INDEPENDENT AUDITOR'S REPORT

**To the Plan Administrator
Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and

other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

INDEPENDENT AUDITOR'S REPORT

**To the Plan Administrator
Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and

other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Supplemental 401(k) Plan
Notes to Financial Statements
As of December 31, 2024

1. Plan Description

The following is a brief description of the Simpson Manufacturing Co., Inc. SMW Supplemental 401(k) Plan (the "Plan") and is provided for general informational purposes only. Participants should refer to the plan document, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that Simpson Manufacturing Co., Inc. and its United States subsidiaries (collectively, the "Company" or "Employer") established on January 1, 2024, to provide benefits to eligible U.S. Sheet Metal Workers Union No. 104 employees, as provided in the plan document. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's fiscal year ("Plan Year") is the twelve-months ended December 31.

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act was enacted in December 2019 and generally became effective January 1, 2020. The SECURE Act was designed to encourage investing for retirement by increasing the required minimum distribution age and making certain other changes to certain tax-qualified retirement plans. In December 2022, the Secure Act 2.0 ("SECURE 2.0") was passed, which built on the original SECURE Act's focus on expanding retirement plan coverage and participation. Most of the provisions of SECURE 2.0 were effective in 2024 and beyond. SECURE 2.0 includes both required and optional provisions, and the Company will determine the optional provisions to adopt.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Vanguard Fiduciary Trust Company serves as the ("Trustee") for the Plan and The Vanguard Group Inc. provided administrative and recordkeeping services on behalf of the Plan.

Eligibility

Company employees who are part of the Sheet Metal Workers Union No. 104 are eligible to participate in the Plan once they have reached the entry date. The entry date for purposes of employee elective deferrals and employer discretionary contributions, is upon commencement of employment.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan on a tax-deferred basis or a Roth after-tax basis, up to a maximum amount allowed by the Internal Revenue Code (the "IRC"). Maximum allowed deferral amounts were \$23,000 for 2024. Employees over the age of 50 could also contribute an additional \$7,500 to the Plan for 2024. Contributions withheld are invested in accordance with the participant's direction into various investment options offered by the Plan. Participants may also contribute qualified rollover contributions representing distributions from other qualified plans. Newly hired-eligible employees are automatically enrolled to defer 3% of their eligible compensation on a tax-deferred basis unless the participant makes a contrary election or opts out.

The Company contributes to the Plan a discretionary amount, approved by its Board of Directors, limited to the maximum amount deductible for federal income tax purposes. The discretionary employer contribution amounted to 1% of eligible compensation for each participant for the year ended December 31, 2024. The Company's discretionary contribution payments amounted to \$74,225 related to 4th quarter 2023 of 1% wages earned based on the Collective Bargaining Agreement ("CBA") and \$205,722 for 2024 plan year.

Employer contributions are invested in accordance with the participant's direction into various investment options offered by the Plan. If a participant fails to choose an investment option for the contributions to his or her Plan account,

SIMPSON MANUFACTURING CO., INC.
Supplemental 401(k) Plan
Notes to Financial Statements
As of December 31, 2024

such funds are automatically invested in the default investment option until he or she selects a different investment option available under the Plan. The Plan's designated default investment option is the Vanguard Target Retirement Trust Fund that has a target retirement date closest to the year in which the applicable participant might retire, based on the participant's date of birth and assuming a retirement age of 65.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of investment losses and administrative expenses not paid directly by the Company (net of investment related expenses). Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover contributions, plus actual earnings thereon as well as the Company's discretionary contributions.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 less their highest outstanding notes receivable balance under the Plan during the previous 12 months or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 2.0% which is commensurate with prevailing rates. Interest rates are updated on the day following the change in the published prime rate. Principal and interest are paid to the Plan ratably through payroll deductions. The notes receivable are to be repaid over a period not to exceed five years, unless the loan qualifies as a home loan, for which the term of repayment may not be greater than 15 years. A home loan is a loan used to acquire a dwelling unit which, within a reasonable time, the participant will use as a principal residence. Outstanding notes receivable at December 31, 2024, carried interest rates ranging from 9.75% - 10.50% and are currently expected to mature through 2029.

Payment of benefits

Distributions and withdrawals are payable upon retirement or attainment of age 59 1/2, severance from employment, financial hardship, separation from employment while on qualified active military duty, disability or death. If a participant's account balance is equal to or less than \$5,000 upon termination, the balance is distributed immediately in a lump-sum cash payment unless a direct rollover into an individual retirement account ("IRA") or other qualified benefit plan is requested. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into an IRA or other qualified plan or postpone payment to a later date and remain in the Plan as described in the plan documents. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents.

2. Summary of Significant Accounting Policies and Basis of Presentation

Basis of accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. ("U.S. GAAP").

