## INDEPENDENT AUDITOR'S REPORT

To the Administrator of  
Las Vegas Sands Corp. 401(k) Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Las Vegas Sands Corp. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024

---

### 1. DESCRIPTION OF THE PLAN

The following description of the Las Vegas Sands Corp. 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Plan participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions and to the following disclosures for descriptions of plan attributes effective during the Plan years ended December 31, 2024 and 2023.

**General** — The Plan is a defined contribution plan covering full-time, full-time flex, part-time and on-call employees of Las Vegas Sands Corp. and certain of its subsidiaries (the “Sponsor” or “Company”). The 401(k) Plan Governance Committee (the “Committee”) has the direct responsibility for the management and operation of the Plan and the investment and management of funds held in trust for the benefit of participants in the Plan. Members of the Committee are selected based upon subject matter expertise as related to the Plan and approved by an executive officer of the Sponsor. The Plan, which was established on January 1, 1994, and subsequently amended on March 1, 1999, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan has arranged for Fidelity Management Trust Company to serve as trustee and custodian for the Plan’s assets (“Trustee”) and as the record keeper (“Record Keeper”). SageView Advisory Group, LLC (“SageView”) serves as the Plan’s investment advisor.

**Investments** — Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers mutual funds, common collective trusts and a stable value fund.

**Eligibility** — Employees are eligible to participate in the Plan on their date of hire as long as they are 18 years of age and not a member of a collective bargaining agreement, a leased employee or a temporary/seasonal employee. Temporary/seasonal employees will become eligible to participate in the Plan on the first day of the month once they have worked at least 1 year with 1,000 hours of service.

**Contributions** — Participants may contribute up to 100% of total annual compensation, as defined by the Plan, not to exceed \$23,000 plus a \$7,500 catch-up for participants over age 50 in 2024 as determined by the Internal Revenue Service (“IRS”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“participant rollovers”).

During 2024, the employer contributed to each eligible participant’s account, as a discretionary matching contribution, up to 6% of the participant’s total annual compensation for the Plan year, subject to maximum contribution thresholds imposed by the IRS.

**Participant Accounts** — Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with a participant’s contribution and an allocation of Plan earnings, less any withdrawals, an allocation of Plan losses and administrative expenses charged to the Plan, plus any allocation of employer contributions. Allocations of investment income (loss) are based upon the investment fund allocation percentage election made by each participant.

**Vesting** — Participants are immediately vested in their contributions and allocated Plan earnings thereon. Participants vest in employer matching contributions and allocated Plan earnings (losses) thereon at the rate of:

<b>Complete Years of Service</b>	<b>Vesting Percentage</b>
Less than 1 .....	— %
1 .....	20
2 .....	40
3 .....	60
4 .....	80
5 .....	100

**Payments of Benefits** — Upon termination of service due to death, disability, retirement or other reasons, participants with a vested interest in the Plan equal to or less than \$1,000 may choose to receive a lump-sum distribution or roll over their vested interest into another qualified plan or individual retirement account (“IRA”). Participants with a vested interest in the Plan of greater than \$1,000 may choose to take a lump-sum distribution, remain in the Plan, or roll over their vested interest into another qualified plan or IRA.

**Notes Receivable from Participants** — Under the Plan, a loan made to a Plan participant shall be in an amount that is not less than \$1,000 and not more than 50% of the vested interest in the participant’s account up to \$50,000. Loans are collateralized by the participant’s account, and repayment of a loan is generally not to exceed a period of five years. However, loans used to acquire any dwelling unit which, within a reasonable time is to be used as a principal residence of the participant, shall provide for the periodic repayment over a reasonable period of time that may exceed 5 years. Loans shall bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. As of December 31, 2024, participant loans have maturities through 2039 and are subject to a 7.50% interest rate.

**Forfeited Accounts** — Forfeitures of employer matching contributions generated by a distribution from a participant account that is not fully vested are normally used to reduce employer matching contributions and pay for administrative expenses of the Plan. During the year ended December 31, 2024, \$69,000 of these forfeitures were used to pay for administrative expenses of the Plan and \$58,000 were used to reduce employer contributions. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$271,000 and \$127,000, respectively.

**Administrative Expenses** — The majority of Plan costs and expenses adjust an investment’s net asset value used to value participant accounts. Participant-initiated expenses, including those that relate to withdrawal charges/fees, loan expense and participant-requested services are paid directly by Plan participants. Recordkeeping and administrative fees for the Plan, which are assessed as a flat dollar charge per participant, are normally paid by the Sponsor. A total of \$111,000 was paid from Plan assets for the year ended December 31, 2024, of which a portion was applied from the forfeited nonvested accounts as noted above.

**Amendment and Termination of the Plan** — Although it has not expressed any intent to do so, the Sponsor has the right under the Plan document to amend or terminate the Plan subject to the provisions

of ERISA. If the Sponsor terminates the Plan, participants will automatically become 100% vested in their accounts.

