To the Trustees and Participants
Advanced Process Technologies, Inc.
401(k) Profit Sharing Plan
Cokato, Minnesota

Scope and nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Advanced Process Technologies, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (*ERISA*), as permitted by *ERISA* Section 103(a)(3)(C) [*ERISA* Section 103(a)(3)(C) audit]. The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2024, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with *ERISA* Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under ERISA*. As permitted by *ERISA* Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statement section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet

our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA* Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA* Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an *ERISA* Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4(i) – Schedule of Assets (Held End of Year) as of December 31, 2024 (the supplemental Schedule H) on page 18, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL’s *Rules and Regulations for Reporting and Disclosure Under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental Schedule H, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental Schedule H that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental Schedule H, we evaluated whether the supplemental Schedule H, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s *Rules and Regulations for Reporting and Disclosure Under ERISA*.

In our opinion,

- The form and content of the supplemental Schedule H, other than the information in the supplemental Schedule H that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s *Rules and Regulations for Reporting and Disclosure Under ERISA*.
- The information in the supplemental Schedule H related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

Other Matter – 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 8, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 SUMMARY DESCRIPTION OF THE PLAN

The following description of Advanced Process Technologies, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan.

General

The Plan is a defined contribution 401(k) and profit-sharing plan under § 401(k) of the Internal Revenue Code (IRC) established by Advanced Process Technologies, Inc. (the Company or the Plan Sponsor) on January 1, 2000 to provide retirement benefits for eligible employees of the Company. Eligible employees of the Company include all non-excluded employees, as defined by the Plan, who have reached the age of 19 and have completed 90 days of service. Eligible employees can enter the Plan on the first day of a quarter coincident with or following the completion of service requirement. The Plan is subject to the provisions of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974 (ERISA)*, as amended.

Contributions

Each year, participants may contribute a specific percentage or dollar amount of annual compensation, as defined by the Plan, up to a maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants are permitted to designate a portion or all of their otherwise eligible deferral and rollover contributions as post-tax Roth contributions.

The Company may make a basic safe harbor contribution to participants based on eligible pay or compensation, equal to 100 percent of the first 3 percent of salary deferral plus 50 percent of the next 2 percent of salary deferral. The basic safe harbor contribution is allocated to the participant's account each payroll period, based on the participant's total deferrals for the entire plan year, and based on total compensation over the entire plan year.

The Company may make discretionary contributions in the form of profit sharing or matching contributions. The contribution may be a flat dollar amount or tiered formula as elected by the Company each plan year. Contributions are subject to certain limitations.

Participants direct the investment of their contributions and any employer safe harbor and discretionary contributions into various investment options offered by the Plan.

For the year ended December 31, 2024, the Company only made safe harbor contributions.

NOTE 1 SUMMARY DESCRIPTION OF THE PLAN – Continued

Participant Accounts

Each participant's account is credited with the participant's contribution, respective company safe harbor and discretionary contributions, and an allocation of plan earnings, and is charged with an allocation of administrative expenses. Allocations are based upon the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable – Participants

Participants are not allowed to borrow from their accounts as loans are not permitted from the Plan.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor contributions, plus actual earnings thereon. Company discretionary contributions, plus earnings thereon, are subject to the following vesting schedule, except upon reaching normal retirement age (or age 62 if later), death, or disability, at which time the discretionary contributions are 100 percent vested:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	25%
2	50%
3	75%
4	100%

Payment of Benefits

In the case of normal retirement, termination due to permanent disability or death, or termination of employment, a participant will receive the value of their accumulated plan benefits, in accordance with the provisions of the Plan, in a lump sum distribution.

Forfeitures

Forfeitures represent the portion of a participant's account that is not vested at the time of distribution or on the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service. Any forfeitures occurring during the Plan year generally are applied to reduce contributions of the Company. Additional forfeitures retained by the Plan may be used to pay administrative expenses if so directed by the Company. Any remaining forfeiture amounts may be used to reduce future company contributions payable under the Plan.

