## Independent Auditors' Report

Benefits Committee of Zurn Elkay Water  
Solutions Corporation and Plan Participants  
Zurn Elkay 401(k) Plan  
Milwaukee, Wisconsin

### *Opinion*

We have audited the financial statements of Zurn Elkay 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Zurn Elkay 401(k) Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### *Basis For Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Zurn Elkay 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities Of Management For The Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zurn Elkay 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities For The Audit Of The Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zurn Elkay 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zurn Elkay 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Supplemental Schedule Required By ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Zurn Elkay 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**1. Description of the Plan**

The following description of the Zurn Elkay 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for more complete information.

**General**

The Plan is a defined contribution deferral savings plan administered by the Zurn Elkay Water Solutions Corporation Benefits Committee and covers substantially all nonunion employees and a portion of union employees of the Company and its affiliates as defined in the Plan Document.

The Plan is primarily intended to assist employees in supplementing their retirement income by providing a tax-deferred savings vehicle. A participant is eligible to participate in the Plan after 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan's trustee and record keeper is Principal Financial Services, Inc. (the "Trustee" or "Principal").

**Contributions**

Participants may elect to defer from 1% to 75% of their annual compensation to the Plan limited to the maximum contribution amount as defined by the Internal Revenue Service ("IRS"). As permitted by Section 401(k) of the Internal Revenue Code ("IRC"), the amounts contributed are not taxable until paid out by the Plan. Participants who have attained age 50 before the close of the Plan year may make catch up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover").

Participants may elect to defer from 1% to 75% of their annual compensation as a Roth 401(k) contribution to the Plan, limited to the maximum contribution amount as defined by the IRS. Participants making Roth 401(k) contributions who have attained the age of 50 are also eligible to make catch-up Roth 401(k) contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified Roth 401(k) plans. A participant's compensation associated with a Roth 401(k) contribution is subjected to federal income taxes in the year of contribution, but the contribution and, in most cases, the earnings on the contribution are not subject to federal income taxes when distributed in accordance with IRS requirements.

All employees that become eligible for the Plan are subject to automatic enrollment. The salary deferral rate at automatic enrollment is set at a 8% pre-tax contribution rate with an auto-escalation feature that increases contributions 1% annually on July 1 of each year until the contribution percentage reaches 10%. An employee can change the deferral rate made through automatic enrollment by electing a different percentage, and they can affirmatively elect not to participate in the Plan or can elect to contribute on an after-tax Roth 401(k) basis. Participants may, at any time, change their contribution percentage or suspend any future deductions from their pay. The auto-escalation feature is available to all participants, even if they were not automatically enrolled. The automatic salary deferral will be invested in a fund allocation based on the employee's age, unless otherwise directed by the employee.

The Company matches employee contributions at 50% of the first 8% of eligible wages. Catch-up contributions are not matched by the Company. Participants' contributions and Company matching contributions are deposited into participant accounts. The Company matching contributions shall be allocated on a calendar quarter basis in the form of Company stock.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. The value of Company contributions vests at the earlier to occur of disability, death, attainment of age 65, or three years of service, with some exceptions for certain merged plans. If a participant terminates employment before becoming vested, the value of Company contributions to their account is forfeited.

**Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocations of Company matching contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investment Options**

## **Notes to Financial Statements (continued)**

Upon enrollment in the Plan, a participant may direct contributions in various investment options maintained by the Trustee. As of December 31, 2024, the Plan offers participants the option to invest their contributions in the following types of investments: mutual funds, a common/collective trust, and the Zurn Elkay Stock Fund. Participants may change their investment options with the Trustee at their discretion. Portfolio investment allocation elections by participants can be up to 100% of any investment option except the Zurn Elkay Stock Fund, which is restricted to a maximum portfolio investment allocation of 20%. All participants must comply with insider trading laws and the Company's policies, including its insider trading policy, when making any transactions in the Zurn Elkay Stock Fund.

### **Payment of Benefits**

The account balance, to the extent it is vested, will be paid upon request to participants who have retired, become disabled, or otherwise left the Company, or to the beneficiaries of deceased participants.

Upon termination of service, death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments up to a 15-year period.

The Plan will distribute a participant's entire account balance to any participant (or to such participant's beneficiary in the case of death) who has an account balance less than \$1,000 following their termination of employment or death. If the participant's account balance is between \$1,000 and \$5,000 following their termination of employment or death, the Plan will automatically rollover a participant's entire account balance to a designated third-party individual retirement plan provider. Distribution or automatic rollovers of small account balances will occur before the end of the second Plan year following the Plan year during which the participant ceases to participate in the Plan.

### **Participant Hardship Withdrawals**

A participant may withdraw all or a portion of their contributions subject to certain hardship withdrawal provisions.

### **Forfeited Accounts**

As of December 31, 2024 and 2023, there were approximately \$53,052 and \$8,203, respectively, of unallocated forfeited accounts. Forfeited accounts are used to reduce future Company contributions or administrative expenses of the Plan. During the year ended December 31, 2024, \$877,957 and \$1,621 of forfeitures were used to reduce Company contributions and administrative expenses, respectively. Subsequent to year end, \$211,589 of forfeitures were utilized to fund contributions related to 2024.

