Omni Specialty Packaging, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Omni Specialty Packaging, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Omni Specialty Packaging, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note E to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Omni Specialty Packaging, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Omni Specialty Packaging, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statement are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than or one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Omni Specialty Packaging, Inc. 401(k) Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Omni Specialty Packaging, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H - Schedule of Assets as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplement schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule is presented, in all material respects, in conformity to the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Omni Specialty Packaging, Inc. 401(K) Plan
Notes to the Financial Statements
For the years ended December 31, 2024 and 2023

Note A – Description of The Plan

The following description of the Omni Specialty Packaging (the “Company”) 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(K) plan which covers all employees of Omni Specialty Packaging, Inc. and its subsidiaries. Employees are eligible to participate in the plan immediately upon being hired and are eligible for the employer contribution after 1 year of service and 1,000 hours. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan allows for participants to contribute up to the maximum amount as set by law, which for 2024 is \$23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may change their deferral percentage or discontinue their elective contributions at any time by written notice to the administrator. A participant who discontinues elective contributions shall not be permitted to resume such contributions for a period of one (1) month from the effective date of such discontinuance.

The employer shall make a Safe Harbor matching contribution equal to 100% of the participant’s elective deferrals up to 3% of a participant’s compensation, plus 50% of each participant’s elective deferrals in excess of 3% up to 5% of the participant’s compensation. Matching contributions are made on behalf of all eligible participants and are allocated annually. The company has the option of making additional discretionary matches.

The plan allows for rollover contributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings. Allocations are based on participant's earnings or deferrals as defined. Each participant directs his or her own individual account and may redirect or exchange his or her account balance at any time. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and any Safe Harbor contributions plus actual earnings thereon. Should the Company elect to make any matching contributions over the Safe Harbor amount, the vesting in those contribution portions of their accounts plus actual earnings thereon is based on all years of service. Service with a predecessor employer shall not be recognized. A year of service is one in which the participant worked a minimum of 1,000 hours.

A participant shall forfeit any non-vested portion of his or her employer matching contribution over the Safe Harbor amount after termination of employment upon the earlier of 5 consecutive breaks in service or the date the participant receives a cash out distribution. Forfeitures are used to reduce future Plan matching contributions.

Notes to the Financial Statements

Note A – Description of The Plan (Continued)

Payments of benefits

Benefits under this Plan shall be paid only upon death, total and permanent disability, normal or early retirement, termination of employment, or termination of the Plan. Distributions are paid in a lump sum with an installment option available for required minimum distributions. Distributions upon the death of a participant prior to receiving any benefits shall be made pursuant to the election of the participant or beneficiary. There is also a provision for hardship withdrawals.

Forfeited accounts

The Plan allows for forfeited accounts to be used to pay outstanding John Hancock contract charges. As of December 31, 2024 and 2023 there were no forfeited account balances

SECURE 2.0 Act

On December 29, 2022, President Biden signed the Consolidated Appropriations Act, 2023 (CAA 2023) into law. The CAA 2023 includes the package of retirement provisions described as SECURE 2.0. These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system, enabling them to accumulate more assets, and connecting them with those assets when they retire. The required changes in the SECURE 2.0 Act are effective for the Plan years beginning on or after January 1, 2024, then fully implemented with Plan years beginning on or after January 1, 2026.

Note B – Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting and accordingly reflect all receivables, payables, and other liabilities.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Administrative expenses

The Employer pays all expenses except those intrinsic to Plan assets which are paid by the Plan. Investment advisory and management fees paid by the plan consist of costs related to the supporting the continued operation of the Plan; such as, audit fees, third party administrator fees, legal fees, office and clerical fees, etc..

Investment valuation and income recognition

The Plan's investments are stated at fair market value and are valued by the contract administrator on each business day for which there is an established market. Values are based upon quoted market prices as of that date.

The Plan's investments in pooled separate accounts are stated at fair market value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in pooled separate accounts are valued on each business day for which there is an established market based upon quoted market prices as of that date.

Notes to the Financial Statements
For the years ended December 31, 2024 and 2023

Note B - Summary of Accounting Policies (Continued)

Payments of benefits

Benefits are recorded when paid.

Note C – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note D – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note E – Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at December 31, 2024 and 2023 and net appreciation in fair value of investments and interest for the year ended December 31, 2024 and 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company.

The information certified includes total investments of \$17,182,25 and \$15,474,366 at December 31, 2024 and 2023, respectively and related investment earnings of \$2,115,287 and \$2,199,635 for the years ended December 31, 2024 and 2023, respectively.

Note F – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements – The fair value of mutual funds in pooled separate accounts is based on quoted net asset values of the underlying mutual fund shares held by the Plan at year-end. The mutual funds are registered with the U.S. Securities and Exchange Commission and must publish their daily value and transact at that price. The mutual funds are considered publicly traded.

Note G – Tax Status

The Plan document is a "prototype" plan and trust sponsored by CCH Incorporated. The Company is relying on an Internal Revenue Service (IRS) determination letter dated June 30, 2020 stating the form of the Plan is acceptable under IRS Code. The Company believes that the Plan is designed and operated in compliance with the applicable Code sections and, therefore, maintains its tax-exempt status.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to examination from the U.S. federal jurisdiction beyond three years from the filing of those returns.

Note H – Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Administration fees paid by the Plan to John Hancock Life Insurance Company were \$103,963 and \$90,510 for the years ended December 31, 2024 and 2023, respectively.

Other costs associated with the operation, reporting, compliance, and administration of the Plan are paid for by the Company.

All of the party in interest transactions are exempt from the prohibited transaction rules of ERISA.

Note I - Subsequent Event

In preparing these financial statements the Plan has evaluated events and transactions for potential recognition or disclosure through the date of the independent auditors' report, which is the date the financial statements were available to be issued.
