## INDEPENDENT AUDITOR'S REPORT

Plan Administrator  
Decorative Panels Union 401(k) Plan  
Toledo, Ohio

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Decorative Panels Union 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of December 31, 2024, the statement of net assets available for benefits as of December 31, 2023 (ongoing) and the related statement of changes in net assets in liquidation for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

---

(Continued)

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter— Plan Termination and Liquidation Basis of Accounting***

As further discussed in Note 1 to the financial statements, the Plan Sponsor's Board of Directors approved a plan of liquidation on July 2, 2024 and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2023 financial statements to the liquidation basis of accounting used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

---

(Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Decorative Panels Union 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all union employees of Decorative Panels International, Inc. (the "Company"). Employees are eligible upon completion of 90 days of service. Eligible employees may enter the Plan on the first day on which they have met eligibility requirements and are automatically enrolled at a deferral rate of 6% of eligible wages. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 50% of their pretax annual compensation to the Plan. Any participant who is age 50 by the end of the Plan year may contribute additional "catch-up" contributions. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a safe harbor matching contribution equal to 100% of the first 4% of pretax contributions. The Company may also make discretionary profit sharing contributions equal to a percentage, to be determined by the Company, of the participant's compensation. During the year ended December 31, 2024, the Company made safe harbor matching contributions of \$121,539 to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit from the participant's account.

Retirement, Death, and Disability: A participant, or beneficiary, is entitled to a distribution of 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their voluntary contributions and discretionary profit-sharing and safe harbor matching contribution plus actual earnings thereon.

Payment of Benefits: Upon termination of service, a participant may elect to receive the value of the vested portion of their account either as a lump-sum amount or for installment payments. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants who have attained the age of 59 ½ may elect an in-service distribution. As of December 31, 2024, there were no distributions that had been requested but were not paid.

Notes Receivable from Participants: Participants may borrow from their accounts in amounts equal to a maximum of \$100,000 or 50% of the participant's vested account balance, whichever is less. The notes receivable from participants are secured by the balance in the participant's account and bear varying rates of interest, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid through payroll deductions.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

**NOTE 1 - DESCRIPTION OF PLAN (Continued)**

Termination of the Plan: As a result of the Company ceasing operations, on July 2, 2024 the Plan Sponsor's Board of Directors adopted a resolution directing the termination of the Plan as of August 1, 2024. As of the termination date, contributions ceased and all participants became fully vested in their account balances. The Company has notified all participants of the plan termination and remitted and allocated all contributions. Plan assets are in the process of being liquidated, and distributions to participants commenced in 2024. While the majority of distributions were processed in 2024, final distributions extended into 2025. See details in Note 8.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting: The financial statements for the year ended December 31, 2023 are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Due to decision to termination the Plan, management determined that liquidation was imminent, as such the financial statements for the year ended December 31, 2024 are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America. The fair value of the Plan's investments have been determined to approximate liquidation values and liabilities include costs expected to be incurred through the completion of liquidation.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions.

Purchases and sales of securities are recorded on a trade-date basis. Gain or losses on sales of securities are accounted for on the trade date, when the order to buy or sell is executed. Interest income is recorded on the liquidation basis for the year ended December 31, 2024. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Risks and Uncertainties: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Market risks include risks associated with ongoing global events. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**NOTE 3 - CERTIFIED INFORMATION**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

**NOTE 4 - FAIR VALUE MEASUREMENTS**

The Plan uses the following fair value hierarchy which requires it to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

*Mutual funds*: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

---

(Continued)

DECORATIVE PANELS UNION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 4 - FAIR VALUE MEASUREMENTS** (Continued)

*Collective trust fund:* The fair values of interests in the Stable Value Common Trust are based upon the net asset values of such funds reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund as of the Plan's financial statement date. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirements or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments stated at fair value on a recurring basis are summarized below:

	Fair Value Measurements (in Liquidation) as of December 31, 2024 Using	
	Total	Quoted Prices in Active Markets For Identical Assets (Level 1)
Mutual funds	\$ 4,569,086	\$ 4,569,086
Collective trust fund*	876,482	-
	\$ 5,445,568	\$ 4,569,086
	Fair Value Measurements (Ongoing) as of December 31, 2023 Using	
	Total	Quoted Prices in Active Markets For Identical Assets (Level 1)
Mutual funds	\$ 8,738,221	\$ 8,738,221
Collective trust fund*	1,903,475	-
	\$ 10,641,696	\$ 8,738,221

\* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets in liquidation and the statement of net assets available for benefits.

**NOTE 5 - PLAN TERMINATION**

The Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their Company contributions and earnings thereon. As referenced in Note 1, on July 2, 2024, the Company elected to terminate the Plan.

**NOTE 6 - INCOME TAX STATUS**

The Company has adopted a standardized prototype plan. This prototype plan has received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the document is acceptable under Internal Revenue Code ("IRC") Section 401. Plans that adopt prototype documents are not required to file for an individual determination letter. Although the Plan has been amended from the applicable prototype plan document that received the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**NOTE 7 - PARTIES-IN-INTEREST**

Parties-in-interest are defined under DOL Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are in T. Rowe Price funds or funds issued by T. Rowe Price Trust Company. T. Rowe Price Retirement Plan Services, Inc. serves as relationship manager to the Plan and is considered a party-in-interest.

In addition, notes receivable from participants are considered parties-in-interest. Investments in T. Rowe Price funds or funds issued by T. Rowe Price Trust Company and notes receivable from participants aggregated \$5,439,544 and \$10,891,642 at December 31, 2024 and 2023, respectively.

The Company provides certain administrative services to the Plan for which it receives no compensation. The Company also pays for certain professional services to the Plan.

**NOTE 8 - SUBSEQUENT EVENTS**

Management has performed an analysis of the activities and transactions subsequent to December 31, 2024, to determine the need for any adjustment to and/or disclosures within the financial statements for the year ended December 31, 2024. Management has performed their analysis through August 20, 2025, the date the financial statements were available to be issued.

As of March 31, 2025, the Plan has distributed all assets to participants.
