## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Center for Global Development  
Defined Contribution Retirement Plan  
Washington, D.C.

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of the Center for Global Development Defined Contribution Retirement Plan (the Plan), an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a State or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CENTER FOR GLOBAL DEVELOPMENT  
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**1. DESCRIPTION OF THE PLAN**

The following description of the Center for Global Development Defined Contribution Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General -

The Plan is a defined contribution Plan covering substantially all full-time employees of the Center for Global Development (the Company). The Plan was established on October 1, 2002, and is subject to the provisions of the Employee Retirement Income Security Act. The Plan was most recently restated effective January 1, 2021, and most recently amended effective January 1, 2024.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023, and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

Eligibility -

An employee is eligible to make elective deferrals into the Plan beginning on his or her date of hire. There is no minimum age an employee must attain to become a participant in the Plan for purposes of making elective deferrals.

An employee is eligible to participate in the employer portion of the Plan on the first of the month following the date of hire once he or she has attained age 21 and completed one year of service or 1,000 hours.

Contributions -

Under the terms of the Plan, participants may make voluntary contributions to the Plan up to 100% of their pre-tax annual compensation, as defined by the Plan. The Plan also allows for catch up contributions for participants who are 50 and older. All contributions are subject to certain IRS limitations.

The Company makes an employer contribution in the fixed amount of 15% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

Notes receivable from participants -

The Plan allows for loans to participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account. Interest rates on loans to participants range from 5.50% to 9.75%.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**1. DESCRIPTION OF THE PLAN (Continued)**

Participant accounts -

Each participant's account is credited with (a) the Company's contribution, (b) the employee's contribution and (c) the account earnings. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Investment elections -

The Plan assets are administered under contracts with Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), the custodians and insurance carriers and Ascensus, LLC, the custodian and record keeper of the Plan. Participants have the ability to change initial investment option selections or transfer Plan assets among the selected investment options, to the extent permitted by the participant contract agreements.

Vesting -

All employer and employee contributions and employee rollover contributions are always 100% vested.

Payment of benefits -

Benefits provided by the Plan are paid from net assets available for benefits. The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions and net earnings thereon allocated to such participant's account. Benefit payments are made in the form of participant directed lump sum, installment, or annuity payments upon separation, retirement, total and permanent disability, or death, as applicable. The Plan does not allow for in-service distributions. Benefits are recorded when paid whether directly to or on behalf of a participant.

If the total vested value is below \$1,000 in a participant's account at the time of termination, then a distribution will be made to the participant regardless of whether they consent to receive it. If the total vested value is greater than \$1,000, but less than \$5,000, the participant has the option of either 1) rolling over their balance into a qualified individual retirement account, or 2) receiving a distribution. If the vested value is greater than \$5,000, the participant may remain in the Plan.

The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 73 or the calendar year the participant retires. In addition, participants may elect in-service withdrawals of their vested account balances after reaching age 59½.

Plan termination -

Although it has not expressed any intentions to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in the Employee Retirement Income Security Act.

**1. DESCRIPTION OF THE PLAN (Continued)**

Administrative fees -

The Company pays substantially all of the administrative costs related to the operations of the Plan. Management fees and operating expenses related to the Plan's investments are deducted from investment income or net appreciation in fair value of investments and are not separately reflected as administrative fees.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of accounting -

The financial statements are prepared on the accrual basis of accounting and in accordance with FASB ASC 962, *Plan Accounting Defined Contribution Pension Plans*.

Use of estimates -

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of investments -

Investments in registered investment companies and the non benefit-responsive investment contract are stated at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Certain Plan assets are invested in a pooled separate account. Under this investment concept, the custodian accounts for the Plan's share of the total portfolio on a unit basis and reports the pooled separate account at net asset value (NAV).

Contract value is the relevant measurement attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

**3. INCOME TAX STATUS**

The Plan was established as a qualified Plan under Section 403(b) of the Internal Revenue Code (IRC). The prototype Plan obtained its latest opinion letter dated March 31, 2017, in which the Internal Revenue Service (the IRS) indicated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC and was qualified and tax-exempt.

**CENTER FOR GLOBAL DEVELOPMENT  
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**3. INCOME TAX STATUS (Continued)**

On January 1, 2024, the Plan adopted its most recent Plan amendment. Management of the Plan, in consultation with its legal counsel, believes that the Plan continues to meet the requirements of Section 403 of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

Management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**4. INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's Administrator instructed the Plan's independent auditors not to perform, and they did not perform, such auditing procedures with respect to the information certified by a) Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the custodian and trustee; and b) Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), the qualified institutions, issued Certification Statements, certifying the information presented in the Schedule of Assets (Held at End of Year) and the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023.

