To the Plan Administrator
Titan America LLC 401(k) Retirement Savings Plan
Norfolk, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Titan America LLC 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Titan America LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

1. Plan Description

The following description of Titan America LLC 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document available from the Plan administrator for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Titan America LLC and its subsidiaries (collectively, the Company or Employer). Employees that have completed 90 days of service are eligible for participant and matching contributions and must complete one year of service for discretionary profit-sharing contributions. Eligible employees may begin participating in the Plan on their 91st day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is T. Rowe Price Trust Company (T. Rowe Price). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute from 1% to 75% of pre-tax annual compensation, as defined in the Plan, and may also contribute on an after-tax basis through a Roth contribution. Participants were automatically enrolled into the Plan at 6% of Plan compensation, upon attainment of eligibility requirements, unless they elect otherwise, through May 31, 2023. Effective June 1, 2023, the automatic enrollment percentage was increased to 8%. Automatic enrollment deferral contributions are increased by 1% each year up to 10%, unless the participant opts out of the automatic increase, or affirmatively elects a new deferral rate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer contributes 50% of the first 8% of eligible compensation that a participant contributes to the Plan as a matching contribution. Additional discretionary amounts may be contributed at the option of the Employer. There were no such contributions in 2024 or 2023. Contributions are subject to certain regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's matching contributions and allocations of (a) the Employer's discretionary contributions and (b) Plan earnings and are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions, and Company contributions made on their behalf, into various investment options offered by the Plan.

Titan America LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their deferral, rollover, and Roth contributions plus actual earnings thereon. Participants who reach retirement age, die, or become totally and permanently disabled are entitled to the full amount in their account.

Participants who terminate employment prior to retirement, death, or disability are entitled to a percentage of their Employer contributions account depending on their years of service. A participant is vested 25% per year beginning after two years of service and is 100% vested after five years of service.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/profit-sharing contributions are recorded in the relevant period in accordance with the terms in the Plan Document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested account and bear interest at a rate comparable to rates charged by commercial lending institutions for loans of similar terms at the inception of the note, as determined by the Plan administrator. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, at an interest rate of prime plus 1% or other rate as set by the Company. Payments of principal and interest are credited to the participant's account. Participant loan interest rates ranged from 4.25% to 9.50% during 2024 and 2023.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, participants whose vested interest in their account balances exceeds \$7,000 may elect to receive a distribution of their vested account balance. Distributions may be paid to qualified participants in the form of a lump-sum payment, a rollover to a qualified Plan or individual retirement account (IRA), or equal installments payable, at least annually, over a period not to exceed the life expectancy of the participant from the date of commencement of distribution of benefits, or the joint life expectancy of the participant and their beneficiary. Participants whose vested interest in their account balance is less than \$7,000 will automatically have their vested account balances rolled over to an IRA, with the exception of deceased participants, unless they take other action. The Plan allows for hardship withdrawals from all vested account balances, excluding prior contributions from the Roanoke Pension Account. The Plan allows for in-service withdrawals, upon attainment of age 59½, from all vested account balances, excluding prior contributions from the Roanoke Pension Account. Participants will receive the value of their vested interest in their account balances as soon as administratively feasible following the date of termination.

Notes to Financial Statements

Forfeitures

At December 31, 2024 and 2023, unallocated forfeitures were \$8,312 and \$53,969, respectively. Forfeitures may be used to reduce future Employer contributions or any Plan expenses. Forfeitures totaling \$584,092 and \$724,467 in 2024 and 2023, respectively, were used to offset Employer contributions.

Administrative Expenses

A portion of certain administrative expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits. Administrative expenses of \$193,296 and \$169,931 were charged to the Plan for participant-requested transactions and recordkeeping fees for the years ended December 31, 2024 and 2023, respectively. Consulting expenses of \$84,657 and \$89,210 were charged to the Plan for various investment, legal, and accounting services for the years ended December 31, 2024 and 2023, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ materially from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and T. Rowe Price. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Titan America LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus unpaid accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded in the statements of changes in net assets available for benefits. No allowance for credit losses has been recorded at December 31, 2024 and 2023. Deemed distributions totaled \$679,431 and \$459,113 in 2024 and 2023, respectively.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2025, the date on which the accompanying financial statements were available to be issued.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 840, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which a fair value measurement falls is based on the lowest level input that is significant to the fair value measurement. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Titan America LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies - These represent investments (mutual funds) held with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common Collective Trusts - Units held in the common collective trusts (CCT) are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 30,480,071	\$ -	\$ -	\$ 30,480,071

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits

Notes to Financial Statements

4. Information Certified by Trustee

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price, a qualified institution.

5. Party-in-Interest and Related Party Transactions

Certain Plan investments are funds managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Investment management fees were paid to the trustee in the form of a reduction of net appreciation in fair value of investments earned by Plan participants. Additionally, the Employer pays certain administrative expenses on behalf of the Plan and provides certain administrative services at no cost to the Plan, both of which are considered to be exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Aon Consulting, Inc. is an investment advisor for the Plan. Williams Mullen is the legal advisor for the Plan. BDO USA, P.C. is the auditor for the Plan. Fees paid for these services with these organizations are considered to be exempt party-in-interest transactions.

6. Tax Status

The Plan Document received a determination letter dated August 20, 2019 from the Internal Revenue Service (IRS) stating that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As such, the Plan is not subject to income taxes; however, it is required to file informational tax returns.

In accordance with ASC 740, *Income Taxes*, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants would become fully vested in their Employer contribution accounts.

Titan America LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Three investments comprised 37% of total net assets available for benefits as of December 31, 2024, and three investments comprised 38% of total net assets available for benefits as of December 31, 2023.
