## Independent Auditor's Report

Plan Administrator  
Group One Trading LLC Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Group One Trading LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Note 1. Description of the Plan

The following description of the Group One Trading LLC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Group One Trading LLC (the Firm, Employer or Plan Administrator), except leased and temporary employees. Such employees are eligible to participate in the Plan on the first day of the month following their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Each year, participants may contribute various percentages of their pretax and after-tax annual compensation to the Plan, as defined in the Plan Agreement. Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans, as further described in the Plan Agreement. Each plan year, the Firm may contribute a matching discretionary percentage of a participant's pretax and Roth contributions to the Plan if the participant completed at least 1,000 hours of service during the plan year and was employed at the end of the calendar year. The Firm declared \$537,108 of Employer matching discretionary contributions, equal to a 25% match of participant contributions that met the matching requirements, for the year ended December 31, 2024. The Firm applied \$5,000 of forfeiture funds towards this Employer matching discretionary contribution. Participant and matching discretionary contributions are subject to certain limitations.

**Participant accounts:** Each participant's account is credited with the participant's contributions, the Employer matching discretionary contributions, if any, and allocations of plan earnings and losses, and administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investment options:** Participants may elect to have their accounts invested in any one or a combination of various registered investment companies or participant-directed brokerage accounts. Through a participant-directed brokerage account, participants may invest in publicly traded common and preferred stocks, fixed income securities, exchange traded funds and American Depository Receipts. Participants may change their investment options daily.

**Vesting:** Participants are vested immediately in their contributions plus actual earnings thereon. A participant's portion of the Employer matching discretionary contribution plus actual earnings thereon is vested 20 percent for each full year of credited service beginning with the first year of service. A participant is fully vested after five full years of credited service, or upon death, disability, or normal retirement.

**Notes receivable from participants:** Participants may borrow from their plan accounts a minimum of \$1,000 up to the lesser of 50 percent of their vested account balance or \$50,000 reduced by the participant's highest outstanding loan balance during the prior twelve-month period. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. A participant may only have one loan outstanding at any time. The loans are secured by the balance in the participant's vested account and bear interest at the prime rate plus 1 percent at loan inception. The interest rates on the participant loans outstanding at December 31, 2024, range from 4.50 to 9.50 percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

#### Note 1. Description of the Plan (Continued)

**Payment of benefits:** On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installments over a period of not more than the participant's and/or beneficiary's life expectancies. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution or leave the funds in the Plan until a later date. If a participant's vested benefit is less than or equal to \$5,000 upon termination of service, the Plan is required to distribute the benefit to the participant or into an individual retirement account without consent from the participant. The Plan also permits distributions of after-tax participant contributions to another custodian at the participant or beneficiary's discretion. In-service and hardship withdrawals are permitted as described in the Plan Agreement.

**Forfeited accounts:** At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$5,967 and \$3,923, respectively. These accounts are used to reduce Employer matching discretionary contributions or administrative expenses incurred by the Firm.

**Administrative expenses:** Recordkeeping, investment advisory and portfolio management fees are paid by the Plan. Other significant costs are paid by the Firm.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan have been prepared on the accrual basis of accounting.

**Accounting policies:** The Plan follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (FASB), to ensure consistent reporting of financial condition.

**Use of estimates:** The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Those in the Plan's governance determine the Plan's valuation policies, utilizing information provided by the Investment Advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and expensed to participants as incurred. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan Agreement.

**Payment of benefits:** Benefits are recorded when paid.

#### Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and income information for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by Fidelity Management Trust Company (the Trustee or Fidelity and a party-in-interest), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2024	2023
Registered investment companies	\$ 54,789,945	\$ 45,428,612
Participant-directed brokerage accounts	5,209,736	4,730,154
Notes receivable from participants	214,330	91,738
	<u>\$ 60,214,011</u>	<u>\$ 50,250,504</u>

The Trustee also certified the completeness and accuracy of \$6,280,802 of net appreciation in fair value of investments, \$1,403,764 of dividends and interest income related to the aforementioned investments, and \$12,294 of interest income related to notes receivable from participants for the year ended December 31, 2024.

#### Note 4. Fair Value Measurements

FASB guidance on *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB guidance are described as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

#### Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, as compared to 2023.

*Registered investment companies:* Valued at quoted market prices of shares held by the Plan at year-end.

These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Participant-directed brokerage accounts:* Accounts primarily consist of interest bearing cash, mutual funds and common stocks that are valued on the basis of readily determinable market prices.

There were no Level 2 or 3 assets as of December 31, 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31,	
	2024	2023
	(Level 1)	(Level 1)
Registered investment companies	\$ 54,789,945	\$ 45,428,612
Participant-directed brokerage accounts	5,209,736	4,730,154
	<u>\$ 59,999,681</u>	<u>\$ 50,158,766</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Levels 1, 2 or 3.

#### Note 5. Related-Party Transactions/ Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the Trustee of the Plan and therefore these transactions qualify as party-in-interest transactions. During 2024, the Plan paid administrative fees of approximately \$35,200 to Fidelity and their affiliates. During 2024, the Plan paid additional administrative fees of approximately \$33,000 to the Plan's investment advisor, Morgan Stanley Smith Barney, LLC.

Certain employees of the Firm provide administrative services to the Plan. The Firm or these employees are not compensated by the Plan for their services.

#### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100 percent vested in their accounts.

#### Note 7. Income Tax

The Plan adopted a pre-approved prototype plan sponsored by Fidelity Management & Research Co. The pre-approved prototype plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS) stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and any employer adopting this pre-approved prototype plan will be considered to have a plan qualified under the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since the receipt of the opinion letter; however, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that's more likely than not to occur upon examination by the IRS. Management evaluated the Plan's tax positions and concluded that no uncertain tax positions exist. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

#### Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 60,746,119	\$ 50,724,024
Differences in:		
Investments- participant loans	214,330	91,738
Receivables- notes receivable from participants	(214,330)	(91,738)
Net assets available for benefits per Form 5500	<u>\$ 60,746,119</u>	<u>\$ 50,724,024</u>

#### Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

#### Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through August 29, 2025.