### **Notes Receivable from Participants**

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined quarterly by the Plan Administrator. At December 31, 2024, outstanding loans bore interest at rates ranging from 4.25% to 9.5%. Principal and interest are paid ratably through payroll deductions, with maturity dates through August 2039.

### **Administrative Expenses**

Plan administrative expenses are paid by the Company or the Plan, at the Company's discretion. Administrative expenses paid from Plan assets totaled \$474,057 for the year ended December 31, 2024.

### **Plan Termination**

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan, subject to the provisions set forth in ERISA. If the Plan is terminated, Plan assets will be distributed to the participants based on the individual participant's interest in the Plan. In the event the Plan is terminated, all participants at the time of termination, would become 100% vested in their accounts.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

### **Estimates and Assumptions**

## Notes to Financial Statements (continued)

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

### Payment of Benefits

Benefit payments to participants are recorded when paid.

### Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. In addition, the Plan holds investments in the Zurn Elkay Master Trust (the "Master Trust") which are held in custody at Principal Trust Company and are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements for assets held in the Plan and Master Trust.

Investment income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments represents the difference between the aggregate fair value of investments at the end of the year and the values at the beginning of the year, and includes any realized gains and losses and unrealized appreciation or depreciation on those investments.

Certain management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of net change in the fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution in accordance with the terms of the Plan Document.

### Risks and Uncertainties

The Plan invests in various investment securities. Investments, in general, are exposed to various risks, such as interest rate changes, credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

### Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions and, when appropriate, reasonable and supportable forecasts.

There is no Employer contribution receivable balance as of December 31, 2024; therefore, there is no allowance for current expected credit loss. No allowance for credit losses was necessary at December 31, 2023.

### 3. Investment in Zurn Elkay Master Trust

A portion of the Plan's investments are in the Master Trust, which was established effective January 1, 2023 for the investment of assets of the Plan and another Company-sponsored retirement plan. Each plan is a sub-account under the Master Trust. The Plan may invest in any or all of the investments in the Master Trust. Financial information relating to the investments in the Master Trust is included in the financial statements and is based on information provided by the Trustee.

Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual plans based upon units of participation held by each plan. Administrative and investment management expenses are paid from the Master Trust and are allocated to the Plan as a reduction of investment income (loss).

The following table presents the net assets of the Master Trust at December 31, 2024 and December 31, 2023:

## Notes to Financial Statements (continued)

During the year ended December 31, 2024, changes in the Master Trust investments were as follows:

	2024
<b>Investment Income</b>	
Net change in fair value of investments	\$ 32,693,183
Interest and dividend income	126,345
<b>Net Investment Income</b>	<b>\$ 32,819,528</b>

#### 4. Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. ASC 820 also specifies a fair value hierarchy based upon the observability of inputs used in valuation techniques. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally developed assumptions about the assumptions a market participant would use.

In accordance with ASC 820, fair value measurements are classified under the following hierarchy:

Level 1	Quoted prices for identical instruments in active markets.
Level 2	Quoted prices for similar instruments; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable.
Level 3	Model-derived valuations in which one or more inputs or value-drivers are both significant to the fair value measurement and unobservable.

If applicable, the Plan and Master Trust use quoted market prices in active markets to determine fair value, and therefore classifies such measurements within Level 1. Where market prices are not available, the Plan and Master Trust make use of observable market based inputs to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters. These measurements are classified within Level 3 if they use significant unobservable inputs.

A description of the valuation methodologies used for assets measured at fair value is as follows:

- *Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan and Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan and Master Trust are deemed to be actively traded.
- *Common stock* - Valued at the closing price reported on the active market on which the individual securities are traded.

### Notes to Financial Statements (continued)

- *Common/collective trust* - Valued at the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. A full redemption of the Plan and Master Trust's interest in the Galliard Stable Return Fund N requires a 12-month notice period. The common/collective trust held by the Plan and Master Trust files an annual return on Form 5500 as a direct filing entity.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan and Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes to the methodologies used at December 31, 2024 or 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 74,494,184	\$ —	\$ —	\$ 74,494,184

Common/collective trust (a)				17,419,984
				<u>\$ 76,886,326</u>

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

## Notes to Financial Statements (continued)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2024:

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in Note 3, Investments in Zurn Elkay Master Trust.

### 5. Related Party Transactions and Party In Interest Transactions

At December 31, 2024 and 2023, Plan investments included common stock of Zurn Elkay Water Solutions Corporation. The fair value of these shares was \$15,859,699 and \$10,187,055 at December 31, 2024 and 2023, respectively. These transactions qualify as party in interest transactions but are exempt from the prohibited transactions regulations under ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2024 and 2023. These loans qualify as exempt party in interest transactions allowable under ERISA.

### 6. Income Tax Status

The IRS has determined and informed the Company by a letter dated October 14, 2014 that the Plan, as then designed, and the related trust satisfy the applicable provisions of the IRC. The Plan has been amended since the date of the opinion letter; however, the Company and the Plan Administrator believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC and therefore no provision for income taxes has been included in the Plan financial statements.

The Plan's management has reviewed the Plan's tax exempt status and analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements during the years ended December 31, 2024 and 2023, respectively. There are currently no audits specific to the Plan for any tax periods in progress from any taxing authorities.
