**Independent Auditor's Report**

The Grinnell Mutual Reinsurance Company Administrative/Investment Committee  
Grinnell Mutual Savings and Investment Plan:

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements***

We have performed an audit of the financial statements of Grinnell Mutual Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion on the Financial Statements***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grinnell Mutual Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grinnell Mutual Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters***

*Supplemental Schedules Required by ERISA*

The supplemental schedule of Schedule H-Part IV, Line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grinnell Mutual Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grinnell Mutual Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## GRINNELL MUTUAL SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### (1) Description of Plan

The Grinnell Mutual Savings and Investment Plan (the Plan) is a defined contribution plan that covers substantially all employees of Grinnell Mutual Reinsurance Company (the Company) and is designed to provide retirement benefits. Eligible participants are automatically enrolled in the Plan once they attain 21 years of age unless they affirmatively decline to participate. Employees who are in pay status AC (active crop adjusters) or AV (active variable part-time) are not eligible to participate in the Plan.

#### (a) General

The Plan has a master services agreement with Principal Life Insurance Company (Principal). Principal registers and safekeeps all plan assets, executes all buy, sell and reinvestment transactions, and collects and reports all dividend and interest payments. Principal maintains participants' records, assists the Plan with governmental reporting, and provides consulting and other administrative services.

Delaware Charter Guarantee & Trust Company d/b/a as Principal Trust Company (PTC) as the trustee of the Plan, held the Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2024 and 2023. PTC is referred to as the Trustee.

#### (b) Contributions

Participants were allowed to contribute up to 50% of their compensation, as defined, to the Plan up to a maximum contribution of \$23,000 in 2024 and \$22,500 in 2023. Participants were allowed to elect a pre-tax, after tax, or both types of deferral options. If automatically enrolled, a participant's deferral was set at 4% of eligible compensation. Non-highly compensated participants whose combined pre-tax and after-tax deferral amount was less than 10% as of January 1, had their pretax deferrals automatically increased by 1%. Participants can affirmatively elect out of the automatic increase. Participants who have attained age 50 before the end of the year are eligible to make catch-up contribution up to the annual IRS maximum of \$7,500 in 2024 and 2023. The Plan accepts rollover eligible contributions and in-plan Roth rollover contributions. The Company may contribute up to 50% of the employee contributions, limited to 5% of each participant's base salary. Also, Company contributions are limited by its operating results, as specified by a discretionary match formula approved by the Company's board of directors. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants who opted out of the Grinnell Mutual Retirement Plan and employees hired or rehired after December 31, 2010, are eligible to receive an annual employer fixed contribution (QNEC) in the amount of 3.5% of their compensation.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, their contributions are invested in the applicable target date fund based on the participant's age until the participant changes their election. The Company's contributions are allocated in the same manner as those of the participants' elective contributions.

## GRINNELL MUTUAL SAVINGS AND INVESTMENT PLAN

### Notes to Financial Statements

December 31, 2024 and 2023

**(c) Vesting**

Employee contributions and employer fixed contributions are fully vested at the time of contribution. An employee vests in employer discretionary contributions equally over a five-year period beginning in the second year of employment and each year thereafter and is fully vested after six years of service.

**(d) Forfeitures**

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participant's non-vested accounts are used to reduce future Company contributions. Forfeitures used to reduce Company fixed contributions were \$33,697 and \$10,691 for the years ended December 31, 2024 and 2023, respectively. Unallocated forfeiture balances as of December 31, 2024 and 2023 were \$-0-.

**(e) Participant Loans**

The Plan agreement provides for loans to active participants. The minimum loan amount is \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. A participant may not have more than four loans outstanding at any point in time. The rate of interest charged on the loan is equal to the prevailing rate available for similar loans at a thrift institution. If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If a loan is not repaid, it will automatically be treated as a distribution to the participant after 3 months. Effective April 17, 2020, the Plan adopted the plan loans provisions of the Coronavirus Aid, Relief, and Economic Security Act, enacted March 27, 2020. During the period beginning on the date of the enactment of the Act and ending 180 days thereafter the loan limits were increased to the lesser of \$100,000 or 100% of the present value of the nonforfeitable accrued benefit. An outstanding loan on or after the date of the enactment may defer loan payments due between the enactment and December 31, 2020 by one year. Loan repayments will be appropriately adjusted to reflect the delay in the due date and any interest accruing during the delay.

