Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) SAVINGS PLAN

Notes to Financial Statements For the Years Ended December 31, 2023 and 2022

Note 1 - Plan Description

The following description of the 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Providence Health & Services (the Company) for eligible employees of the Company and other participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is part of the Providence St. Joseph Health Master Trust (the Master Trust), a master trust arrangement, and has a divided interest in the Master Trust. Fidelity management Trust Company (Fidelity) serves as the trustee for the Master Trust which includes assets of the Plan, the St. Joseph and Covenant Health Systems 401(k) Plan, and the Providence Health & Services 401(a) Service Plan.

Eligible employees can begin participating in the elective deferral and match portion of the Plan on the first day of the payroll period following their date of hire. Employees covered by a collective bargaining agreement that does not provide for participation in the Plan and employees who are eligible to participate in the Providence Health and Services 403(b) Value Plan are not eligible to participate in the Plan.

Transfers - Effective January 1, 2020, the Plan was amended to make certain employees in the Providence Health & Services 401(a) Service Plan eligible to contribute to the Plan. As a result, \$282,659,888 and \$190,779,258 of assets related to those participants were transferred into the Plan during the years ended December 31, 2023 and 2022, respectively.

During 2022, CCG 401(k) Retirement Plan, CCG Project Based Employees 401(k) Plan, and HMR Weight Management Services Corp. 401(k) Plan merged into the Plan. Assets transferred into the Plan during 2022 as a result of these mergers totaled \$69,837,071.

Contributions - Participants may elect to contribute 1% to 75% of eligible compensation as pre-tax or as Roth after-tax basis, up to IRS limits. Swedish Edmonds (SE) employees may elect to defer up to 90% of their eligible compensation. In addition, participants may elect to defer up to 5% of their eligible compensation, up to a \$11,000 maximum, as regular after-tax contributions. Effective January 1, 2024, after-tax contributions will be limited to ensure the Plan passes the ACP test. Participants who have attained age 50 may elect additional catch-up contributions, up to IRS limits. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollover). The Plan includes a provision whereby participants are automatically enrolled approximately 45 days after hire or rehire date at a 6% deferral rate unless they elect a different deferral rate or decline enrollment in the Plan. Participants that are automatically enrolled will have their deferral rate increase by 1% each year, up to a maximum of 10%, unless otherwise elected.

Participants receive employer match on pre-tax and Roth after-tax contributions equal to 50% of each participant's contributions, up to a maximum range of 3% to 6% of eligible compensation based on years of match level service. Regular after-tax contributions are not eligible for employer match. Participants are credited with a year of match level service for each calendar year in which they are credited with at least 1,000 eligible hours.

401(k) SAVINGS PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

Note 1 - Continued

Swedish Health Services (SHS) participants that are not active participants in the SHS Pension Plan and SE participants receive matching contributions equal to 100% of each participant's contributions, up to a maximum of 2% of eligible compensation. Additionally, SHS participants that are not active participants in the SHS Pension Plan and SE participants receive an employer Basic contribution, which is equal to 5% of eligible compensation, after the completion of 500 hours of service during each plan year.

Participants (other than SHS and SE participants) will be entitled to an allocation of employer discretionary contributions if they complete 1,000 hours of service during the plan year and are employed on the last day of the plan year. For the years ended December 31, 2023 and 2022, eligible participants received employer discretionary contribution according to the following schedule:

<u>Years of Benefit Service</u>	<u>Annual Contribution (% of Pay)</u>
Less than 10	3%
10 - 14	5%
15 or more	6%

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, employer contributions (if eligible), and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their contributions and employer match plus actual earnings thereon. Matching contributions for certain participating employers or under a legacy plan that was merged into the Plan may be subject to different vesting rules.

Vesting in the employer discretionary contribution portion of a participant's account is based on vesting years of service, defined as any plan year during which the participant is credited with at least 1,000 hours of service, according to the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years or more	100%

Employer discretionary contributions for certain participating employers or under a legacy plan that was merged into the Plan may be subject to a different vesting schedule.

