## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of American Income Life Insurance Company Exempt Employees 401(K) Profit Sharing Plan

### Opinion

We have audited the financial statements of American Income Life Insurance Company Exempt Employees 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS**

For the years ended December 31, 2024 and 2023

**NOTE A—DESCRIPTION OF PLAN**

The American Income Life Insurance Company Exempt Employees 401(k) Profit Sharing Plan (the "Plan") was adopted and began operations on January 1, 1965 by American Income Life Insurance Company ("American Income").

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution profit sharing and retirement plan subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by American Income (the "Plan Administrator"). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keeping accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

The daily operations and record keeping of the Plan are monitored and performed by a third party record keeper. Fidelity Workplace Services ("Fidelity") became the Plan's record keeper on December 16, 2024. The Plan's previous record keeper was Empower Retirement, LLC ("Empower"). The Plan's trustees, Great West Trust Company and Fidelity Management Trust Company, are responsible for the custody and management of the Plan's assets. Fidelity Management Trust Company is the Plan's custodian as of December 16, 2024, however, Great West Trust Company will remain the trustee of the insurance company general account fund until May 2026.

Participating Employers

At the end of 2024 and 2023, the following companies were participating employers in the Plan:

- American Income Life Insurance Company, "American Income", (Waco, Texas)
- National Income Life Insurance Company, "National Income", (Liverpool, New York)

All participating employers are either direct or indirect wholly-owned subsidiaries of Globe Life.

Participant Contributions

An employee is eligible to participate in the Plan on the date coincident with their date of hire. Upon entry, eligible employees can contribute up to 60% of their annual pre-tax compensation, subject to certain limitations, and can direct the investment in their participant accounts. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans.

For any employee who becomes an eligible employee on or after January 1, 2022 and does not affirmatively elect otherwise, that employee will be automatically enrolled with salary deferrals of 3% upon the date coincident with the employee's one year anniversary from their date of hire. That amount will increase by 1% each Plan Year until the amount reaches 6% of compensation. These increases are effective the first day of the Plan Year following enrollment.

**NOTE A—DESCRIPTION OF PLAN (Continued)**

Participating Employer Contributions

Effective January 1, 2022, the Plan was amended to add a safe harbor matching contribution. Participating employers contribute to the Plan out of their current or accumulated earnings for the year for an amount equal to 100% of the participant's contribution of the first 1% of compensation and 50% of a participant's contributions of the next 5% of a participant's compensation (limited to 6% of participant's compensation). Participating employer contributions commence on the date coincident with the employee's one year anniversary from their date of hire.

An employee is eligible for non-elective discretionary contributions on the one year anniversary of their date of hire with a plan entry date of either January 1 or July 1. For eligible employees, the Company contributed a discretionary employer contribution of 6% of each eligible employee's annual compensation for 2024 and 2023. This annual discretionary contribution may be adjusted at the option of the Board of Directors of American Income. Additionally, any unallocated forfeitures may be added to the discretionary employer contribution and allocated in the same manner to the participants' accounts.

Excess contributions are returned to certain active participants to satisfy certain nondiscrimination provisions of the Plan and are reflected within benefits paid to participants in the accompanying statements of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's discretionary and matching contributions, allocation of forfeitures, and allocations of Plan investment earnings based on the pro rata ownership share of the investment that generated the earnings. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

At termination of employment, participants may withdraw all of their participant accounts and the vested portion of their employer accounts. Participants may make non-emergency, in-service withdrawals of all or a portion of their after-tax participant account and all or a portion of their after-tax employer account, if fully vested. Withdrawals prior to termination of employment are also allowed under prescribed hardship conditions as defined in the Plan agreement or subsequent to age 59½ for any reason.

Notes Receivable from Participants

Any actively employed participant may apply for a general purpose Plan loan. The minimum loan amount is \$1,000, and the maximum loan amount is the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans from the Plan to the participant during the one year period ending on the day before the loan is made or (b) 50% of the participant's vested account balance. A participant may take more than one loan per calendar year, but may only have one loan outstanding at a time. Loans are secured by the participants' account balances. Loan repayments of principal and interest are made by payroll deduction over a reasonable time period not to exceed 60 months. Currently, the loan interest rate is determined by the trustee using the prime interest rate published by Reuters on the first business day of the month before the loan is originated plus 1%. Interest rates for participant loans range from 4.25% to 9.50% with maturity dates through December 2028.

Vesting Provisions

Participants have a fully vested and non-forfeitable interest in their own account. The participant's employer accounts are vested in accordance with the following schedules:

<b>Discretionary Employer Contributions</b>	
Years of Credited Service	Applicable Non-Forfeitable Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

<b>Safe Harbor Employer Matching Contributions</b>	
Years of Credited Service	Applicable Non-Forfeitable Percentage
Less than 2	0%
2 or more	100%

Termination of the Plan

Although it has expressed no intent to do so, American Income has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is partially or completely terminated, each affected participant will become fully vested in their employer contribution account.

Forfeitures

If an employee incurs five consecutive “one year breaks in service” for any reason other than death or normal retirement, and is not 100% vested in the employer contribution account, then the non-vested portion of the employer contribution account is forfeited. Forfeitures may be allocated to participants as an additional discretionary employer contribution, or, effective January 1, 2022, may also be used to reduce the employer match or pay plan expenses. The Plan had unallocated forfeitures of \$37,857 and \$28,180 at December 31, 2024 and 2023, respectively.

The Plan allocated forfeitures of \$20,306 and \$15,641 to participant accounts as an additional discretionary employer contribution for the years ended December 31, 2024 and 2023, respectively. The Plan applied forfeitures to reduce employer contributions of \$11,951 for the year ended December 31, 2024 and \$66,243 for the year ended December 31, 2023.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP, under the guidance issued by the Financial Accounting Standards Board (FASB), require the Plan administrators to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Valuation of Investments

The purchases and sales of securities are recorded on a trade-date basis.

