Upon death, disability, or attainment of normal retirement age, distributions shall occur as soon as administratively feasible following the date the participant requests a distribution. On termination of service, participants with account balances less than \$1,000 will receive a lump sum amount equal to the value of their vested account balance. The distribution will be made as soon as administratively feasible. Participants with account balances of \$1,000 or greater may elect for installment payments, partial payments, or an immediate lump sum distribution of the value of their vested account balance as soon as administratively feasible.

Forfeited Accounts

Under the terms of the Plan document, participants who terminate their employment for reasons other than retirement, disability, or death, and are less than 100% vested in their Company matching contributions will forfeit their non-vested portion. Forfeitures can be used to pay plan administrative expenses then are allocated to the qualifying contributing participants of the Plan. During the year ended December 31, 2024, forfeitures of \$2,391 were used to pay plan administrative expenses. The forfeiture account balance was \$-0- and \$183, respectively, as of December 31, 2024 and 2023.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company, which is a party-in-interest. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESBasis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with United States Generally Accepted Accounting Principles ("GAAP").

PRELIMINARY  
STATEMENT

### Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

### Notes Receivable from Participants

Notes receivable to participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded at December 31, 2024 or 2023. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

### Investment Options

The Plan provides a variety of investment options with differing risk and growth characteristics. Participants may change their investment allocations and/or transfer their account balances among the various funds at any time.

### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

### Payments of Benefits

Benefits are recorded when paid. Amounts allocated to former participants who have terminated employment with the Plan sponsor but have not yet withdrawn their account balance as of December 31, 2024 and 2023 were \$832,798 and \$823,938, respectively.

### Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are therefore excluded from these financial statements. Fees related to administration of notes receivable from participants and distribution of benefits are charged directly to the participant's account and are included in administrative expenses. Recordkeeping, investment management,

contract administrator, and other investment expenses are recorded as administrative expenses. Certain expenses of the Plan are paid by an allocation from participants' accounts.

Note 3. FAIR VALUE MEASUREMENTS

The Plan follows a framework for measuring fair value, which establishes fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

There were no plan assets requiring the use of Level 2 or 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

*Registered Investment Companies/Mutual Funds.* The fair value of registered investment companies/mutual funds are based on quoted net asset values of the shares as reported by the fund at the end of the Plan year. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The

fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Common/Collective Trusts. The fair value of investments in common/ collective trusts are based on net asset value (NAV) as reported by the trustee at the end of the Plan year. The fair value of these investments is determined using the market price of the underlying securities. The NAV is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<u>Fair Value Measurements</u> <u>at Reporting Date Using:</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
<u>December 31, 2024</u>				
Registered Investment Companies/ mutual funds	\$4,921,909	\$-0-	\$-0-	\$4,921,909
Common/collective trusts measured at NAV				<u>803,039</u>
				<u>\$5,724,948</u>
<u>December 31, 2023</u>				
Registered Investment Companies/ mutual funds	\$4,629,880	\$-0-	\$-0-	\$4,629,880
Common/collective trusts measured at NAV				<u>809,534</u>
				<u>\$5,439,414</u>

The common/collective trusts are measured at net asset value (NAV) as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the amounts presented in the statements of net assets available for benefits.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers of investments into or out of Level 3.

**Note 4. CERTIFIED INVESTMENTS**

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable for participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, a qualified institution.

The information certified includes:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Value of interest in registered investment companies	\$4,921,909	\$4,629,880
Value of interest in common/collective trusts	\$803,039	\$809,534
Notes receivable from participants	\$21,019	\$2,617

During 2024, the Plan's investment activity was certified as complete and accurate including dividends of \$85,623, interest income from notes receivable from participants of \$1,339 and net appreciation of \$719,642 from registered investment companies and net appreciation of \$21,350 from common/collective trusts.

Note 5. PARTIES-IN-INTEREST

Custodians, brokers, and others who provide services to the Plan are considered fiduciaries under ERISA. Certain Plan investments were managed by the Plan trustee. Because the Plan pays certain fees to these trustees, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these party-in-interest are exempt from the prohibited transaction rules of ERISA.

Note 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. TAX STATUS

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code (IRC) that provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan document and the applicable federal laws in order to maintain its qualification. The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the

Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Company is not aware of any action or event that has occurred that might affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to the Plan year ended December 31, 2021. Generally the applicable statutes of limitations are three to four years from their filings.

Note 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. SUBSEQUENT EVENTS

The effect of subsequent events on the financial statements has been evaluated through the report date, which is the date the financial statements were available to be issued.
