Independent Auditors' Report

Benefits Committee of Zurn Elkay Water
Solutions Corporation
Elkay Manufacturing Company Bargaining Unit
Employees' Retirement and Savings Plan
Milwaukee, Wisconsin

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required By ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Benefits Committee of Zurn Elkay Water
Solutions Corporation
Elkay Manufacturing Company Bargaining
Unit Employees' Retirement and Savings Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of the Elkay Manufacturing Company Bargaining Unit Employees' Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution deferral savings plan administered by the Zurn Elkay Water Solutions Corporation Benefits Committee and covers union employees under certain collective bargaining agreements as defined in the Plan Document.

The Plan is primarily intended to assist employees in supplementing their retirement income by providing a tax-deferred savings vehicle. A participant is eligible to participate in the Plan after 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan's trustee and record keeper is Principal Financial Services, Inc. (the "Trustee" or "Principal").

Contributions

Participants may elect to defer up to 100% of their annual compensation to the Plan limited to the maximum contribution amount as defined by the Internal Revenue Service ("IRS"). As permitted by Section 401(k) of the Internal Revenue Code ("IRC"), the amounts contributed are not taxable until paid out by the Plan. Participants who have attained age 50 before the close of the Plan year may make catch up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover").

Participants may elect to defer up to 100% of their annual compensation for the Roth 401(k) contribution to the Plan, limited to the maximum contribution amount as defined by the IRS. Participants making Roth 401(k) contributions who have attained the age of 50 are also eligible to make catch-up Roth 401(k) contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified Roth 401(k) plans. A participant's compensation associated with a Roth 401(k) contribution is subjected to federal income taxes in the year of contribution, but the contribution and, in most cases, the earnings on the contribution are not subject to federal income taxes when distributed in accordance with IRS requirements.

All employees that become eligible for the Plan are subject to automatic enrollment. The salary deferral rate at automatic enrollment is set at a 3% pre-tax contribution. An employee can change the deferral rate made through automatic enrollment by electing a different percentage, the employee can affirmatively elect not to participate in the Plan or can elect to contribute on an after-tax Roth 401(k) basis. Participants may, at any time, change their contribution percentage or suspend any future deductions from their pay. The automatic salary deferral will be invested in a fund allocation based on the employee's age, unless otherwise directed by the employee.

The Company matches employee contributions at 100% of the first 4% of eligible wages. Catch-up contributions are not matched by the Company. The Company may also make a discretionary contribution to the Plan. The Company did not make a discretionary contribution during the year ended December 31, 2024. Participants' contributions and Company matching contributions are deposited into participant accounts.

Vesting

Participants are immediately vested in their contributions and the Company's matching contribution, plus actual earnings thereon. Vesting in any discretionary Company contributions is based on years of continuous service. A participant is fully vested after six years of credited service. If a participant terminates employment before becoming vested, the value of discretionary Company contributions to their account is forfeited at the rate indicated in the vesting scale for additional Company contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, any Company discretionary contributions and allocations of the Plan's earnings as well as charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon enrollment in the Plan, a participant may direct contributions in various investment options maintained by the Trustee.

Notes to Financial Statements (continued)

Payment of Benefits

Payments of benefits are made to participants or their beneficiaries upon death, retirement, disability or termination of employment. The Plan allows for certain early withdrawals, subject to limitations and eligibility requirements as defined by the Plan. Benefits are payable in a lump-sum or by other methods as described in the Plan Document.

Forfeited Accounts

As of December 31, 2024 and 2023, there were \$17 and \$15, respectively, of unallocated forfeited accounts. Forfeited accounts are used to reduce future Company contributions or administrative expenses of the Plan. During the year ended December 31, 2024, \$0 and \$1,375 of forfeitures were used to reduce Company contributions and administrative expenses, respectively.

Notes Receivable from Participants

Participants may borrow from their Plan account up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance relating to their contributions. Loan terms range from one to five years for a general-purpose loan and one to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. A participant may only have one loan outstanding from the Plan at any time.

Administrative Expenses

Plan administrative expenses are paid by the Company or the Plan, at the Company's discretion.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan, subject to the provisions set forth in ERISA. If the Plan is terminated, Plan assets will be distributed to the participants based on the individual participant's interest in the Plan. In the event the Plan is terminated, all participants at the time of termination, would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. In addition, the Plan holds investments in the Zurn Elkay Master Trust (the "Master Trust") which are held in custody at Principal Trust Company and are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements for assets held in the Plan and Master Trust.

Investment income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments represents the difference between the aggregate fair value of investments at the end of the year and the values at the beginning of the year, and includes any realized gains and losses and unrealized appreciation or depreciation on those investments.

