INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of
Gotham Drywall, Inc. Employee Stock Ownership Plan
Long Island City, New York

Opinion

We have audited the accompanying financial statements of Gotham Drywall, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of Gotham Drywall, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets (deficit) available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of Gotham Drywall, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gotham Drywall, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism through the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gotham Drywall, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gotham Drywall, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at year end as of the year ended December 31, 2024, referred to as "supplemental information," is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GOTHAM DRYWALL, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Gotham Drywall, Inc. Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

Gotham Drywall, Inc. established the Gotham Drywall, Inc. Employee Stock Ownership Plan effective January 1, 2021. The Plan year is from January 1 to December 31.

The Plan is intended to satisfy the qualification retirement plan qualification requirements of section 401(a) of the Internal Revenue Code of 1986, as amended (the “Code”). The Plan is intended to be an employee stock ownership plan within the meaning of section 4975(e)(7) of the Code, and section 407(d)(6) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and is intended to enable eligible Employees to acquire ownership interests in the Company, by investing primarily in Company Stock. The Plan is specifically permitted and designed to invest up to 100% of its assets in Company Stock.

The Plan is administered by a Plan Committee (the “Committee”) appointed by the Company’s Board of Directors (the “Board”). The Plan has also appointed an independent Trustee to oversee the Trust.

On January 1, 2021 Gotham Drywall Inc. Employee Stock Ownership Trust (the “Trust”) was formed by Gotham Drywall, Inc. which sponsors the Gotham Drywall, Inc. Employee Stock Ownership Plan.

On September 13, 2022, the legacy preferred shareholders (the “sellers”) of Gotham Drywall, Inc. sold 49,000 shares of Class B ESOP convertible stock to the Gotham Drywall, Inc. Employee Stock Ownership Trust (the “buyers”) in exchange for \$26,600,000. In connection with the sale, the Company issued an ESOP note and the sellers’ promissory notes (the “seller notes”) dated September 13, 2022 to the buyers pursuant to the seller notes and ESOP loan and pledge agreements. The loans were for a total amount of \$26,600,000. The borrowing is collateralized by the unallocated shares of Class B ESOP convertible preferred stock and is guaranteed by the Company.

On October 11, 2022, the Plan refinanced the seller and ESOP notes into a refinanced note for the balance outstanding on the seller and ESOP notes as of that date.

Eligibility

All employees not excluded by class are eligible to enter on the entry date coincident with or next following completion of certain requirements. Those requirements are as follows: One year of service, minimum age of 21, and minimum hours of 1,000. Entry dates for the plan are January 1 each year. Additionally, the following groups are excluded from participation in the Plan: union employees, leased employees, NRA, interns and shareholders.

Contributions

Each year, the Gotham Drywall, Inc. deposits contributions and dividends into the Trust. These balances are used towards payments of principal and interest for the refinanced ESOP note. The percentage of shares to be released from the suspense account in a particular year is determined by the ratio of: (a) The amount of principal and interest paid off under the loan for the year, to; (b) the total determined under (a) plus all projected principal and interest payments during the remaining term of the loan. Contributions are subject to IRS limitations.

GOTHAM DRYWALL, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Because the plan is currently leveraged, the Company may make contributions to the plan to repay the principal of a loan incurred for the purpose of acquiring employer stock but they shall not exceed 25% of eligible compensation paid to participants during the plan year.

If no more than one-third of the Company contributions, including contributions which are applied to pay principal and interest on an exempt loan, are allocated to highly compensated employees, the total amount of Company contributions to pay principal and forfeitures of other investments and non-leveraged stock (stock not acquired through an exempt loan) allocated on behalf of a participant may not exceed the lesser of:

- A) 25% of the participant's compensation for the year, or
- B) \$69,000

Participant Accounts

Each participant's account is credited with the participant's contribution allocation. Allocations are based on participant compensation, as a percentage of total eligible compensation at the end of each Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. For 2024 and 2023, the contribution will be allocated evenly in proportion to compensation.

