Report of Independent Auditors

The Investment Committee
The Permanente Medical Group, Inc. Salary Deferral Retirement Plan
Trust No. 93143

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Permanente Medical Group, Inc. Salary Deferral Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Permanente Medical Group, Inc. Salary Deferral Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Permanente Medical Group, Inc. Salary Deferral Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Permanente Medical Group, Inc. Salary Deferral Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

The Permanente Medical Group, Inc. Salary Deferral Retirement Plan Notes to Financial Statements

Note A – Description of the Plan

The following description of The Permanente Medical Group, Inc. Salary Deferral Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by The Permanente Medical Group, Inc. (TPMG). The Plan is intended to comply with the provisions of Section 401, 402(a) and other applicable provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to provide additional retirement benefits for employees who meet specified requirements.

Trustees and custodian – Vanguard Fiduciary Trust Company (Vanguard) serves as the trustee for the mutual funds, certain collective investment funds and participant directed brokerage accounts.

Eligibility – Certain optometrists employed by a participating company are eligible to participate in the plan.

Participant accounts – Each participant's account is credited with the participant's contributions plus allocated Plan earnings and losses, and charged with administrative expenses. Allocations are based on participant account balances. The expenses incurred in operating the Plan, including the fees paid to accountants, legal professionals, and other Plan service providers, may be charged against the accounts of Plan participants at the discretion of the Administrative Committee or the Investment Committee (the Committees) as defined in the Plan document. The Committees may use such discretion to charge these administrative expenses to participant accounts. Any actual administrative expenses charged to a participant's account shall be reflected in the participant's quarterly account statement. The benefit to which a participant is entitled is based on the participant's vested account balance.

Contributions – Participating employees may make voluntary contributions of 1% to 75% on a pretax basis. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provisions whereby certain employee groups newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

The Employer makes contributions for certain employee groups as defined by the Plan document. All contributions are subject to applicable limitations set by the Internal Revenue Service (IRS).

Vesting – Each participant is immediately 100% vested in his or her employee contributions accounts. Participant vests 20% per year of service in his or her employer contribution account and is 100% vested after 5 years of service.

The Permanente Medical Group, Inc.
Salary Deferral Retirement Plan
Notes to Financial Statements

Notes receivable from participants – A participant may borrow up to the lesser of 50% of his or her account balance or \$50,000, reduced by the highest outstanding loan balances carried by the participant in this and/or all other employer plans during the 12-month period prior to the new loan. The term of the loan is limited to not more than 5 years, except for residential loans, which may be extended up to 15 years. The interest rate is “Prime Rate” plus 1%. Loan repayments are made through payroll deductions and are credited to the participant’s account. As of December 31, 2024, the rates of interest on outstanding loans ranged from 4.25% to 9.50% with various maturities through February 2039.

Payment of benefits – A participant shall be entitled to receive all or a portion of his or her account upon occurrence of the earlier of the participant’s retirement, death, disability, termination of employment, attainment of age 59½, or the participant’s hardship, as determined by the Plan document. Participants with account balances greater than \$5,000 have the option of leaving their accounts in the Plan after termination.

Forfeitures – Forfeitures are any amounts properly removed from a Plan account for any reason provided under the terms of the Plan other than a distribution of withdrawal pursuant to an appropriate election. Forfeitures are retained in the Plan and never revert to the plan sponsor. Forfeiture amounts in a plan year are first used to restore rehired participants’ and abandoned accounts. Then, to the extent forfeiture amounts remain, the Plan Administrator, in its discretion, may use such remaining amounts to pay reasonable administrative expenses of the Plan or reduce future employer contributions. For the year ended December 31, 2024 and prior years, the Plan Administrator has used forfeiture amounts that remained after the reinstatement of rehired participants’ and abandoned accounts to pay Plan administrative expenses and has not used forfeitures to reduce employer contributions.

Note B – Significant Accounting Policies

The following are the significant accounting policies followed by the Plan.

Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of estimates – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that could be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3 – Fair Value Measurements).

Purchases and sales of securities are recorded on a trade date basis. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Permanente Medical Group, Inc.

Salary Deferral Retirement Plan

Notes to Financial Statements

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants – Notes receivable from participants represent participant loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for loan losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan payments and the loan is deemed a distribution, based on the terms of the loan document, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Expenses for maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events – The Plan's financial statements have been evaluated for subsequent events or transactions for potential recognition through August 1, 2025, the date the financial statements are available to be issued. Plan management determined that there are no subsequent events or transactions that require disclosure to, or adjustment in, the financial statements.

Note C – Fair Value Measurements

The framework used to measure fair value prioritizes the inputs to valuation techniques within a hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The Permanente Medical Group, Inc.
Salary Deferral Retirement Plan
Notes to Financial Statements

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed actively traded.
- Collective investment funds are stated at fair value as determined by the issuers based on the unit values of the funds. Unit values are determined by dividing the funds' net assets, which represent the unadjusted prices in active markets of the underlying investments, by the number of units outstanding at the valuation date. While not publicly traded, the funds are comprised primarily of underlying securities represented by a variety of asset classes that are publicly traded on exchanges or over the counter, and price quotes for the assets held by the funds are readily observable and available. Redemption requests on the collective investments funds must be received at least 10 business days prior to the specified valuation date of withdrawal. There are no unfunded commitments or other redemption restrictions on the collective investments funds.
- Participant-directed brokerage accounts held mutual funds, money market accounts, and cash.

There have been no changes in the methodologies used as of December 31, 2024 and 2023.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value				<u>\$ 188,539,915</u>

Note D – Plan Termination

Although it has not expressed any intent to do so, TPMG has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note E – Tax Status

The Plan obtained its latest determination letter dated July 6, 2017, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been restated and amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Permanente Medical Group, Inc.
Salary Deferral Retirement Plan
Notes to Financial Statements

Note F – Party-In-Interest Transactions

Certain plan investments are managed by an affiliate of Vanguard. Vanguard is the trustee of the Plan. An affiliate of Vanguard also serves as the recordkeeper. Transactions with the trustees and recordkeeper qualify as party-in-interest transactions.

Note G – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note H – Plan Obligations

In accordance with GAAP, benefits due to terminated participants are included in the statements of net assets available for benefits. There were no benefits due to terminated participants as of December 31, 2024 and 2023.
