To the Plan Administrator
Greenstar Cooperative Market 401(k) Plan & Trust
Ithaca, New York

We have audited the financial statements of Greenstar Cooperative Market 401(k) Plan & Trust (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2024, and we will issue our report thereon dated July 18, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Ascensus Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 2, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor’s report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan’s financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 18, 2025. Attached is a copy of management's written representations.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding:

- Forfeiture balance - the Plan document has established guidelines for the use of forfeited participant accounts to reduce the amount of Cooperative's contributions. In addition, the Internal Revenue Code (IRC) requires that these forfeited accounts be used or reallocated to Plan participants in accordance with the terms of the Plan document in the Plan year they are incurred.

During our audit, we noted that as of December 31, 2024, the Plan had accumulated approximately \$13,695 of unallocated forfeited participant accounts that had not been utilized. The Plan should use or reallocate these forfeited accounts as soon as possible. Failure to utilize the forfeitures could result in plan disqualification.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

The following adjusting journal entry resulted from the non-attest services performed by us:

| Account | Description | W/P Ref | Debit | Credit |
|--|------------------------------|---------|-----------------|-----------------|
| Adjusting Journal Entries | | | | |
| Adjusting Journal Entries JE # 1 | | 3112.00 | | |
| Closing Entry: To reverse PY contribution receivable | | | | |
| 4101 | Contributions EE - 401k | | 3,532.34 | |
| 1201 | Contribution receivable - EE | | | 3,532.34 |
| Total | | | 3,532.34 | 3,532.34 |

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following matters are opportunities for implementing best practices regarding fiduciary responsibilities.

- Authorization of discretionary matching contributions – There was no authorization or documentation of no employer discretionary matching in the meeting minutes for 2024. Absence of an approval of the discretionary contributions could expose the Cooperative to an increased risk that incorrect amount, if any, is allocated to participants. We recommend that you include in the minutes the amount and authorization of the discretionary matching contributions or lack thereof.
- SOC1 Review - The Cooperative has outsourced plan recordkeeping and administrative functions to Ascensus Trust Company and Paylocity. These third-party service organizations perform a significant amount of the processing of plan transactions. We recommend you obtain a report on the controls at the third party service provider's, commonly referred to as a SOC 1 report for each third-party service provider you use. Many SOC 1 reports also include a list of control activities for which the plan is responsible (these control activities are referred to as "complimentary user entity controls (CUEC's)"). For example, the plan is generally responsible for establishing controls to ensure that participant data submitted to a third-party service provider is complete, accurate, and in an agreed-upon format. If effective controls are not in place at the plan, the third-party service provider's controls may not compensate for such weaknesses. SOC 1 reports can be extremely important to you in fulfilling your fiduciary duty to monitor your third-party service providers; as such, you should obtain and read a report each year. Attached is a template to document your review of the SOC 1 and CUEC's. We will be requesting a completed copy of this template as part of our prepared by client list (PBC list) for the audit of the 2025 plan year.

This information is intended solely for the use of the investment committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Wegner CPAs, LLP

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding:

- Forfeiture balance - the Plan document has established guidelines for the use of forfeited participant accounts to reduce the amount of Cooperative's contributions. In addition, the Internal Revenue Code (IRC) requires that these forfeited accounts be used or reallocated to Plan participants in accordance with the terms of the Plan document in the Plan year they are incurred.

During our audit, we noted that as of December 31, 2024, the Plan had accumulated approximately \$13,695 of unallocated forfeited participant accounts that had not been utilized. The Plan should use or reallocate these forfeited accounts as soon as possible. Failure to utilize the forfeitures could result in plan disqualification.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

The following adjusting journal entry resulted from the non-attest services performed by us:

| Account | Description | W/P Ref | Debit | Credit |
|--|------------------------------|---------|-----------------|-----------------|
| Adjusting Journal Entries | | | | |

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following matters are opportunities for implementing best practices regarding fiduciary responsibilities.

- Authorization of discretionary matching contributions – There was no authorization or documentation of no employer discretionary matching in the meeting minutes for 2024. Absence of an approval of the discretionary contributions could expose the Cooperative to an increased risk that incorrect amount, if any, is allocated to participants. We recommend that you include in the minutes the amount and authorization of the discretionary matching contributions or lack thereof.
- SOC1 Review - The Cooperative has outsourced plan recordkeeping and administrative functions to Ascensus Trust Company and Paylocity. These third-party service organizations perform a significant amount of the processing of plan transactions. We recommend you obtain a report on the controls at the third party service provider's, commonly referred to as a SOC 1 report for each third-party service provider you use. Many SOC 1 reports also include a list of control activities for which the plan is responsible (these control activities are referred to as "complimentary user entity controls (CUEC's)"). For example, the plan is generally responsible for establishing controls to ensure that participant data submitted to a third-party service provider is complete, accurate, and in an agreed-upon format. If effective controls are not in place at the plan, the third-party service provider's controls may not compensate for such weaknesses. SOC 1 reports can be extremely important to you in fulfilling your fiduciary duty to monitor your third-party service providers; as such, you should obtain and read a report each year. Attached is a template to document your review of the SOC 1 and CUEC's. We will be requesting a completed copy of this template as part of our prepared by client list (PBC list) for the audit of the 2025 plan year.

This information is intended solely for the use of the investment committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
