To the Trustees of the
Community Program Centers of Long Island, Inc.
403(b) DC Plan
Hauppauge, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Community Program Centers of Long Island, Inc. 403(b) DC Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) - Schedule of Assets (Held At End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Community Program Centers of Long Island, Inc. 403(b) DC Plan (the "Plan") is presented to assist in understanding the Plan's financial statements and supplemental information. These financial statements, supplemental information, and notes are representations of the Community Program Centers of Long Island, Inc.'s (hereinafter, the "Employer" or the "Plan Sponsor") management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America ("U.S. GAAP") and have been consistently applied in the preparation of the financial statements and supplemental schedule.

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. GAAP.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 5, 6, and 7 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. During the year ended December 31, 2024, the Plan's net appreciation (including gains and losses on investments bought and sold, as well as held during the year) was \$216,243.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid to the Plan's participants.

Expenses: Recordkeeping, investment charges, and other expenses incurred by the Plan's trustee and custodian are directly deducted from the Plan's funds and are included in net appreciation of fair value of investments. The Plan Sponsor may, in its discretion, pay any or all of such expenses.

Events Occurring After Report Date: The Plan Sponsor has evaluated events and transactions that occurred between January 1, 2025 and August 28, 2025, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024**

NOTE 2 - DESCRIPTION OF THE PLAN

The following brief description of the Plan provides general information. Participants should refer to the Plan document, which is available from the plan administrator, for a more complete description of the Plan's provisions.

General: The Plan, amended effective January 1, 2009, is a noncontributory, defined contribution pension plan sponsored by the Plan Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all employees of the Plan Sponsor who have been employed for more than one year, have attained more than 1,000 hours of service in the current year, and are at least 21 years of age. Teachers Insurance and Annuity Association - College Retirement Equities Fund ("TIAA-CREF") serves as both Plan trustee and custodian of the Plan assets pursuant to the terms of the Plan.

Employer Contributions: Employer contributions will be allocated to each eligible employee's account in an amount equal to a percentage of each such eligible employee's annual salary determined based on the business location or job classification of the employee as follows:

<u>Business Location or Job Classification</u>	<u>Percentage of Compensation</u>
Head Start	4%
Child Care	1%
Adult Services	1%

Employees are not permitted to contribute to the Plan.

Payment of Benefits: Under the terms of the Plan, participants are eligible for normal retirement upon reaching age 65. In addition, under certain circumstances, participants who have invested in annuity contracts can request a distribution of their vested balance upon attainment of age 59½, severance from employment, or incurring a disability. Participants receive retirement benefits through lump-sum distributions, partial payments, installment payments, or purchased annuity contracts based upon the payment election made by the participants.

Death Benefits: Under the terms of the Plan, if a participant dies prior to terminating employment with the Plan Sponsor, the participant's beneficiary will be entitled to receive a death benefit equal to the participant's vested accrued benefit.

NOTE 2 - DESCRIPTION OF THE PLAN (continued)

Vesting: Participants are vested in employer contributions in accordance with the following schedule:

<u>Years of Service</u> <u>(minimum of 1,000 hours)</u>	<u>Percentage of</u> <u>Vested Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants employed prior to January 1, 2007 who were still employed on January 1, 2009 may elect the following vesting schedule as it is more favorable to the schedule noted above.

<u>Years of Service</u> <u>(minimum of 1,000 hours)</u>	<u>Percentage of</u> <u>Vested Interest</u>
Less than 4	0%
4	40%
5 or more	100%

Forfeitures: In the event a participant terminates employment prior to vesting in any portion of his/her benefits, the employer contributions are forfeited. As of December 31, 2024 and 2023, the forfeitures account totaled \$502 and \$3,260, respectively. Forfeitures are used to reduce the Plan Sponsor's future contributions. During 2024, \$3,260 of forfeitures were used to reduce employer contributions. For the year ended December 31, 2024, forfeitures incurred amounted to \$454.

Participant Loans: The Plan does not allow participant loans.

Investment Options: Participants may direct the investment of all contributions into various investment options offered by the Plan.

Participants' Accounts: Each participant's account is credited with the Employer's contributions, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2 - DESCRIPTION OF THE PLAN (continued)

Plan Amendments: The employer has the right under the Plan to amend the Plan at any time. During 2022, the Plan was amended to include applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") and applicable provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act").