401(k) SAVINGS PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

Note 1 - Continued

For SHS and SE participants, vesting in the employer Basic contributions portion of their account is based on vesting years of service, defined as any plan year during which the participant is credited with at least 500 hours of service, according to the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years or more	100%

Forfeited Accounts - At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$712,113 and \$1,112,450, respectively. These accounts may be used to reduce future employer contributions, pay administrative expenses of the Plan, or restore participant accounts previously forfeited. Forfeitures of \$18,997,327 and \$63,604,261 were used during 2023 and 2022, respectively.

Payment of Benefits - Upon termination of service, death, or disability, a participant or beneficiary may generally elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account or installments paid at least annually in the amount specified by the participant. Participants who have attained age 59 ½ may also elect to receive a distribution from the eligible portion of their vested account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the Plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan and from the after-tax portion of their account.

Notes Receivable From Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. Interest rates are set at 1% above the prime rate, as defined. Principal and interest is paid directly by participants to the Plan's recordkeeper (outside of payroll).

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements For the Years Ended December 31, 2023 and 2022

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain expenses specifically related to the activity of a particular participant are allocated directly to the participant's account. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Subsequent Events - The Plan's management has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.

Note 3 - Interest in Master Trust

The Master Trust records are maintained by each investment fund option. Funds are allocated to the participating plans in accordance with plan provisions and participant allocation elections. The allocation of net assets is based on the respective number of shares or units held by the plans' participants as of year end. The allocation of investment income is calculated daily based on the shares or units held by the plans' participants as of that day's end.

The following table represents the investments of the Master Trust and the Plan as of December 31, 2023 and 2022:

	Master Trust		Plan

Note 4 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Continued

Following is a description of the valuation methodologies used for the Master Trust's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds, exchange traded funds, and common stocks that are valued on the basis of readily determinable market prices.

Registered Investment Company Funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued at the NAV provided by the funds' trustee. These funds trade on a regular basis, have a published price that the Plan can obtain at any time and are valued based on this published price.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 200,780,473	\$ -	\$ -	\$ 200,780,473
Registered investment company funds	1,672,637,675			1,672,637,675
Collective trust funds	9,651,710,848			9,651,710,848
Total Assets in the Fair Value Hierarchy	\$11,525,128,996	\$ -	\$ -	\$11,525,128,996

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 145,144,091	\$ -	\$ -	\$ 145,144,091
Registered investment company funds	1,413,950,779			1,413,950,779
Collective trust funds	7,454,776,988			7,454,776,988
Total Assets in the Fair Value Hierarchy	\$ 9,013,871,858	\$ -	\$ -	\$ 9,013,871,858

Fair value disclosures and certified information disclosures (Note 5) for investments held outside of the Master Trust were not included in these financial statements because the value of those investments are not material to the financial statements as a whole.

401(k) SAVINGS PLAN

Notes to Financial Statements For the Years Ended December 31, 2023 and 2022

Note 5 - Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held by the Master Trust and Plan at December 31, 2023 and 2022, and investment income or loss and interest income on notes receivable from participants for the years then ended, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity or its affiliates. Transactions with such investments qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status

The Plan obtained its latest determination letter dated September 4, 2013, in which the IRS states that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Delinquent Contributions

The Company determined there were instances in which participant deferral contributions, for a subset of the total population, were not deposited by the Company as plan assets within the time limitation stipulated under the Department of Labor's (DOL) regulations. In total, \$1,794,289 of deferral contributions were identified as delinquent in periods before 2022 and lost earnings have been restored to the Plan. For the 2022 plan year, \$25,182 of deferral contributions were identified as delinquent. During 2023, the Company restored lost earnings associated with the 2022 delinquent deposits. For the 2023 plan year, \$303,211 of deferral contributions were identified as delinquent. Management is currently working with Fidelity to calculate and remit lost earnings associated with these delinquent contributions.
