**INDEPENDENT AUDITORS' REPORT**

Board of Managers and Plan Participants  
Ballentine Partners, LLC 401(k) Profit Sharing Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Ballentine Partners, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 1. Plan Description

The following description of the Ballentine Partners, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan qualified under Section 401(k) of the U. S. Internal Revenue Code (the Code) covering eligible employees of Ballentine Partners, LLC (the Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Fidelity Management Trust Company (Fidelity) currently serves as the Trustee of the Plan.

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE Act 2.0) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

#### Eligibility

All employees are eligible to participate in the Plan on the first day of employment. The Plan auto enrolls all employees, withholding 3% of compensation with an annual increase of 1% up to 6% unless the employee opts out.

#### Participants' Accounts

Participants are allowed to invest in a variety of investment choices as described in the Plan's literature. Participants may change their allocations at any time. One of the available options is a brokerage account where participants have the option to manage their account with an investment advisor. Each participant's account is credited with the participant's contributions and an allocation of Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Notes Receivable From Participants

Plan participants are allowed to borrow a minimum of \$1,000 up to the lesser of \$50,000 or one-half of the value of their vested accounts under the Plan. Notes must be repaid over a period not to exceed five years, unless the proceeds are used for certain residential purposes. Notes receivable from participants bear interest commensurate with local prevailing rates, as determined by the Plan Administrator. Interest rates range from 4.25% to 9.50% with maturities through March 2031 at December 31, 2024. Principal and interest are paid through payroll deductions.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 1. Plan Description (Continued)

#### Employee Contributions

Participants are allowed to make regular compensation deferral contributions, including Roth deferrals, as well as additional pretax deferral contributions in any whole percentage between 1% and 100% up to 60% of a participant's eligible compensation for those under 50 and up to 100% of a participant's eligible compensation for those over 50. The annual limit for all deferral contributions is \$23,000. Participants projected to be age 50 or older by the end of the calendar year can also make a catch-up contribution of up to \$7,500.

#### Employer Contributions

The Company may elect to contribute discretionary matching contributions determined by the officers as delegated by the Board of Managers each year. In Plan year 2024, the Company matched 4% of the employee's eligible Plan compensation, as further defined in the Plan document. Discretionary matching contributions totaled \$757,934 for 2024.

The Company may make discretionary non-elective contributions determined by the Board of Managers each year or as required for the Plan to remain in compliance with Internal Revenue Service (IRS) nondiscrimination regulations. Participants are eligible to receive an allocation of the discretionary non-elective contribution if they are both employed with the Company on the last day of the Plan year and have at least 1,000 hours of service. The Company made no discretionary non-elective contributions in 2024.

#### Rollover Contributions

Rollover contributions are permitted under the Plan, subject to the approval of the Plan administration and the appropriate sections of the Code.

#### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's employer discretionary matching contributions and non-elective contributions plus actual earnings thereon is based on years of service. Participants become fully vested in discretionary matching contributions after three years of service. The non-elective contribution vesting is such that a participant is 20% vested after two years, 40% vested after three years, 60% vested after four years, 80% vested after five years and 100% vested after six years of credited service. Employees who are participants will become fully vested upon retirement (age 65) or disability.

#### Benefit Payments

Upon retirement, termination of employment, age 59.5 or disability, participants may elect to receive the value of their account in the form of a lump sum payment or a direct rollover to another qualified plan which accepts direct rollovers or to an Individual Retirement Account. The Plan also provides for withdrawals in the event of death, disability, or hardship, at any time and any age.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 1. **Plan Description (Continued)**

#### *Administrative Expenses*

The Company pays certain administrative expenses of the Plan. Loan processing and other transaction-based fees are deducted from Plan participant balances and certain investment fees are paid through the Plan's investment returns.

#### *Forfeitures*

Forfeitures represent non-vested Company contributions forfeited by participants who terminate their employment or who withdraw from the Plan. Forfeitures are retained by the Plan and are used to reduce future Company contributions, reallocated to participants or to pay for Plan expenses. At December 31, 2024 and 2023, there were approximately \$37,000 and \$16,000, respectively, forfeited non-vested amounts available for use. Forfeitures of \$18,775 were used to reduce employer matching contributions made during the 2024 Plan year.

#### *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their account balances.

### 2. **Summary of Significant Accounting Policies**

#### *Basis of Accounting and Presentation*

The financial statements of the Plan are prepared under the accrual method of accounting.

#### *Management Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

#### *Risks and Uncertainties*

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investments, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### 2. Summary of Significant Accounting Policies (Continued)

#### Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value based upon quoted market prices which represent the net asset value of shares held by the Plan. See note 6 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as changes in the fair value of investments held during the year.

#### Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, if material. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### Contributions

Contributions to the Plan are made by both participants and the employer. Participant contributions are recorded in the period in which payroll deductions are made. Employer contributions are recorded in the year of related eligible participant service.

#### Payment of Benefits

Benefits are recorded when paid.

#### Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through August 22, 2025, which is the date the financial statements were available to be issued.

### 3. Information Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Fidelity, the Trustee, except for comparing such information with the related information included in the accompanying financial statements. The Plan Administrator has obtained a certification from the Trustee stating that the information provided to the Plan Administrator by the Trustee is complete and accurate. Such information includes investments, net appreciation in fair value of investments, interest and dividend income, investment transactions, notes receivable from participants, interest income on notes receivable from participants and notes receivable transactions. The Plan Administrator has determined that the Trustee meets the requirements of a qualified institution as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 4. Tax Status

The Plan is based on a Fidelity Volume Submitter Plan for which the IRS issued an opinion letter dated June 30, 2020, stating that the Plan was designed in accordance with applicable IRS requirements. The Plan has been amended since that date. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States federal, state, or local tax authorities. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 5. Party-In-Interest Transactions

The Plan's investments are managed by Fidelity Investments. Fidelity Management Trust Company and Fidelity Workplace Services LLC, which are part of the Fidelity Investments organization, serve as the Plan's Trustee and recordkeeper, respectively. Therefore, transactions involving the Plan's investments in the Fidelity Government Money Market and Fidelity mutual funds qualify as party-in-interest. The Plan paid certain direct fees to Fidelity Investments, which are recorded in administrative expenses in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2024, and qualify as party-in-interest transactions. In addition, notes to participants qualify as party-in-interest transactions.

### 6. Fair Value Measurements

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on the sale of any of these investments.