**5. PARTY-IN-INTEREST TRANSACTIONS**

The Plan's investments are held by Ascensus, LLC, the custodian and record keeper and by TIAA and CREF, the custodians and insurance carriers. Therefore, the Plan's transactions with Ascensus, LLC and TIAA and CREF qualify as party-in-interest transactions.

**6. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**CENTER FOR GLOBAL DEVELOPMENT  
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**7. FULLY BENEFIT-RESPONSIVE AND NON BENEFIT-RESPONSIVE INVESTMENT AND ANNUITY CONTRACTS**

**TIAA TRADITIONAL ANNUITIES**

As of December 31, 2024 and 2023, the Plan offered both fully benefit and non benefit-responsive guaranteed fixed annuities in the form of TIAA Traditional Annuities. These annuities are offered to participants through contracts with TIAA, an insurance carrier.

Participants who choose to allocate a portion of their retirement savings to the TIAA Traditional Annuities make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified rate of interest, generally 3% annually, is guaranteed by TIAA's claims-paying ability.

The TIAA Traditional Annuities also provide an opportunity for participants to receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month "declaration year" that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years.

The contracts are backed by the assets of TIAA's General Account, which invests in a wide array of financial instruments, generating the opportunity for additional gains on the investment vehicle.

As of December 31, 2024 and 2023, the average yield earned on the fully benefit-responsive investment contract was 3.88% and 3.96%, respectively. The TIAA Traditional Annuities do not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

**ASCENSUS STANDARD STABLE VALUE FUND**

The Plan also offers fully benefit-responsive group annuity contract with Ascensus Trust Company, which is maintained in a stable asset fund. The stable asset fund is credited with earnings on underlying investments and charged with participant withdrawal and administrative expenses. The crediting interest rate for the group annuity contracts are based on a formula agreed upon with the issuer such interest rates are reviewed on a semi-annual basis for resetting. As of December 31, 2024 and 2023, the crediting interest rates and actual average yield was 2.85% and 2.75%, respectively.

Because certain contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events may limit the ability of the Plan to transact at contract value with the issuer.

Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

**CENTER FOR GLOBAL DEVELOPMENT  
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**8. FAIR VALUE MEASUREMENT**

In accordance with FASB ASC 820, *Fair Value Measurement*, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Investments recorded in the Statements of Net Assets Available for Benefits are categorized based on the inputs to valuation techniques as follows:

**Level 1.** These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Plan has the ability to access.

**Level 2.** These are investments where values are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or model-based valuation techniques that utilize inputs that are observable either directly or indirectly for substantially the full-term of the investments.

**Level 3.** These are investments where inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for the Plan's investments.

- **Registered Investment Companies**

These funds invest principally in equity securities, fixed-income instruments, other mutual funds and short-term instruments in accordance with each fund's investment objectives. The fair value is equal to the reported net asset value of the fund, which is the price at which additional shares can be obtained.

- **Non Benefit-Responsive Investment Contract**

- TIAA Traditional Annuity -*

The non benefit-responsive portion of the Traditional Annuity is reported at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issues. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Benefits under the non benefit-responsive category of the Annuity have liquidity restrictions. Distributions, withdrawals, and transfers out of the non benefit category of the contract can only be made in 10 annual installments. Distributions can also be made over longer periods.

- **Pooled Separate Account**

- TIAA Real Estate Account (REA) -*

The REA generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day.

**CENTER FOR GLOBAL DEVELOPMENT  
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**8. FAIR VALUE MEASUREMENT (Continued)**

- **Pooled Separate Account (continued)**

*TIAA Real Estate Account (REA) (continued) -*

Accumulation units in the REA are available for transaction at the closing accumulation unit value on any day the New York Stock Exchange is open for business. Transfers out of the REA are limited to one per calendar quarter. Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee, ensuring that the REA has funds available to meet participant redemption, transfer, or cash withdrawal requests executed at quoted unit values.

In accordance with GAAP, the value of certain investments can be determined using net asset value (NAV) per share as a practical expedient when the fair value is not readily determinable, unless its probable that the investment will be sold at something other than NAV. GAAP requires disclosure of certain attributes by major category for investments within the scope of the ASU measured using NAV as a practical expedient. The Plan administrator has determined that the Pooled Separate Account can be measured using NAV as a practical expedient.

- **Fully Benefit-Responsive Investment Contracts**

*TIAA Traditional Annuity -*

The fully benefit-responsive portion of the TIAA Traditional Annuity is reported at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

Certain investments that are measured at net asset value and contract value have not been categorized in the fair value hierarchy; however, the net asset value and contract value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The table below summarizes, by level within the fair value hierarchy, the Plan's investments as of December 31, 2024:
