Independent Auditors' Report

To the Plan Administrator
Kansas City Urology Care P.A. 401(k) Plan
Overland Park, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kansas City Urology Care P.A. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator
Kansas City Urology Care P.A. 401(k) Plan
Page four

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KANSAS CITY UROLOGY CARE P.A. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

1. Description of Plan

The following description of the Kansas City Urology Care P.A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan that provides tax deferral benefits covering all eligible employees of Kansas City Urology Care P.A., (the "Company"). An employee is eligible to participate in the Plan after completing one year of service and is age 21 or older. The Plan was amended in 2022 to include long-term part-time employees as eligible for salary deferral contributions. Long-term part-time employees become long-term part-time participants when credited with at least three consecutive years beginning after December 31, 2020, with at least 500 Hours of Service in each year, and have attained the same age as other Participants who are eligible to defer.

Employees may enter the Plan January 1 or July 1, following the date that the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Employees participating in the Plan may enter into an elective deferral agreement authorizing the employer to withhold a portion of such participant's compensation, up to the Code Section 415 limit, to deposit to the Plan. Participants have the ability to elect an annual automatic increase in deferral rates at their discretion.

The Company makes a Safe Harbor non-elective contribution to the account of each eligible participant equal to 3% of the participant's compensation.

The Company may also make a discretionary profit-sharing contribution which is determined each year by Company management. Contribution allocations are based on a participant's classifications based on age and position. All participants share in the allocation regardless of service completed. Amounts contributed as part of the profit sharing totaled \$1,503,204 for the year ended December 31, 2024.

c. Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the employer safe harbor contribution, the employer profit sharing contribution, and an allocation of Plan earnings. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2024

1. Description of Plan (Continued)

d. Vesting

Participants are immediately vested in their salary deferral, rollover contributions, and employer safe harbor matching contributions plus the earnings thereon. Vesting in the employer profit sharing contributions and the related earnings is based on years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Employer Profit Sharing Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

e. Payment of Benefits

Upon termination of service due to death, normal retirement, disability, and termination of employment, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A distribution from the plan prior to termination is allowed once a participant is 59^{1/2} years old. Benefits are recorded when paid.

f. Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$7,836 and \$8,739 respectively. Forfeitures of matching or employer discretionary contributions may be used to reduce employer contributions or plan expenses. In 2024, employer contributions receivable was reduced by \$7,836 from forfeited non-vested accounts.

g. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Participants may only have two loans outstanding at any time. The loans are secured by the vested balance in the participant's account and must be repaid at 1 percent above the prime rate published by the Wall Street Journal. All loans must be repaid over a maximum five-year period. The term may be greater than five years if it is for the purchase of a primary residence.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2024

1. **Description of Plan (Continued)**

h. **Administrative Expenses**

The Plan sponsor bears almost all administrative costs for the Plan, including the costs of officers and employees who perform certain administrative functions. Administrative expenses that are paid by the Plan consist of fees charged by the Plan's custodians and third-party administrator.

2. **Summary of Significant Policies**

The following are the significant policies followed by the Plan:

a. **Basis of Accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

b. **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024.

d. **Contributions Receivable and Allowance for Credit Losses**

Contribution receivables are reduced by an estimate made for an allowance for credit losses. The Plan is exposed to credit losses resulting from the inability of the Company to make the required payments. The Plan establishes an allowance for these potential credit losses based on its review of historical loss statistics, current business conditions and macro-economic trends. The Plan applies credit loss estimates to the contribution receivables to determine expected credit losses. The allowance for credit losses is zero at December 31, 2024 and 2023.

2. Summary of Significant Policies (Continued)

e. Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transition between market participants at the measurement date. See Note 3 for discussion of fair value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

f. Income Taxes

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2021 and forward.

g. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

h. Subsequent Events

Subsequent events have been evaluated up to August 15, 2025, the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

KANSAS CITY UROLOGY CARE P.A. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2024

3. Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

Mutual funds and bond funds: Valued at the daily closing price as reported by the fund. Mutual and bond funds held by the Plan are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and bond funds held by the Plan are deemed to be actively traded.

Money market funds (level 2): Valued based on the performance of the underlying assets.

Self-directed brokerage accounts:

- *Common stocks, exchange traded funds, mutual funds (level 1):* Valued at the closing price reported on the active market on which individual securities are traded.
- *Corporate obligations, municipal obligations, government and agency obligations (level 2):* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.
- *Money market funds (level 2):* Valued based on the performance of the underlying assets.

4. Information Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC, the trustee of the plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments held at December 31, 2024 and 2023
- Notes receivable from participants at December 31, 2024 and 2023
- Net appreciation in fair value of investments for the year ended December 31, 2024
- Interest and dividends for the year ended December 31, 2024
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2024

4. **Information Certified by Custodian (Continued)**

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. **Tax Status**

The Plan has adopted a prototype plan document, which obtained its latest opinion letter on June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received an opinion letter from the IRC and the Plan and related trust continue to be exempt. However, the Company and the Plan administrators believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. **Risk and Uncertainties**

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements.
