INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Emergence Health Holdings (CareWell) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Emergence Health Holdings (CareWell) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMERGENCE HEALTH HOLDINGS (CAREWELL) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

1. Description of the Plan

The following description of the Emergence Health Holdings (CareWell) Retirement Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution 401(k) plan covering substantially all employees of Urgent Care Centers of New England, Inc. and Affiliates (the Employer or the Company) that are 21 years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is also the Administrator of the Plan. As Administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. John Hancock Trust Company (John Hancock) is the trustee of the Plan. The trustee acts at the discretion of the Plan Administrator.

Contributions

Eligible participants may elect to contribute a percentage of their eligible compensation, as defined, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). In addition, participants may make Roth contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions to the Plan are permitted, subject to the restrictions of the Plan Agreement.

Effective January 1, 2023, the Plan was amended to include an automatic enrollment feature, wherein unless an eligible participant elected otherwise, they were deemed to have elected to make an automatic pre-tax contribution of 3% of eligible compensation (Note 9).

The Employer's safe harbor contribution is equal to 100% of the participant's contribution, up to 3% of compensation and 50% of the participant's contribution that exceeds 3% of compensation but does not exceed 5% of compensation. In addition, the Employer may choose to make discretionary profit-sharing contributions to participants who were participants at the end of the Plan year. These contributions will be allocated based on individual Plan participants' compensation in proportion to total compensation of all Plan participants. No discretionary contributions were made during the Plan year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and their allocation of the Employer's safe harbor matching contribution, the Employer's discretionary contribution and earnings and losses. The allocation of earnings and losses is based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Vesting

Participants are immediately vested in their voluntary contributions, Employer safe harbor contributions, and discretionary Employer contributions, plus the allocation of Plan earnings on those contributions at the time of allocation.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years, unless for the purpose of acquiring a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) can elect to receive a single lump-sum distribution, a distribution in installments, rollover the balance to a qualifying retirement account, or defer receiving payments until age 73. The distribution would be equal to the vested value of the participant's account at termination.

The plan provides for mandatory distributions to participants upon reaching 70 ½ if born before July 1, 1949 or 72 if born after July 30, 1949 or for participants who separate from service with account balances less than \$1,000 and who have not made a distribution election, in which case the Plan Administrator may, after proper notification, distribute the non-forfeited balance in accordance with the Plan document. Terminated participants whose vested balances are greater than \$1,000 but less than \$7,000 are to be rolled over into an individual retirement account designated by the Plan Administrator.

If a participant has reached age 59½, distributions may be made, at the participant's election, from any accounts which are 100% vested without requiring the participant to terminate employment. The minimum permitted in-service distribution is \$500.

Hardship Withdrawals

Effective October 1, 2023, the Plan was amended to permit hardship withdrawals. A hardship withdrawal may be authorized by the Employer in an amount up to 100% of the participant's vested balance but no less than \$1,000.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document.

Contributions

Participant and Employer safe harbor contributions are recorded weekly when the Employer remits the contributions for investment into the funds. Employer discretionary contributions, if any, are remitted annually.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries and include deemed distributions, which consist of participant loan balances in default.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan held three and four mutual funds that accounted for approximately 39% and 51% of total Plan investments at December 31, 2024 and 2023, respectively.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single custodian. The Plan's exposure to credit risk is associated with the outside entities' non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

EMERGENGE HEALTH HOLDINGS (CAREWELL) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Money Market Fund: The carrying amount of the money market fund is the deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: The Plan invests in the John Hancock Stable Value Fund, an investment vehicle with its underlying investment holdings primarily in fully benefit-responsive investment contracts. Valuation is provided at the NAV of units held by the Plan. The NAV, as provided by John Hancock Insurance Company of New York, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probably that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Participant's transaction (purchases and sales) may occur daily. There are no unfunded commitments or redemption restrictions for the individual participants within the Plan. However, there is up to a 12-month redemption for this investment at the Plan level.