The Plan offers a choice of various mutual funds including (i) money market and bond funds which invest primarily in securities issued or guaranteed by the U.S. Treasury and certain U.S. Government agencies and municipalities that provide income that is generally not subject to state income tax, (ii) fixed-income mutual funds which invest in a diversified group of high-quality, fixed income investments, and (iii) equity funds which invest in common stocks and consist of several individual investment options for various levels of risk tolerance. Investments in mutual funds are recorded at the fair value of the underlying investments. The Plan also offers an investment in the sponsor's common stock.

The Plan's investments are stated at fair value, except for a fully benefit-responsive guaranteed investment contract which is reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan offers an investment in a general account fund of Empower. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The trustee maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Empower. Contract value is equal to contributions received plus interest credited, less payments, withdrawals, or transfers. The interest rate credited on the general account fund varies based on a formula determined by Empower, but will not be less than a guaranteed floor interest rate determined annually. The interest rate credited for 2024 and 2023 was 2.41% and 2.23%, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Plan management believes that the occurrence of events that would cause the plan to transact at less than contract value is not probable. Empower may not terminate the contract at any amount less than contract value.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer, such as Plan termination, merger, or bankruptcy of the plan sponsor.

Investment Income

Dividend and interest income is recorded as earned. Globe Life Inc. dividends are earned on the ex-dividend date.

Realized gains and losses from sales of investments are calculated on the average cost basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

See Report of Independent Registered Public Accounting Firm.

**NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the financial statements.

Market conditions could result in an unusually high degree of volatility and increase the risks and may affect the short term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Concentrations of Investments

Included in investments at December 31, 2024 and 2023, are shares of the Plan sponsor's common stock of \$30,920 and \$29,213, respectively. This investment represents 0.1% of total investments at December 31, 2024 and 2023.

Contributions

Employee contributions and employer matching contributions are recorded when withheld.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions due to participants as of December 31, 2024 and 2023.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced and a benefit payment recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payment Provisions

Benefits are recorded when paid. Participants are charged a variety of fees ranging for processing a loan, distributions, withdrawals, non-emergency in-service; age 59 ½; or hardship withdrawals. These fees are deducted from the proceeds paid to the participant and are reflected in the financial statements in "Benefits paid to participants."

Administrative Expenses

Some of the administrative expenses of the Plan are paid by American Income and its affiliates. Quarterly maintenance and transactional fees are deducted from participants' accounts. The Plan has no obligation to reimburse the administrative expenses paid on its behalf.

Federal Income Taxes

Effective April 19, 2021, American Income adopted the amended and restated Great West Trust Company Defined Contribution Pre-Approved Plan. Effective December 16, 2024, American Income adopted the Fidelity Basic Plan document No. 17. The IRS has issued opinion letters stating that the Great West Trust Company Defined Contribution Pre-Approved Plan and the Fidelity Basic Plan Document No. 17 are acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees dated November 14, 2022 and June 30, 2020, respectively. American Income is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**NOTE C—FAIR VALUE MEASUREMENTS**

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

*Level 1*—inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2*—inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3*—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**AMERICAN INCOME LIFE INSURANCE COMPANY**  
**EXEMPT EMPLOYEES 401(k) PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

For the years ended December 31, 2024 and 2023

**NOTE C—FAIR VALUE MEASUREMENTS (Continued)**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Common stocks*—Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds*—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

*Short term investments*—Valued at the NAV of shares by the Plan at year end.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2024 and 2023:

<b>2024</b>

**AMERICAN INCOME LIFE INSURANCE COMPANY**  
**EXEMPT EMPLOYEES 401(k) PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

For the years ended December 31, 2024 and 2023

**NOTE D—RELATED PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of Globe Life common stock. Globe Life is the Plan sponsor and Empower and subsequently Fidelity are the trustee and recordkeeper, as defined by the Plan. The Plan also allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including Globe Life. These transactions, including purchases and sales are based on the instructions of the Plan participants and in accordance with the pertinent provisions of the Plan. From time to time, monies not yet invested in Globe Life common stock are deposited in an interest-bearing short-term fund. These monies were deposited in the Federated Government Obligations Fund for the years ended December 31, 2024 and 2023. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Certain Plan investments include shares of mutual funds and an insurance company general account fund managed by Empower Retirement through December 15, 2024 and subsequently managed by Fidelity. Therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan issues loans to participants under the deferred arrangement portion of the Plan, which are secured by the vested balances in the participants' accounts.

Administrative revenues arise when investment managers return a portion of the investment fees to the trustee to offset the administrative expenses. Any excess resulting from this revenue sharing is credited back to participants on a pro rata basis for selected investments. Revenue sharing was applicable through December 15, 2024 but is no longer applicable under the new trustee, Fidelity, effective December 16, 2024.

Certain plan investments are shares of Globe Life Inc. common stock valued at \$30,920 as of December 31, 2024, with a cost basis of \$24,507.

During the year ended December 31, 2024, purchases of Globe Life Inc. shares by the Plan totaled \$37,175 and sales of Globe Life Inc. shares by the Plan totaled \$33,988. The Plan recorded dividend income of \$319 during the year ended December 31, 2024.

**NOTE E—PLAN AMENDMENTS AND CHANGES IN PLAN OPERATIONS**

Effective August 13, 2024, the Plan document was amended for the inclusion of bonus compensation in pre-tax compensation eligible for contributions as well as the inclusion of bonus compensation for matching contributions retroactive to November 1, 2017 and January 1, 2022, respectively.