At December 31, 2024 and 2023, there were no forfeited nonvested account balances. During the year ended December 31, 2024, the Company did not apply any cash forfeitures to reduce employer contributions.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at net asset value (NAV), which is a practical expedient for fair value, as reported by John Hancock Life Insurance Company (John Hancock), the Directed Custodian of the Plan, as of December 31, 2024 and 2023. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies (see Note 4 for a discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (or depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid, with the exception of corrective distributions, which are recorded annually at year-end.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are, therefore, excluded from these financial statements. Certain investment-related expenses are included in the net appreciation (or depreciation) in fair value of investments. Other investment-related and administrative expenses may be paid out of the Plan's trust fund unless paid by the Company. Audit-related administrative expenses are paid by the Company (see Note 6).

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES – Continued

Uncertain Tax Positions

The Plan follows recognition requirements for uncertain income tax positions as required by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740-10. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Plan has analyzed tax positions taken for filing with the IRS, the DOL's Employee Benefits Security Administration, and the state jurisdiction where it operates. The Plan believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plan's financial condition, results of operations, or cash flows. Accordingly, the Plan has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2024 and 2023.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

Pending Accounting Pronouncements

From time to time new accounting pronouncements are issued by the FASB that are adopted by the Plan as of the specified effective date. If not discussed, management believes that the impact of recently issued standards, which are not yet effective, will not have a material impact on the Plan's financial statements upon adoption.

Subsequent Events

Subsequent events have been evaluated by management through August 26, 2025, which is the date the financial statements were available to be issued.

NOTE 3 INFORMATION CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* for 2024 and 2023. Accordingly, John Hancock has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the supplemental Schedule H–Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024.

NOTE 4 FAIR VALUE MEASUREMENTS

The FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest level of priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are as described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the assets or liability; and • inputs that are derived principally from or corroborated by observable correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts – Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year-end. Unit values of participation units in the pooled separate accounts are estimated by John Hancock based on the value of the underlying assets owned by the fund, minus the fund's liabilities, divided by the participation units outstanding. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions. This value is also commonly referred to as the NAV and is used as a practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	\$ –	\$ –	\$ –	\$18,225,910

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	\$ –	\$ –	\$ –	\$16,094,100

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV, or its equivalent, have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the Statements of Net Assets Available for Benefits.

NOTE 5 INVESTMENTS STATED AT NET ASSET VALUE

The following table summarizes investments for which value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023:

December 31, 2024				
	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$18,225,910	\$ –	Daily	12 months advance notice

December 31, 2023				
	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan incurs expenses related to investment advisory services provided by Valmark Advisers, Inc., an independent investment advisory firm. Fees for investment advisory services totaled \$44,088 for the year ended December 31, 2024.

Certain plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is the Directed Custodian defined by the Plan for the certified assets. The Company also pays for contract administration services provided by Boulay PLLP, the third-party administrator of the Plan. Fees for custodial and contract administration services totaled \$30,083 for the year ended December 31, 2024.

Certain fees incurred by the Plan for investment management services are included in the net appreciation (or depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. Other investment advisory services and recordkeeping services are recorded in administrative expenses. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Company pays for audit services performed by an unrelated independent public accounting firm.

All of these are considered party-in-interest transactions and are exempt from the prohibited transaction rules of *ERISA*.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of plan termination, participants would become 100 percent vested in their accounts.

NOTE 8 TAX STATUS

The Plan relies on the prototype non-standardized defined contribution preapproved plan established by Fredrickson & Byron, P.A., which the IRS determined by a letter dated July 13, 2021, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

At December 31, 2024, the Plan had investments totaling \$7,287,043 that were concentrated in two pooled accounts. At December 31, 2023, the Plan had investments totaling \$6,397,814 that were concentrated in two pooled accounts.