**(f) Payment of Benefits**

Upon separation of service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump sum, an installment or to roll over the distribution to another retirement plan or an individual retirement account (IRA). A participant whose vested account balance is greater than \$1,000 but less than \$5,000, and no election is made, will automatically be rolled over into an IRA managed by Principal Bank. A participant whose vested account balance is \$1,000 or less will automatically receive an immediate lump-sum distribution. Effective April 17, 2020, the Plan adopted the tax favored withdrawals provisions of the Coronavirus Aid, Relief, and Economic Security Act, enacted March 27, 2020. In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

## GRINNELL MUTUAL SAVINGS AND INVESTMENT PLAN

### Notes to Financial Statements

December 31, 2024 and 2023

#### **(g) Administrative Expenses**

The Plan's administrative expenses are paid by the Plan, Company or participant as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping fees. Expenses relating to the purchases, sales or transfers of Plan investments are charged to the particular investment fund to which the expenses relate. Administrative fees are charged and deducted from participant's accounts with a balance on a quarterly basis.

#### **(h) Plan Termination**

The Company has the right to terminate the Plan at any time, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of termination of the Plan, all participant accounts become 100% vested.

For a more complete description of the Plan's provisions, participants should refer to the document, *Grinnell Mutual Savings and Investment Plan*. Copies of this document are available from the plan administrator. The Plan is subject to the provisions of ERISA.

### **(2) Significant Accounting Policies**

#### **(a) Basis of accounting**

The accompanying financial statements are prepared on the accrual basis of accounting.

#### **(b) Payment of Benefits**

Benefits are recorded when paid.

#### **(c) Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Effective January 1, 2015, new loans are charged an annual loan maintenance fee instead of a loan origination fee at the time of applying for the loan. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan is reduced and a benefit payment is recorded.

#### **(d) Valuation of Investments and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**GRINNELL MUTUAL SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

**(e) Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**(f) Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplementary schedule. Actual results could differ from those estimates.

**(g) Subsequent events**

Management has evaluated subsequent events for the Plan through August 27, 2025, the date the financial statements were available to be issued.

**(3) Certification**

The following is a summary of the investment information as of and for the years ended December 31, 2024 and 2023, included throughout the Plan's financial statements and supplemental schedule that was prepared or derived from information provided by the Trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that information provided to the plan administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule relating to the following investments:

**(4) Fair Values of Financial Instruments**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**GRINNELL MUTUAL SAVINGS AND INVESTMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

**Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are shown as Level 1.

**Pooled Separate Accounts:**

The net asset value is used as a practical expedient to determine fair value for all pooled separate accounts. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Each pooled separate account provides for redemptions by the Plan at the net asset value per share, with no advance notice requirement. Investments in pooled separate accounts are not classified according to fair value hierarchy, in accordance with ASU 820, as the net asset value used is as a practical expedient to value the investment.

**Collective Investment Trust:** Common/collective trust funds are composed of investment contracts that are valued at the net asset value of the units of the common/collective trusts. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur immediately. If the Plan initiates a full redemption of the collective trust, no notice to the issuer is required. Investments in common/collective trust funds are not classified according to fair value hierarchy, in accordance with ASU 820, as the net asset value is used as a practical expedient to value the investment.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transfers between fair value hierarchy levels are recognized at the beginning of the reporting period. There were no significant transfers between levels during the year.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements:

	<i><u>Assets at Fair Value as of December 31, 2024</u></i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(a) In accordance with ASU 2015-07, Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Fair Value of Investments that Use NAV**

The following table summarizes investments measured at fair value based on NAV per share:

**(5) Income Tax Status**

The underlying Volume Submitter Plan has received an advisory letter from the Internal Revenue Service (the IRS) dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This opinion is not a ruling or determination as to whether an employer's plan qualifies under Code Section 401(a). However, as an

## GRINNELL MUTUAL SAVINGS AND INVESTMENT PLAN

### Notes to Financial Statements

employer that adopted this plan may rely on this letter with respect to the qualification of its plan under Code Section 401(a), as provided for in Rev. Proc. 2012-49, 2012-44 I.R.B 608. The Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS Volume Submitter Plan Advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

#### **(6) Transactions with Parties in Interest**

Fees for legal, accounting and other services are paid for by the Company. Charges for the investment services provided for the various mutual fund investments are funded by earnings from those investments. Administrative fees are charged and deducted from participants' accounts with a balance on a quarterly basis. Redemption fees are charged by mutual fund companies to participants for certain transactions based on the length of time money has been held in a particular fund. The Plan has no other agreements or transactions with parties in interest.