Plan Termination: Although it has not expressed any intent to do so, the Plan may be terminated at any time by written resolution of the Board of Directors of the Plan Sponsor. Should the Plan terminate at some future time, its net assets shall be allocated in the order of priority prescribed by ERISA. Under the provisions of ERISA, if the Plan is terminated, the Plan Sponsor may be obligated to make termination payments to the Plan.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

All investment information disclosed in the accompanying financial statements as of December 31, 2024 and 2023, and ERISA-required supplemental schedule, including net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of either equity or fixed income investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value, providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

COMMUNITY PROGRAM CENTERS OF LONG ISLAND, INC.
403(B) DC PLAN
PLAN NUMBER: 001
PLAN EIN: 11-2539861

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The three levels of the value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset and liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TIAA-CREF invests contributions in variable annuity products. TIAA-CREF hires money managers to create investment portfolios with specific performance objectives outlined by TIAA-CREF. These annuities are not securities in which the general public can invest, but instead are limited to participants of a qualified retirement plan for which TIAA-CREF serves in a fiduciary capacity. These annuities are not readily traded, and as such, their values and performance are not published. If the Plan cancels the annuity contract or withdraws funds in excess of allowable levels prior to maturity of the annuity, the Plan may be subject to surrender charges based upon the annuity's surrender schedule.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Pooled Separate Accounts: Pooled separate accounts are valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Variable Annuities: Variable Annuities are valued at NAV of shares held by the Plan at year-end.

Guaranteed Investment Contracts ("GIC"): GIC are valued at fair value, which approximates contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in, if any, less any withdrawals and transfers out, if any (see Note 7).

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Variable annuities	\$ -	\$ 1,499,297	\$ -	\$ 1,499,297
Pooled separate accounts	-	54,242	-	54,242

Total assets at fair value	<u>\$ -</u>	<u>\$ 1,553,539</u>	<u>\$ 472,190</u>	<u>\$ 2,025,729</u>

Assets at Fair Value as of December 31, 2023				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Variable annuities	\$ -	\$ 1,295,260	\$ -	\$ 1,295,260
Pooled separate accounts	-	51,712	-	51,712

Total assets at fair value	<u>\$ -</u>	<u>\$ 1,346,972</u>	<u>\$ 451,330</u>	<u>\$ 1,798,302</u>

The changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2024 includes investment income of \$20,567, purchases of \$17,080, and sales of \$16,787.

NOTE 6 - FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE PER SHARE

TIAA-CREF deducts expenses from the net assets of each account on every valuation day and usually revises the expenses on an annual basis. Transfers and cash withdrawals from an account to other accounts may be subject to a minimum of \$1,000. Cash withdrawals and transfers to other companies are not subject to a minimum amount. Transfers from the TIAA Real Estate Account to the CREF accounts are limited to once per calendar quarter and cash withdrawals are currently free.

Target funds (e).....	201,367	-	Immediate	None
Total variable funds.....	<u>\$ 1,346,972</u>	<u>\$ -</u>		

(a) Equity Funds: Equity funds invest principally in stocks, as opposed to bonds, notes, or other securities. The objective of an equity fund is long-term growth through capital gains, although historically dividends have also been an important source of total return. Stock funds typically have a specific style, for example, value or growth, and can invest in large, moderate, small, or micro companies that trade on one of the major markets or over the counter (e.g. pink sheets).

(b) Fixed Income Funds: Fixed income funds invest solely in fixed income investments, such as bonds or certificates of deposit, as opposed to equity investments. The objective of fixed income funds is guaranteed income as opposed to capital growth. Fixed income funds typically invest in corporate debt or municipal debt. Debt rates of return are based upon economic conditions and credit worthiness of the debtor.

(c) Money Market Funds: A money market fund is an open-ended mutual fund that invests in short-term debt securities such as U.S. Treasury bills and commercial paper. Money market funds are widely (though not necessarily accurately) regarded as being as safe as bank deposits yet providing a higher yield.

(d) Sector Funds: These funds are either mutual or exchange-traded funds that concentrate their investment activities in a single industry or sector of the economy. Some common sectors are real estate funds, healthcare funds, and natural resources funds. They are also known as specialty or specialized funds. Since sector funds are more concentrated than diversified, they tend to be more volatile, but offer the possibility of a higher return.

(e) Target Funds: These funds consist of a mix of stocks and bonds representing different investment styles or asset classes. These funds automatically reset the asset mix in its portfolio according to a selected time frame that is appropriate for each investor.

NOTE 7 - GUARANTEED INVESTMENT CONTRACTS

The Plan holds a non-benefit responsive GIC with TIAA-CREF. Since the GIC with TIAA-CREF is non-benefit responsive, it is included in the statements of net assets available for benefits at \$472,190 and \$451,330 at December 31, 2024 and 2023, respectively. Such amounts represent the GIC at fair value.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

NOTE 8 - INCOME TAX STATUS (continued)

U.S. GAAP requires a Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 9 - TRANSACTIONS WITH PARTY-IN-INTEREST

Certain Plan investments are shares of variable annuities and pooled separate accounts managed by the custodian. TIAA-CREF is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