Certain management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are

Notes to Financial Statements (continued)

reflected as a reduction of net change in the fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution in accordance with the terms of the Plan Document.

Risks and Uncertainties

The Plan invests in various investment securities. Investments, in general, are exposed to various risks, such as interest rate changes, credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, investment in the Master Trust and notes receivable from participants held at December 31, 2024 and 2023, and net change in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year then ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Company. This information has not been audited by the Plan's independent auditor.

4. Investment in Zurn Elkay Master Trust

A portion of the Plan's investments are in the Master Trust, which was established effective January 1, 2023 for the investment of assets of the Plan and another Company-sponsored retirement plan. Each plan is a sub-account under the Master Trust. The Plan may invest in any or all of the investments in the Master Trust. Financial information relating to the investments in the Master Trust is included in the financial statements and is based on information provided by the Trustee.

Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon units of participation held by each plan. Administrative and investment management expenses are paid from the Master Trust and are allocated to the Plan as a reduction of investment income.

The fair value of the Master Trust assets, which has not been audited by the Plan's independent auditors, has been certified by the Trustee as complete and accurate. The following table presents the net assets of the Master Trust at December 31, 2024 and December 31, 2023:

	2024		2023	
	Master Trust	Plan's Interest in Master Trust	Master Trust	Plan's Interest in Master Trust

Notes to Financial Statements (continued)

During the year ended December 31, 2024, changes in the Master Trust investments were as follows:

	<u>2024</u>
Investment Income	
Net change in fair value of investments	\$ 33,948,555
Interest and dividend income	126,345
Net Investment Income	<u>\$ 34,074,900</u>

5. Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. ASC 820 also specifies a fair value hierarchy based upon the observability of inputs used in valuation techniques. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally developed assumptions about the assumptions a market participant would use.

In accordance with ASC 820, fair value measurements are classified under the following hierarchy:

Level 1	Quoted prices for identical instruments in active markets.
Level 2	Quoted prices for similar instruments; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable.
Level 3	Model-derived valuations in which one or more inputs or value-drivers are both significant to the fair value measurement and unobservable.

If applicable, the Plan and Master Trust use quoted market prices in active markets to determine fair value, and therefore classifies such measurements within Level 1. Where market prices are not available, the Plan and Master Trust make use of observable market based inputs to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters. These measurements are classified within Level 3 if they use significant unobservable inputs.

A description of the valuation methodologies used for assets measured at fair value is as follows:

- *Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan and Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan and Master Trust are deemed to be actively traded.
- *Common stock* - Valued at the closing price reported on the active market on which the individual securities are traded.
- *Common/collective trust* - Valued at the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. A full redemption of the Plan and Master Trust's interest in the Galliard Stable Return Fund N requires a 12-month notice period. The common/collective trust held by the Plan and Master Trust files an annual return on Form 5500 as a direct filing entity.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan and Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements (continued)

There have been no changes to the methodologies used at December 31, 2024 or 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 169,728	\$ —	\$ —	\$ 169,728
Common/collective trust (a)				300,107
				<u>\$ 469,835</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 109,884	\$ —	\$ —	\$ 109,884
Common/collective trust (a)				20,078
				<u>\$ 129,962</u>

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 268,240,659	\$ —	\$ —	\$ 268,240,659

Common/collective trust (a)				4,601,367
				<u>\$ 274,316,890</u>

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in Note 4, Investment in Zurn Elkay Master Trust.

6. Related Party Transactions and Party In Interest Transactions

At December 31, 2024, Plan investments did not include common stock of Zurn Elkay Water Solutions Corporation. At December 31, 2023, Plan investments included common stock of Zurn Elkay Water Solutions Corporation. The fair value of these shares was \$15,303 at December 31, 2023. These transactions qualify as party in interest transactions but are exempt from the prohibited transactions regulations under ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2024 and 2023. These loans qualify as exempt party in interest transactions allowable under ERISA.

7. Income Tax Status

Effective January 1, 2023, the Plan was restated and uses a pre-approved plan document sponsored by Principal Life Insurance Company. Principal Financial Group received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the IRC. Effective July 3, 2023, the Plan was restated and uses an ESOP/KSOP pre-approved plan document sponsored by Principal Financial Group who received an opinion letter from the IRS, dated June 30, 2020, which states that the ESOP/KSOP pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan's management has reviewed the Plan's tax exempt status and analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements during the years ended December 31, 2024 and 2023, respectively. There are currently no audits specific to the Plan for any tax periods in progress from any taxing authorities.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2024 and 2023:
