INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Westone Laboratories, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Westone Laboratories, Inc. 401(k) and Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year As of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTONE LABORATORIES, INC. 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

Summary Plan Description — The following brief description of the Westone Laboratories, Inc. 401(k) and Profit Sharing Plan (the Plan) provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution plan covering eligible employees of Westone Laboratories, Inc. and Protect Ear USA, LLC (collectively, the Company). Full-time employees who are at least 21 years old and have completed at least 2 months of service are eligible to participate in the Plan beginning on the first day of the next Plan month. Part-time, temporary and seasonal employees who are at least 21 years old and have completed 1,000 service hours in a year are eligible to participate in the Plan beginning on the first day of the next month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Automatic Enrollment and Escalation — Eligible employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation. The elective deferral contribution will automatically increase every year by 1%, up to a maximum elective deferral contribution of 10%. Automatic increases occur at the beginning of each Plan year. Participants may affirmatively elect a different percentage or elect to not make deferral contributions.

Contributions — Participants may contribute up to 90% of their annual compensation to the Plan, subject to annual limitations in accordance with the provisions of the Internal Revenue Code (IRC). Employee rollover contributions are also permitted. The Company makes discretionary matching contributions of an amount determined by management each year. Contributions are subject to certain limitations. The Company may also make discretionary nonelective contributions.

Participant Accounts — Each participant shall have one account and such account will be credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of the Plan's earnings and losses and is charged with an allocation of administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan's earnings or losses, excluding that related to participants' loans, are allocated to the participant's account based upon the proportion that each participant's account bears to the total participants' account balances. Earnings resulting from loans to participants are credited to the respective participants' accounts.

Vesting — Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. Participants vest ratably in Company contributions at a rate of 20% for each year of service and are fully vested after five years of service. The non-vested balance is forfeited upon termination of service.

Notes Receivable from Participants — Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) 50% of their vested account balance. Loan terms range up to five years (or more if for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid through payroll deductions.

Payment of Benefits — Upon separation of service, the Plan will distribute vested account balances not exceeding \$1,000 in a lump-sum as soon as administratively practicable. Upon separation of service, a participant with a vested account balance greater than \$1,000 may elect to receive a lump-sum payment or maintain the vested balance in the Plan. A participant may also elect to receive an account distribution if the participant has attained the age 59 ½ or incurred a hardship in accordance with the Plan provisions.

Forfeitures — Forfeitures can be applied to reduce employer discretionary contributions and pay reasonable administrative expenses of the Plan which otherwise would be paid by the Company. No forfeitures were used to reduce employer contributions for the years ended December 31, 2024 and 2023. No forfeitures were used to pay Plan expenses during the years ended December 31, 2024 and 2023. At December 31, 2024 and 2023, forfeited, non-vested accounts totaled \$11,687 and \$4,926, respectively.

Administrative Costs — Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Plan Termination — Although the Company has not expressed any intent to do so, it retains the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates — The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets and changes of net assets therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan administrator determines the Plan's valuation policies using information provided by the asset custodian. See Note 4 for information on fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year. Investment income from collective investment trusts is included within the net appreciation or depreciation in fair value of investments consistent with the presentation provided by the Plan's custodian.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments — Benefits are recorded when paid.

Subsequent Events — The Plan has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

3. TAX STATUS

The Plan is a non-standardized pre-approved plan of Empower Retirement, LLC. Empower Retirement, LLC obtained its last pre-approved plan determination letter dated June 30, 2020, stating that the non-standardized pre-approved plan is qualified under Section 401 of the IRC. The Internal Revenue Service (IRS) stated that the non-standardized pre-approved plan as then designed was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that as of December 31, 2024, the Plan has no material uncertain tax positions.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require the Plan to use a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2: Prices determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Prices determined using significant unobservable inputs.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the price of shares held by the Plan at year end. The share prices are quoted in active markets.

Collective Investment Trusts – Valued at the net asset value of shares held by the Plan at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. These investments have no significant redemption restrictions.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments for which fair value is measured using the net asset value per share practical expedient are not categorized within the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
2024:

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following is a summary of the information obtained by management and agreed to or derived from the information certified as complete and accurate by Empower Trust Company, LLC, the custodian of the Plan.

- Investments
- Notes receivable from participants
- Investment income
 - Net appreciation in fair value of investments
 - Interest and dividend income
- Interest income on notes receivable from participants
- Supplemental schedule of assets held at end of year

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Notes receivable from participants qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of the net assets available for benefits as stated in the financial statements and the related Form 5500 as of December 31:

	2024	2023
Net assets available for benefits per Form 5500	\$ 2,246,429	\$ 2,484,912
Contributions receivable, end of year	61,729	59,689
Excess contributions payable, end of year	<u> </u>	<u>(6,714)</u>
Net assets available for benefits per the financial statements	<u>\$ 2,308,158</u>	<u>\$ 2,537,887</u>

The following is a reconciliation of the changes in net assets available for benefits as stated in the financial statements and the related Form 5500 for the year ended December 31, 2024:

Net decrease in assets available for benefits per Form 5500	\$ (238,483)
Contributions receivable, beginning of year	(59,689)
Contributions receivable, end of year	61,729
Excess contributions payable, beginning of year	<u>6,714</u>
Net decrease in net assets available for benefits per the financial statements	<u>\$ (229,729)</u>