In response to the Secure 2.0 Act (the "Act"), the Committee approved additional options for participants to receive disaster distributions and make hardship withdrawals, which were available beginning November 12, 2024. Consistent with the terms of the Act, the Plan will be formally amended for these changes in 2026. Additionally, effective September 1, 2024, the vesting calculation methodology that previously utilized actual hours worked by the participant was amended to use the elapsed time the participant has been employed by the Company. Lastly, on September 13, 2024, the Plan was amended to allow for Roth in-plan conversion and after-tax contributions for active and eligible participants.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**Use of Estimates** — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Concentration of Credit Risk** — Each investment fund is diversified through a portfolio containing a wide variety of investments that fit the particular investment strategy and targeted composition. Further diversification is available to participants through participation in more than one fund.

**Investment Valuation and Income Recognition** — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See "Note 3 — Fair Value Measurements" for discussion of fair value measurements. Common collective trusts and stable value funds are reported using net asset value ("NAV") as a practical expedient. Refer to "Note 3 — Fair Value Measurements" for discussion of common collective trust and stable value fund valuation.

In accordance with the policy of stating investments at fair value, the Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Purchases and sales of securities are recorded on a trade-date basis.

**Notes Receivable from Participants** — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

**Payment of Benefits** — Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan, but had not yet been paid as of December 31, 2024 and 2023.

**Contributions** — Employee contributions and employer matching contributions are recorded when earned.

**Excess Contributions Payable** — The Plan is required to return contributions received during the Plan year in excess of the Internal Revenue Code (“IRC”) limits. There were no excess contributions due to participants as of December 31, 2024 and 2023.

**New Accounting Standards** — The Plan did not adopt any new guidance during 2024.

**Subsequent Events** — Subsequent events were evaluated through August 29, 2025, the date the financial statements were available to be issued. There were no events identified requiring disclosure.

### 3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures* (“ASC 820”), provides the framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

**Mutual Funds** — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, thus, are reflected as Level 1.

**Money Market Mutual Fund** — Valued at amortized cost, which approximates fair value. The amortized cost is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity. Securities held by the money market fund are generally high quality and liquid; however, they are reflected as Level 2 because the inputs used to determine fair value are not quoted prices in an active market.

**Common Collective Trusts** — Shares of common collective trusts are valued at the NAV of shares held by the Plan at year-end based upon the quoted market prices of the underlying investments. NAV is used as a practical expedient for estimating fair value of common collective trusts. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

**Stable Value Fund** — A common collective trust fund that is composed primarily of fully benefit-responsive investment contracts and is reported at fair value using NAV as a practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The stable value fund is the Fidelity Managed Income Portfolio II Class 1 Fund (the “MIP II Fund”). Participant-directed withdrawals may be made daily provided the funds are not exchanged to a competing fund (money market funds or certain types of fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. Withdrawals directed by the Sponsor require a one-year redemption notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023 (in thousands):

<b>Investments at Fair Value as of December 31, 2024</b>

**5. CERTIFIED INVESTMENT INFORMATION**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity Management Trust Company held the Plan's investment assets as of December 31, 2024 and 2023 and executed investment transactions for the year ended December 31, 2024. The Plan administrator has obtained certifications from the Trustee that the information provided to the Plan administrator by the Trustee is complete and accurate. The following is a summary of the information regarding the Plan, included in the Plan's financial statements and supplemental schedules that were prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator:

<b>Statements of Net Assets Available for Benefits (in thousands)</b>	<b>As of December 31,</b>	
	<b>2024</b>	<b>2023</b>

- All investment balances and information included in the Supplemental Schedule of Assets (held at year end) have been certified by the Trustee.
- All investment balances and investment information in “Note 3 — Fair Value Measurements” have been certified by the Trustee, except the classification and level of investments.
- All investment balances and investment information in “Note 4 — Net Asset Value Per Share” have been certified by the Trustee, except the unfunded commitment and redemption frequency, other redemption restrictions and redemption notice period.

## 6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2024, certain Plan investments were managed by the Trustee and therefore, the investment transactions are considered exempt party-in-interest transactions. SageView is the investment advisor for the Plan, and fees paid for investment advisory services also qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are also considered exempt party-in-interest transactions.

## 7. NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2024, the Company remitted the April 26, 2024 participant contributions of approximately \$79,000 to the trustee on May 16, 2024, which was later than required by Department of Labor Regulation 2510.3-102. The Company filed Form 5330 with the IRS and paid the

required excise tax on the transaction. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

## **8. FEDERAL INCOME TAX STATUS**

The Plan uses a volume submitter plan document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an opinion letter from the IRS, dated June 30, 2020, which states that the specimen plans' form satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management, however, believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

## **9. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.
