INDEPENDENT AUDITORS' REPORT

Plan Administrator
Heritage HR LLC 401(k) Profit Sharing Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Heritage HR LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, the Investment Committee of Heritage HR, LLC voted and approved in September 2024, to merge the Plan into the Creative Planning Pooled Employer Plan (ExcelWise Plan) effective in December 2024. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Heritage HR LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following brief description of the Heritage HR LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Heritage HR, LLC, College View Operating, LLC, Fox Run Assisted Living Operating, L.L.C., Heritage Pointe Operating, L.L.C., Heritage Ridge Operating, LLC, Meridian Gardens Operating, L.L.C., NHAO, LLC, NHI, LLC, Orchard Pointe Operating, LLC, Shalimar Gardens, L.L.C., Heritage Management Services, Inc., Heritage at Sterling Ridge Operating, LLC, Heritage at Legacy Operating, LLC, Orchard Pointe at Arrowhead Operating, LLC, Orchard Pointe at Terrazza Operating, LLC, Heritage at Sagewood Operating, LLC, OnCare Home Health By Heritage, LLC, Fox Run Independent Living, LLC, Fountain Point Operating, LLC, and Orchard Pointe at Creek Valley Operating, LLC (collectively the Companies).

In September 2024, the Companies approved the Plan to be merged into a new plan called the Creative Planning Pooled Employer Plan (ExcelWise Plan), effective in December 2024. Transamerica is the custodian of the ExcelWise Plan. The merger into the ExcelWise Plan initiated a "Black Out" period that began November 26, 2024 and continued through January 10, 2025. During the black out period, funds could not be applied to the employee selected funds or withdrawn from the Plan or the ExcelWise Plan until Transamerica had time to accurately complete the merger conversion. Plan assets of \$10,320,215 were transferred to the ExcelWise Plan by December 31, 2024.

Employees were eligible to make salary deferral contributions and receive safe harbor matching contributions after attaining 21 years of age and completing 60 days of service during which at least one hour of service was completed. Eligible employees were also able to become a participant on the first day of the Plan quarter on which entry requirements are fulfilled.

Contributions

Participants could contribute up to the maximum dollar limit allowable by law of pre-tax or Roth after-tax salary deferral contributions based on annual eligible compensation in connection with the 401(k) provisions of the Plan. Participants could also contribute amounts representing distributions from other qualified plans.

The Plan was a "Safe Harbor 401(k) Plan", whereby the Companies made safe harbor matching contributions. The Companies' safe harbor matching contributions were made in amounts equal to 100% of each participant's elective deferrals up to 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals between 3% and 5% of the participant's eligible compensation.

Heritage HR LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

All participants who were eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year were eligible to make catch-up contributions. Contributions were subject to certain limitations.

Participant Accounts

Each participant's account was credited with the participant's contribution and an allocation of a) the Companies' safe harbor matching contributions and b) Plan earnings or losses. The Companies' safe harbor matching contributions were allocated among participants based upon each eligible participant's elected salary deferral. Plan earnings or losses were allocated on the basis of actual results of the investments selected by each participant. Investments were maintained in individual member accounts managed by Newport Trust Company, LLC (Newport).

Vesting

Participants were 100% vested in their own contributions and the Companies' contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the balance in the participant's account and bore interest at the prime rate as published in the Wall Street Journal, plus two percentage points. Loans could be repaid through payroll deductions within five years unless the loan was used for the purchase of a principal residence in which case the loan must be repaid within thirty years.

Payment of Benefits

Upon termination, retirement, disability, hardship, or death, the participant or beneficiary could elect to receive a lump sum, or in certain instances installment payments, equal to the value of the vested funds allocated to the participant's account. The Plan also allowed for in-service distributions. Benefits were recorded when paid.

The Plan required mandatory distribution of payments equal to or less than \$5,000 be paid out to the participant in the event that the participant did not elect a payout option. The Plan also required automatic rollover into an Individual Retirement Account for payments between \$1 and \$5,000 in the event that the participant did not elect a payout option.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth as follows.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to buy or sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes were reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Heritage HR LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Other

Certain expenses of maintaining the Plan were paid directly by the Companies and were excluded from these financial statements. Fees related solely to a specific participant could be charged directly to the participant’s account and were included in administrative expenses. Investment advisory and management fees were also included in administrative expenses.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through July 28, 2025, noting no items requiring disclosure.

3. Information Certified by Newport

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Newport, except for comparing such information certified by the custodian to information included in the Plan’s financial statements.

The following table presents the fair value of the participant-directed investments in this Plan that were certified by Newport as of December 31:

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no Plan investments at fair value as of December 31, 2024.

Total	<u>\$ 8,518,756</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,518,756</u>

5. Tax Status

The Plan was qualified as a profit-sharing plan under Section 401(a) of the Internal Revenue Code and was exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.
