Cash Balance Plan**

**Plan Specifications and Actuarial Assumptions  
Valuation as of 12/31/2024 for the Plan Year Ending 12/31/2024**

**Rationale for Non-Prescribed Assumptions:**

The probability of a lump sum distribution considers that most participants in small retirement plans elect lump sum distributions when that option is available.

Participants are assumed to retire at normal retirement age without consideration of early retirement, death, disability, or termination of employment. This is reasonable based upon plan experience and plan size.

No salary scale was used in determining liabilities. This is reasonable based upon plan size.

The assumptions are appropriate for the actuarial valuation, reflect the actuary's professional judgment and estimate of future experience, considers relevant historical and current data, and has no significant bias.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**Plymouth Oral & Facial Surgery, PLC  
Cash Balance Plan**

**Plan Specifications and Actuarial Assumptions  
Valuation as of 12/31/2024 for the Plan Year Ending 12/31/2024**

**Rationale for Non-Prescribed Assumptions:**

The probability of a lump sum distribution considers that most participants in small retirement plans elect lump sum distributions when that option is available.

Participants are assumed to retire at normal retirement age without consideration of early retirement, death, disability, or termination of employment. This is reasonable based upon plan experience and plan size.

No salary scale was used in determining liabilities. This is reasonable based upon plan size.

The assumptions are appropriate for the actuarial valuation, reflect the actuary's professional judgment and estimate of future experience, considers relevant historical and current data, and has no significant bias.

Schedule SB, line 25 – Change in Funding Method  
Plan Sponsor: Plymouth Oral & Facial Surgery  
Plan Sponsor's 38-3261654  
Plan Number: 002

The funding method was changed due to a takeover of actuarial services. The change meets the requirements of Revenue Procedure 2017-56, Section 4.01. The calculation of funding target, target normal cost, and the actuarial value of assets are all within the tolerances described.

The plan administrator (within the meaning of §414(g)) or an authorized representative of the plan sponsor agrees to the change in funding method.