Employer stock will be allocated to each participant's employer stock contribution sub-account.

Employer contributions of cash, if any, will be allocated to the participant's employer contribution sub-account. This account will also be credited with the participant's share of plan income (or loss) and forfeitures of other than employer stock.

Vesting

Participants are vested in their Plan account as long as their Plan account is not subject to forfeiture as a result of the participant's termination of employment. When a participant terminates employment they are only entitled to receive the vested portion of their account balance. The "vested percentage" in a participant's account is determined under the following schedule and is based on their years of service with the Employer.

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2, but less than 3	20%
3, but less than 4	40%
4, but less than 5	60%
5, but less than 6	80%
6 or more	100%

Normal Retirement - Participant's will be 100% vested in their account balance if they terminate employment on or after reaching Normal Retirement Age ("Normal Retirement"). Normal Retirement Age is the later of (i) the date on which a participant attains the age of 65, or (ii) the fifth anniversary of the date they commenced participation in the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

Death - Participant's will be 100% vested in their account balance if they die while still employed by the Employer.

Disability - Participant's will be 100% vested in their account balance if they become disabled while still employed by the Employer.

Payment of Benefits

Payments to participants are based upon their vested account balance based on the fair market value of Class B ESOP convertible preferred stock at the time of payment. If a participant's employment terminates due to normal retirement, disability, retirement or death, distribution of benefits will begin in the Plan Year following the Plan Year in which the participant's employment terminates, unless the participant elects a later date. If a participant is married at the time of their death, their spouse will be the beneficiary of the death benefit, unless otherwise elected in writing.

If a participant's employment terminates due to their resignation or dismissal, distribution of their benefits will begin in the Plan Year following the fifth Plan Year following the Plan Year in which their employment terminates. Distribution of benefits can be made in the form of cash or Company Class B ESOP convertible preferred stock.

The portion of a participant's vested account consisting of shares of Company Stock that were purchased with a Plan loan is not distributable before the loan has been repaid in full except for (i) distributions in connection with the diversification of investments, and (ii) required minimum distributions, as described below:

Participant Consent - Participant written consent to the distribution of their benefits before their normal retirement age must be given if their vested account balance totals \$1,000 or more.

Required Minimum Distributions - There are other rules that generally require that minimum distributions begin to be made no later than the April 1st of the calendar year following the later of (i) the calendar year in which a participant reaches age 72 or (ii) the calendar year in which a participant terminates employment. In addition, unless elected otherwise, distribution must begin no later than the 60th day following the end of the Plan Year in which the latest of the following occurs: (1) a participant obtains normal retirement age; (2) the tenth anniversary of the date on which an individual became a Plan participant; or (3) the participant terminates their employment.

Forfeitures

Each year any employer forfeitures are allocated evenly in proportion to compensation. For the years ended December 31, 2024 and 2023, forfeitures totaled \$260,533 and \$7,769, respectively.

Concentrations

As of December 31, 2024 and 2023, 100% of the Plan's investments are in the Class B ESOP convertible preferred stock of Gotham Drywall, Inc.

GOTHAM DRYWALL, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Put Option

Under federal income tax regulations, employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. This legally mandated put option requires either the ESOP Sponsor Company or the ESOP itself to repurchase shares held by an ESOP participant upon certain events (such as retirement, death, or disability). This requirement is often referred to as the ESOP Sponsor Company's "repurchase liability." The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The put price is representative of the current appraised value of the stock.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company Class B ESOP convertible preferred stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Voting Rights

The voting of Company Stock held in the Trust, shall be subject to the provisions of ERISA and the provisions of the Plan document, to the extent such provisions are not inconsistent with ERISA. The Trustee, subject to the Plan document and their fiduciary responsibilities under ERISA will be directed to vote the unallocated shares of the Plan. The participant has the right to direct the trustee regarding the voting of their shares with respect to the corporate matters as prescribed by the Plan document. See Plan document for further information.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Net appreciation or depreciation of investments includes the Plan's gains and losses on investments held during the year.

