Independent Auditor's Report

Plan Administrator
Resurgent Capital Services Group Retirement Savings Plan
Greenville, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Resurgent Capital Services Group Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA, Continued

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that the management determined meets the requirements of ERISA Section 103(a)(3)(C).

Resurgent Capital Services Group Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Description of the Plan

The following description of the Resurgent Capital Services Group Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Resurgent Capital Services, LP (the “Company”) who have completed at least one month of service and are age 21 or older. Employees must have completed at least one year of service to receive the Company safe harbor match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee of the Plan is Fidelity Management Trust Company (the “trustee”).

Contributions:

Each year, participants may contribute up to 100 percent of eligible compensation as pre-tax or Roth contributions, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes a safe harbor match of 100 percent of the first 3 percent, and 50 percent of the next 3 percent of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company. There was no discretionary profit sharing contributions for the year ended December 31, 2024. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant’s account is credited with the participant’s contributions, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting:

Participants are vested immediately in their voluntary contributions and Company safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company’s discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service.

December 31, 2024 and 2023

Note 1. Description of the Plan, Continued

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is one percent above prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or the installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited accounts:

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$6,879 and \$6,230, respectively. These accounts will be used to reduce future Company contributions or to reduce administrative expenses. During the year ended December 31, 2024, no forfeited nonvested accounts were used to reduce Company contributions or administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Contributions:

Contributions from Plan participants and the safe harbor matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies, Continued

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through September 2, 2025, the date the financial statements were available to be issued.

Recently issued accounting pronouncements:

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board (FASB) or other standards-setting bodies are not expected to have a material impact on the Plan's financial statements.

Note 3. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2024</u>	<u>2023</u>
Investments at fair value:		
Mutual funds	\$ 59,548,324	\$ 56,731,141
Collective trust funds	17,546,918	9,688,593
Notes receivable from participants	<u>909,878</u>	<u>646,793</u>
	<u>\$ 78,005,120</u>	<u>\$ 67,066,527</u>

Note 3. Trustee Certifications, Continued

The trustee also certified to the completeness and accuracy of \$8,095,798 of net appreciation in fair value of investments and \$1,960,426 of interest and dividends, as well as \$55,613 of interest on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets:

	<u>December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 59,548,324</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 59,548,324
Investments measured at NAV (a)				<u>17,546,918</u>
Investments at fair value				<u>\$ 77,095,242</u>
	<u>December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 56,731,141</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 56,731,141
Investments measured at NAV (a)				<u>9,688,593</u>
Investments at fair value				<u>\$ 66,419,734</u>

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements, Continued

The following table sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	<u>December 31, 2024</u>			
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trust funds:				
Stable value portfolio	\$ 3,051,550	\$ -	(b)	(b)
Collective investment trusts	<u>14,525,368</u>	<u>-</u>	(c)	(c)
Total	<u>\$ 17,546,918</u>	<u>\$ -</u>		
	<u>December 31, 2023</u>			
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trust funds:				
Stable value portfolio	\$ 3,650,277	\$ -	(b)	(b)
Collective investment trusts	<u>6,038,316</u>	<u>-</u>	(c)	(c)
Total	<u>\$ 9,688,593</u>	<u>\$ -</u>		

(b) Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined net asset value per unit normally each day. In unusual market conditions, in accordance with the declaration of trust, the trustee may in its sole discretion, impose restrictions on issues and redemptions of units.

(c) The funds sell new units and repurchase outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class of the funds determined as of the close of business each day. The funds require the Plan Sponsor to provide advance written notice of five business days for withdrawals which will exceed \$1 million or 10 percent of the assets invested in the funds.

Note 5. Related-Party and Party in Interest Transactions

Certain Plan investments are managed by an affiliate of the trustee. Therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the trustee and an investment advisor totaling \$144,802 which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company discretionary profit sharing contributions.

Resurgent Capital Services Group Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 7. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax provisions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 78,565,079	\$ 67,572,445
Adjustment from contract value to fair value	(200,996)	(213,663)
Company contribution receivable not recorded on Form 5500	(559,959)	(505,918)
Net assets available for benefits per Form 5500	<u>\$ 77,804,124</u>	<u>\$ 66,852,864</u>

The following is a reconciliation of net increase per the financial statements to net income per Form 5500:

Net increase per the financial statements	\$ 10,992,634
Adjustment from contract value to fair value as of December 31, 2024	(200,996)
Adjustment from contract value to fair value as of December 31, 2023	213,663
Company contributions receivable as of December 31, 2024	(559,959)
Company contributions receivable as of December 31, 2023	505,918
Net income per Form 5500	<u>\$ 10,951,260</u>

Note 10. Subsequent Event

Effective March 15, 2025, the Plan was restated to a pre-approved plan document sponsored by Principal Life Insurance Company. No provisions of the Plan were amended at this date. Subsequently, all assets of the Plan were transferred from Fidelity Management Trust Company to Principal Life Insurance Company.

