JL Properties Aurora 401(k) Plan

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of the JL Properties, Inc. (the Sponsor) Aurora 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering only full-time employees of the Sponsor who are subject to the collective bargaining agreement with the Union and who have three months of service. An eligible employee may begin participating in the plan upon reaching their entry date, generally defined as the first day of the month coincident with or next following the day the employee meets the eligibility requirements. The Plan consists of a 401(k) feature, employer matching contributions and employer profit sharing contributions. The 401(k) feature consists of a salary deferral. There is a non-discretionary employer profit sharing contribution. The Plan was established September 7, 2007 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Sponsor and Plan governance are responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's governance.

Contributions: Each year participants may contribute up to 75% of pretax annual compensation, as defined by the plan, up to the annual limits set by the Internal Revenue Service (IRS). In addition, participants may elect to designate all or part of elective contributions as Roth 401(k) contributions. Participants age 50 years or older are eligible to make catch-up contributions. Employees may also contribute amounts representing distributions from other qualified benefit plans (rollover contributions). The amount of any rollover contributions will be invested along with the other assets of the Plan but will be held for the participant in a special rollover account and will be 100% vested at all times. Participants direct the investment of their contributions and their share of the Sponsor's contributions into various investment options offered by the Plan. The Plan includes an automatic contribution arrangement (auto enrollment) of 2% for all employees hired after November 7, 2018.

The Sponsor makes non-discretionary matching contributions in an amount equal to the amount contributed by the participant to the plan through payroll deduction from the participant's pay during the plan year up to a maximum of eighty-five cents (\$0.85) per compensable hour, as defined by the collective bargaining agreement. Contributions are paid on a quarterly basis. The Sponsor made matching contributions of \$85,339 and \$78,304 for the years ended December 31, 2024 and 2023, respectively.

The Sponsor also makes non-discretionary profit-sharing contributions on the participants' behalf in an amount equal to \$1.95 for each compensable hour paid, as defined by the collective bargaining agreement. These contributions are made on a payroll period basis for all eligible participants. The Sponsor made non-discretionary profit sharing contributions of \$264,440 and \$262,325 for the years ended December 31, 2024 and 2023, respectively.

1. DESCRIPTION OF THE PLAN, Continued

Participant accounts: Each participant's account is credited with the participant's contributions and Sponsor matching contributions, as well as allocations of the Sponsor's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participating employees are immediately fully vested with respect to both employee and employer contributions to the Plan.

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator, currently 9.50 percent per annum. Participant loans are required to be repaid within five years unless they are used to purchase a participant's principal residence. The loan repayment period may not extend beyond 10 years from the date of the loan for the purchase of a participant's principal residence. Principal and interest are paid through periodic payroll deductions. Participants may only have one loan outstanding at any given time.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. On termination of services, participants whose vested account balance is \$1,000 or less will receive a lump-sum payment equal to the value of the participant's vested account balance. Hardship distributions are available for participants, subject to IRS regulations and certain criteria, as defined by the Plan document.

Upon termination of services, participants whose vested account balance is less than \$5,000 but greater than \$1,000 may elect, within a reasonable time period, to receive a lump-sum payment equal to the value of the participant's account balance. If this election is not timely made, the plan will transfer the participant's vested benefits to an Individual Retirement Account (IRA) established for the participant's benefit.

Forfeited accounts: At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$6,625 and \$6,310, respectively. These accounts will be used to pay plan expenses or reduce future employer contributions. Employer contributions were reduced by \$0 and \$0 from forfeited nonvested accounts for the years ended December 31, 2024 and 2023, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting (generally accepted accounting principles).

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments: The Plan's Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and trustee. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Loans receivable from plan participants and the related interest income are considered to be party-in-interest exempt transactions. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. The Plan is not required to reimburse the Sponsor for any administrative expenses paid by the Sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Subsequent events: The Plan evaluated subsequent events through August 7, 2025, the date these financial statements were available to be issued. No material events were identified that required adjustment or additional disclosures in these financial statements, except as already adjusted or disclosed.

3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and additional information, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan) in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by Fidelity Investments. Fidelity Investments is an affiliate of the trustee, Fidelity Management Trust Company. Transactions in these investments are considered party-in-interest transactions that are exempt from the prohibited transactions rules of ERISA.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

JL Properties Aurora 401(k) Plan

Notes to Financial Statements, Continued

6. TAX STATUS

The Plan uses a pre-approved plan document sponsored by FMR, LLC which received an opinion letter from the IRS, dated June 30, 2020, stating that the pre-approved plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

8. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 are described as follows:

Financial assets valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Financial assets valued using Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets, including outside appraisals. Financial assets are considered Level 3 when their values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant judgment or estimation.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Changes in valuation techniques may result in transfers in or out of an investment's assigned level within the hierarchy. The inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those investments.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<u>Level 1</u>	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Mutual funds	<u>\$ 4,502,700</u>	<u>3,580,150</u>

Notes to Financial Statements, Continued

9. TRANSFER TO JL PROPERTIES, INC. 401(K) PLAN

Full-time employees of the Sponsor subject to the collective bargaining agreement may be promoted to management. Management positions do not fall under the collective bargaining agreement. Thus, effective upon promotion, the participant is an inactive participant in the Plan and is allowed to transfer assets to the JL Properties, Inc. 401(k) Plan. During 2024 and 2023, transfers to the JL Properties, Inc. 401(k) Plan were approximately \$2,000 and \$61,000, respectively.

Independent Auditor's Report

Plan Trustee and ERISA Plan Administrator
JL Properties Aurora 401(k) Plan
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of JL Properties Aurora 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of JL Properties Aurora 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JL Properties Aurora 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JL Properties Aurora 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the JL Properties Aurora 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JL Properties Aurora 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