GOTHAM DRYWALL, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when earned. For the years ended December 31, 2024 and 2023, benefit payments totaled \$16,060 and \$25,767, respectively.

Expenses

As provided in the Plan document, administrative expenses may be paid by either the Plan or the Company. Administrative expenses represent fees paid for professional services in connection with the Plan. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Historically, the Company has paid administrative expenses on behalf of the Plan and has continued to do so in 2024 and 2023.

Risks and Uncertainties

The Plan investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of stock, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets (deficit) available for benefits.

Allocation

Note 4 separately discloses the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Subsequent Events

The Plan Sponsor has evaluated its December 31, 2024 financial statements for subsequent events through the date of the report, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, are described as follows:

<u>Level 1:</u>	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
-----------------	---

GOTHAM DRYWALL, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2:

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Class B ESOP Convertible Preferred Stock: The value of Class B ESOP convertible preferred stock is based upon the December 31, 2024 valuation of Class B ESOP convertible preferred stock. The Plan Trustee hired a third party firm to advise the Trustee on the Fair Market Value of the Class B ESOP convertible preferred stock of Gotham Drywall, Inc. held by the ESOP as of December 31, 2024.

The valuation of Class B ESOP Convertible Preferred Stock as of December 31, 2024 and 2023 was based upon income valuation methodologies. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Class B ESOP Convertible Preferred Stock	\$ -	\$ -	\$13,426,000	\$13,426,000
Total Assets at Fair Value	\$ -	\$ -	\$13,426,000	\$13,426,000
	2023			
	Level 1	Level 2	Level 3	Total
Class B ESOP Convertible Preferred Stock	\$ -	\$ -	\$15,729,000	\$15,729,000
Total Assets at Fair Value	\$ -	\$ -	\$15,729,000	\$15,729,000

GOTHAM DRYWALL, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Prior to the sale of the Company to the ESOP Trust, the Class B ESOP convertible preferred stock was valued at \$542.85 per share. Based on that value the 49,000 shares of Class B ESOP convertible preferred stock owned through the ESOP plan were \$26,600,000. As a result of the debt incurred to facilitate the sale, the value of the Class B ESOP convertible preferred stock dropped to \$305.00 per share as of December 31, 2022. The value of the Class B ESOP convertible preferred stock is expected to increase as the Company remains profitable and continues to pay down the ESOP related debt. In 2023, the value of the Class B ESOP convertible preferred stock increased to \$321.00 per share which resulted in an appreciation of investment of \$784,000 from \$14,945,000 to \$15,729,000. In 2024, the value of the Class B ESOP convertible preferred stock decreased to \$274.00 per share which resulted in a depreciation of investment of \$2,303,000 from \$15,729,000 to \$13,426,000.

NOTE 4 - RECONCILIATION OF ESOP SHARES

The ESOP shares are held in a suspense account and, as the loans are paid off through Company contributions and dividends, the shares are released and allocated to the accounts of plan participants. All 49,000 shares were in suspense prior to the initial 2022 allocation.

Share Release Calculation - The percentage of shares to be released from the suspense account in a particular year is determined by the ratio of:

- a) The amount of principal and interest paid off under the loan for the year, to;
- b) The total determined under (a), plus all projected principal and interest payments during the remaining term of the loan.

For the 2023 plan year, the Company made a loan payment in the form of a dividend in the amount of \$2,128,070 and as a result of this payment, \$1,327,665 was applied to principal and \$800,405 was interest expense. This payment resulted in the release of 2,802.2177 shares. These shares had a fair value of \$899,512 and a cost of \$1,542,465. For the 2023 plan year, the company also made a contribution in the amount of \$2,985,134. This payment resulted in the release of 3,896.8603 shares. These shares had a fair value of \$1,250,892 and a cost of \$2,145,004.