Independent Auditor's Report

Plan Administrator
Resurgent Capital Services Group Retirement Savings Plan
Greenville, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Resurgent Capital Services Group Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA, Continued

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that the management determined meets the requirements of ERISA Section 103(a)(3)(C).

Resurgent Capital Services Group Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Description of the Plan

The following description of the Resurgent Capital Services Group Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Resurgent Capital Services, LP (the “Company”) who have completed at least one month of service and are age 21 or older. Employees must have completed at least one year of service to receive the Company safe harbor match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee of the Plan is Fidelity Management Trust Company (the “trustee”).

Contributions:

Each year, participants may contribute up to 100 percent of eligible compensation as pre-tax or Roth contributions, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes a safe harbor match of 100 percent of the first 3 percent, and 50 percent of the next 3 percent of eligible compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company. There was no discretionary profit sharing contributions for the year ended December 31, 2024. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant’s account is credited with the participant’s contributions, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting:

Participants are vested immediately in their voluntary contributions and Company safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company’s discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service.

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Description of the Plan, Continued

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is one percent above prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or the installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited accounts:

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$6,879 and \$6,230, respectively. These accounts will be used to reduce future Company contributions or to reduce administrative expenses. During the year ended December 31, 2024, no forfeited nonvested accounts were used to reduce Company contributions or administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Contributions:

Contributions from Plan participants and the safe harbor matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

December 31, 2024 and 2023

Note 2. Summary of Significant Accounting Policies, Continued

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through September 2, 2025, the date the financial statements were available to be issued.

Recently issued accounting pronouncements:

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board (FASB) or other standards-setting bodies are not expected to have a material impact on the Plan's financial statements.

Note 3. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2024</u>	<u>2023</u>
Investments at fair value:		
Mutual funds	\$ 59,548,324	\$ 56,731,141
Collective trust funds	17,546,918	9,688,593
Notes receivable from participants	<u>909,878</u>	<u>646,793</u>
	<u>\$ 78,005,120</u>	<u>\$ 67,066,527</u>

Note 3. Trustee Certifications, Continued

The trustee also certified to the completeness and accuracy of \$8,095,798 of net appreciation in fair value of investments and \$1,960,426 of interest and dividends, as well as \$55,613 of interest on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets:

	<u>December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 59,548,324</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 59,548,324
Investments measured at NAV (a)				<u>17,546,918</u>
Investments at fair value				<u>\$ 77,095,242</u>
	<u>December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 56,731,141</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 56,731,141
Investments measured at NAV (a)				<u>9,688,593</u>
Investments at fair value				<u>\$ 66,419,734</u>

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements, Continued

The following table sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	<u>December 31, 2024</u>			
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trust funds:				
Stable value portfolio	\$ 3,051,550	\$ -	(b)	(b)
Collective investment trusts	<u>14,525,368</u>	<u>-</u>	(c)	(c)
Total	<u>\$ 17,546,918</u>	<u>\$ -</u>		
	<u>December 31, 2023</u>			
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trust funds:				
Stable value portfolio	\$ 3,650,277	\$ -	(b)	(b)
Collective investment trusts	<u>6,038,316</u>	<u>-</u>	(c)	(c)
Total	<u>\$ 9,688,593</u>	<u>\$ -</u>		

(b) Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined net asset value per unit normally each day. In unusual market conditions, in accordance with the declaration of trust, the trustee may in its sole discretion, impose restrictions on issues and redemptions of units.

(c) The funds sell new units and repurchase outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class of the funds determined as of the close of business each day. The funds require the Plan Sponsor to provide advance written notice of five business days for withdrawals which will exceed \$1 million or 10 percent of the assets invested in the funds.

Note 5. Related-Party and Party in Interest Transactions

Certain Plan investments are managed by an affiliate of the trustee. Therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the trustee and an investment advisor totaling \$144,802 which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company discretionary profit sharing contributions.

Notes to Financial Statements

December 31, 2024 and 2023

Note 7. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax provisions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 78,565,079	\$ 67,572,445
Adjustment from contract value to fair value	(200,996)	(213,663)
Company contribution receivable not recorded on Form 5500	(559,959)	(505,918)
Net assets available for benefits per Form 5500	<u>\$ 77,804,124</u>	<u>\$ 66,852,864</u>

The following is a reconciliation of net increase per the financial statements to net income per Form 5500:

Net increase per the financial statements	\$ 10,992,634
Adjustment from contract value to fair value as of December 31, 2024	(200,996)
Adjustment from contract value to fair value as of December 31, 2023	213,663
Company contributions receivable as of December 31, 2024	(559,959)
Company contributions receivable as of December 31, 2023	505,918
Net income per Form 5500	<u>\$ 10,951,260</u>

Note 10. Subsequent Event

Effective March 15, 2025, the Plan was restated to a pre-approved plan document sponsored by Principal Life Insurance Company. No provisions of the Plan were amended at this date. Subsequently, all assets of the Plan were transferred from Fidelity Management Trust Company to Principal Life Insurance Company.