SIMPSON MANUFACTURING CO., INC.
Supplemental 401(k) Plan
Notes to Financial Statements
As of December 31, 2024

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Within investment income, net appreciation (depreciation) of assets, and net investment gain (loss) from common/collective trusts includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable, if any, from participants are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024.

Accounting for contributions

Contributions from participants are recorded based on the date contributions are separated from the participants' pay. Rollover contributions, are recorded based on the date that the contributions are received by the Plan. Company contributions are recorded in the year earned to coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for contributions based upon contributions recognized, less amounts received by the Plan as of the last day of the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeper and audit fees were paid directly by the Company for the year ended December 31, 2024. Investment fees, which may vary according to the individual investment funds selected, are paid at the Plan level, which affect Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include but are not limited to costs to process distributions, loans and domestic relations orders. Generally, the Company pays for any administrative expenses of the Plan. The Plan is not required to reimburse the Company for expenses paid on its behalf.

Administrative expenses are recorded when incurred.

3. Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statement of net assets available for benefits as of December 31, 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule").

Accordingly, as permitted under such election, the Plan administrator has instructed the Plan's independent auditor not to perform any auditing procedures with respect to the certified information except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

4. Risks and Uncertainties

The Trustee holds the Plan's investments and executes all investment transactions. The Plan allows for investment in common collective trust funds and a mutual fund. A participant may direct the Trustee to invest any portion of his or her elective contributions, the Company's discretionary contributions and rollover contributions in available investment options. Available investment options may change at any time at the discretion of the Company.

The Plan provides for investments in various securities that, in general, are exposed to various risks, such as interest rate, credit, liquidity risk and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits and changes therein on participant account balances.

5. Fair Value Measurements

In accordance with Accounting Standard Codification No. 820, "Fair Value Measurement" ("Topic 820"), the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

SIMPSON MANUFACTURING CO., INC.
Supplemental 401(k) Plan
Notes to Financial Statements
As of December 31, 2024

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024:

- *Mutual fund*: Valued at the daily closing prices as reported by the funds. Mutual funds currently invested in by the Plan are open-end mutual funds registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact based on that value. These funds are currently deemed to be actively traded.
- *Common collective trust funds*: Measured at fair value using the net asset value per share (or its equivalent) as a practical expedient to fair value, these investments have not been classified in the fair value hierarchy and are shown as a reconciling item. For the common collective trust funds, the investments are managed by the Trustee by following an asset allocation strategy by investing in selected Vanguard funds to achieve their targeted allocation of assets to U.S. and international stocks, and U.S. and international bonds. The Participants' redemptions of the common/collective trusts are permitted daily with no other restrictions or notice periods and there are no unfunded commitments.

The following are the major categories of assets and liabilities measured at fair value during the year ended December 31, 2024.

December 31, 2024	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Net Asset Value as Practical Expedient*	Total Fair Value
Common collective trust funds	—	—	—	894,155	894,155
Mutual fund	25,858	—	—	—	25,858
Total investments	\$ 25,858	\$ —	\$ —	\$ 894,155	\$ 920,013

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value to the line items presented in the statements of net assets available for benefits.

6. Related Parties and Parties-in-Interest

SIMPSON MANUFACTURING CO., INC.
Supplemental 401(k) Plan
Notes to Financial Statements
As of December 31, 2024

Certain Plan investments are shares of mutual funds and common collective trust funds managed by the Trustee or its affiliates, and therefore, these transactions qualify as party-in-interest transactions. Subject to future events and circumstances, the Company and the Plan's tax advisor believe that aforementioned party-in-interest transactions qualify as being exempt from ERISA and the IRS' prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, at any time, subject to the provisions of ERISA. In the event of Plan termination, the full value of each participant's account shall become fully vested and non-forfeitable and shall be distributed to the participant.

8. Tax Status

The Plan adopted the Vanguard Cycle 3 Pre-approved Defined Contribution Plan effective January 1, 2024. The Vanguard Group received an opinion letter from the IRS on the plan dated June 30, 2020, indicating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Subject to future events and circumstances, the Company and the Plan's tax advisor currently believe that the Plan and its underlying trust are currently designed and operated within the terms of the Plan and remain qualified under the applicable provisions of the IRC, and are tax-exempt. Therefore, a provision for income taxes has not been included in the Plan's financial statements.

9. Subsequent Events

On April 1, 2025, the Company amended the Plan to allow for the automatic rollover provisions under Section 8.06 of the Plan document to apply to all involuntary Cash-Out Distributions.

The Plan has evaluated subsequent events through August 29, 2025, the date the financials were available for issuance. No subsequent events have occurred that would have a material impact on the Plan's financial statements.