For the 2024 plan year, the Company made a loan payment in the form of a dividend in the amount of \$2,128,070 and as a result of this payment, \$1,915,927 was applied to principal and \$212,143 was interest expense. This payment resulted in the release of 2,910.3117 shares. These shares had a fair value of \$797,425 and a cost of \$1,601,964. For the 2024 plan year, the company also made a contribution in the amount of \$2,516,060. This payment resulted in the release of 3,418.9568 shares. These shares had a fair value of \$936,794 and a cost of \$1,881,945.

The entire balance of the acquisition indebtedness relates to unallocated shares.

The shares released as a result of 2024 contributions and dividends are generally allocated to each participant in the proportion that such participant's compensation bears to the total compensation of all eligible participants for the year. However, the Internal Revenue Code (IRC) imposes limits on the amount of contributions that can be allocated to a participant's account annually under defined contribution plans such as an ESOP. In general, contributions to all defined contribution plans are limited to the lesser of 25% of compensation or \$69,000 (2024 limit). No plan participants were impacted by this limit for 2024.

NOTE 4 - RECONCILIATION OF ESOP SHARES (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Company Common Stock: Value is based upon an independent third-party appraisal. This appraisal was based on a combination of the market and income valuation techniques. The appraiser took into consideration historical and projected cash flow, net income, return on assets, market comparable, and fair value of the Company's assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The following table sets forth a summary of the changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

Beginning Balance	\$	15,729,000
Purchases		-
Unrealized Gain (Loss) Relating to Instruments Still Held at Reporting Date		<u>(2,303,000)</u>
Ending Balance	\$	<u>13,426,000</u>
The amount of total gains or losses for the period attributable to the change in unrealized gain or losses relating to assets still held at the reporting date.	\$	<u>(2,303,000)</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net depreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 - ACQUISITION INDEBTEDNESS

In connection with the sale of Gotham Drywall, Inc. Class B ESOP convertible preferred stock, the Company and sellers issued promissory notes (the "seller notes" and the ESOP notes") dated September 13, 2022 to the buyers pursuant to the seller loan and ESOP loan pledge agreements in the amount of \$26,600,000.

The Company has guaranteed the payment of the seller and ESOP notes and the Company stock to be issued is used to collateralize the seller and ESOP notes. The seller notes are in the amount of \$21,586,074 which should be paid in 25 equal annual principal installments, plus accrued interest commencing no later than December 31, 2023 and continuing on or before such day of each applicable year thereafter. The outstanding principal amount of the Seller Loans shall bear interest at an annual rate equal to 6.50%. The ESOP note was in the amount of \$5,013,926 which should be paid in 25 equal annual principal installments, plus accrued interest commencing no later than December 31, 2023 and continuing on or before such day of each applicable year thereafter. The outstanding principal amount of the ESOP note shall bear interest at an annual rate equal to 3.14%. The seller notes and the ESOP note were consolidated and refinanced into one loan on October 11, 2022, in the amount of \$24,734,592 with an interest rate of 3.430% which should be paid in 25 equal annual principal installments, plus accrued interest commencing no later than December 31, 2023.

Following the sale of stock to the buyers, and upon the occurrence of certain events, it is expected that the Company will assume from the Trust all rights and obligations under the seller notes. In the event the external refinancing takes place, the Company will execute new promissory notes in favor of the Sellers in an aggregate amount equal to the then outstanding balance of the seller notes.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 7 – TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes.

The Plan obtained its opinion letter on December 28, 2023 in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable in form as to compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal or State taxing authorities.

NOTE 8 – ERISA BONDING REQUIREMENTS

ERISA, Title I, Section 412, requires that every fiduciary and every person who handles funds or other property of a plan be bonded. The Plan satisfied these requirements on October 9, 2023, and remained compliant through the date of this report.

NOTE 9 – PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed Class B ESOP convertible preferred stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

NOTE 10 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in Company Class B ESOP convertible preferred stock and has indebtedness guaranteed by the Company. These are related party and party in interest transactions. As described in Note 2, the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.