EMERGENGE HEALTH HOLDINGS (CAREWELL) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

As of December 31, 2024 and 2023, the Plan's investments in money market fund and mutual funds are reported at level 1 within the fair value hierarchy.

	2024	2023
Money market fund	\$ 1,874	\$ 1,782
Mutual funds	13,077,371	11,128,324
Total assets in the fair value hierarchy	13,079,245	11,130,106
Common collective trust measured at NAV (a)	340,292	277,251
Investments at fair value	\$ 13,419,537	\$ 11,407,357

(a) In accordance with Subtopic 820-10, the common collective trust fund is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been categorized in the fair value hierarchy. The fair value amount presented in the table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Plan Benefits.

4. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, John Hancock:

Statements of Net Assets Available for Plan Benefits at December 31, 2024 and 2023, except for employer contributions receivables, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2024.

EMERGENCE HEALTH HOLDINGS (CAREWELL) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

5. Income Tax Status

The Plan is an adoption of a non-standardized pre-approved profit sharing plan sponsored by The Angell Pension Group, Inc, which received a favorable advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is tax-exempt. The Plan has been amended since receiving the advisory letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are the result of different classifications between line items and the inclusion of contributions receivable in the accrual basis financial statements.

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	2024	2023
Net assets available for plan benefits per the financial statements	\$ 13,729,238	\$ 11,654,596
Adjustment for employer contributions receivable	-	(33,646)

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2024 to the Form 5500:

Net increase in net assets per the financial statements	\$ 2,074,642
Employer contributions receivable at December 31, 2023	<u>33,646</u>
Net increase in net assets per Form 5500	<u><u>\$ 2,108,288</u></u>

7. Related Party Transactions

Plan investments were held and managed by John Hancock, the trustee of the Plan. In addition, the Plan contracted with MML Investors Services, LLC (MML) for investment advisory services. Therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2024, the Plan made direct payments to John Hancock and MML of \$27,447 and \$23,867, respectively. Participant notes receivable also qualify as party-in-interest transactions.

8. Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

9. Employer Contributions Receivable

During 2024, the Employer noted that participant contributions were not calculated correctly in connection with the amendment to the Plan to include an automatic enrollment feature. As a result, the Employer recalculated the participant deferral contributions and for all affected participants in the Plan for the period January 1, 2023 through December 31, 2023 and, in accordance with IRS guidelines on corrections of such errors, recorded a receivable for 50% and 100% of the missed deferrals and Employer match, respectively, which is included in Employer contributions receivable on the accompanying Statement of Net Assets Available for Plan Benefits at December 31, 2023. During 2024, the Employer remitted missed deferrals and lost earnings applicable to the correction of the 2023 participant contributions due to the plan as of December 31, 2023.

NOTES TO THE FINANCIAL STATEMENTS

10. Non-exempt Transactions

During 2024 and 2023, the Employer failed to remit participant contributions of \$10,717 and \$492,425 and loan repayments of \$32 and \$25,616, respectively to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer.

The Employer remitted untimely participant contributions of \$10,717 and loan repayments of \$32 due to the Plan for the year ended December 31, 2024 during 2024. The Employer is currently working with its third-party administrator to calculate and remit any lost earnings associated with these late remittances.

The Employer remitted untimely participant contributions of \$492,425 and loan repayments of \$25,616 due to the Plan for the year ended December 31, 2023 during 2023. During 2024, the Employer remitted lost earnings applicable to the correction of the 2023 prohibited transaction due to the Plan as of December 31, 2023.

11. Subsequent Events

Effective January 1, 2025, the Plan adopted a provision of the SECURE Act 2.0 allowing certain eligible participants to make increased catch-up elective deferrals, referred to as "super catch-up" contributions. Under this provision, the maximum catch-up deferral amount for participants between the ages of 60 and 63 increased from \$7,500 to \$11,250.

Management has evaluated subsequent events through August 25, 2025, which is the date these financial statements were available to be issued.
