## **Report of Independent Auditors**

To the Administrator of New York University Supplemental Tax Deferred Annuity Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have been engaged to perform an audit of the financial statements of New York University Supplemental Tax Deferred Annuity Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Disclaimer of Opinion***

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

### ***Basis for Disclaimer of Opinion***

The Plan sponsor’s accounting records for contracts and custodial accounts issued to current or former employees prior to January 1, 2009 do not provide sufficient evidence supporting investments, benefit payments, investment income and net assets available for benefits to permit the application of adequate auditing procedures.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibility for the Audit of the Financial Statements***

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

### ***Supplemental Schedule Required by ERISA***

Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

## Notes to Financial Statements

#### 1. Description of Plan

The following description of the New York University Supplemental Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution 403(b) plan sponsored by New York University (NYU), the Plan Administrator, which was formed effective January 1, 1989. All eligible employees (as defined below) can participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended under the Pension Protection Act of 2006.

The Plan assets are held by the Trustees, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), as insurance companies (collectively TIAA and CREF). TIAA is a legal reserve life insurance and annuity company. CREF is an open-end diversified management investment company. TIAA and CREF are insurance carriers regulated, supervised and subject to periodic examinations. The Plan allows participants to purchase unallocated investments, notably mutual funds held in custodial accounts, through TIAA, and variable annuity contracts through CREF. TIAA, FSB, a federal savings association served as directed trustee and custodian for the CREF Institutional Mutual Funds through July 14, 2023; after which point, TIAA Trust, N.A., a national trust bank, served as directed trustee and custodian for those funds through December 31, 2024.

The Plan was amended on May 1, 2018, to redefine the Plan's eligibility requirements. Prior to May 1, 2018, faculty, professional research staff and administrators were eligible to participate in both the NYU Retirement Plan for Members of the Faculty, Professional Research Staff and Administration (NYU Retirement Plan) and the Plan. As of May 1, 2018, faculty, professional research staff and administrators are only eligible to participate in the NYU Retirement Plan. Plan assets existing prior to this amendment remain in the Plan. Eligible employees other than faculty, professional research staff, and administrators, prior to the amendment date remain eligible to contribute to the Plan.

The Plan was amended on December 12, 2023, to add a Roth employee salary deferral option. Effective January 1, 2024, participants can make after-tax contributions to a Roth account. A participant also may elect to convert all or a portion of their legacy pre-tax employee or rollover contributions and earnings made prior to January 1, 2024, to Roth after-tax contributions using the Roth in-plan conversion feature.

The balance in each participant's account is comprised of employee contributions and Plan earnings less expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Contributions**

Participation in the Plan is voluntary and funded completely by employee contributions. An employee elects to make participant contributions and NYU reduces the participant's pay accordingly. Rollovers are permitted under the Plan's document.

An employee's total pre-tax or Roth deferrals made to all eligible plans may not exceed the limit established by the Internal Revenue Service (IRS) (\$23,000 in 2024 and \$22,500 in 2023). Participants age 50 and over are eligible to contribute additional contributions (catch-up contributions) above the annual IRS limitations (up to \$7,500 in 2024 and 2023).

#### Vesting

All participants are fully vested in their account balances immediately upon entering the Plan. Eligibility is achieved immediately upon hire. All employees of NYU are eligible to join the Plan, except for the following: (i) employees eligible for the NYU Retirement Plan (ii) student employees whose employment is incidental to his or her education program at NYU, (iii) employees of a global site who are nonresident aliens with no U.S. source income, (iv) leased employees, or (v) employees who are employed only by the NYU Robert I. Grossman School of Medicine, NYU Grossman Long Island School of Medicine, or NYU Langone Hospitals.

#### Plan Loans - Pre-April 1, 2021

For loans issued prior to April 1, 2021, participants could obtain loans through TIAA and CREF using the assets of the Plan as collateral, subject to certain restrictions. Participants were limited to two outstanding loans across the Plan and the NYU Retirement Plan. The amount borrowed was not to exceed the lesser of 45% of their individual vested account or \$50,000 and loan terms could not exceed five years, except for loans used to acquire the participant's principal residence which could not exceed 10 years.

Plan loans issued prior to April 1, 2021, were issued directly from funds owned by TIAA and CREF and not directly from a participant's account. For all plan loans, interest and principal are paid by the participant directly to TIAA and CREF. Plan loans issued prior to April 1, 2021, are fully secured by the participant's interest in their TIAA Traditional Annuity account which is held as collateral to cover 110% of the outstanding balance in case of default. These plan loans are not considered investments of the Plan and therefore are not reported in the statements of net assets available for benefits. While these plan loans are not considered Plan assets, the collateral related to a defaulted loan is reportable as a Plan asset. The interest rate for plan loans is determined by TIAA and CREF and may be fixed or variable, with the initial interest rate determined by the terms of the controlling contract, as is the rate adjustment details and frequency. Plan loans issued prior to April 1, 2021, outstanding at December 31, 2024 and 2023, are summarized as follows:

	2024	2023
Plan loans outstanding	\$ 1,755,035	\$ 2,459,378
Collateral to secure loans outstanding	\$ 1,930,539	\$ 2,705,316
Interest rate on outstanding loans	4.00%-7.65%	4.00%-7.65%
Maturity date of plan loans	March 2031	March 2031

#### Participant Loans - Post April 1, 2021

Effective April 1, 2021, new loans issued are funded directly from the participant's TIAA and CREF account. Participants may borrow from their pre-tax employee contributions and rollover account balance a minimum of \$1,000 up to a maximum of the lesser of 50% of their eligible account balance or \$50,000 minus their highest outstanding balance of loans under the Plan and the NYU Retirement Plan during the past 12 months. Loan repayments, with interest, are paid directly from the participant to TIAA and CREF. Loans are secured by the balance in the participant's account and bear interest at a fixed rate set at one percent above the prime rate. If a loan payment is missed, the participant will be considered in default on the entire outstanding loan balance. If the total overdue amount is not paid by the end of the calendar quarter subsequent to the calendar quarter in which repayment was due, the outstanding loan balance (including accrued interest) will be reported as a distribution to the participant. The statements of net assets available for benefits reflect loans receivable from participants. Interest income from loans receivable from participants

is included in interest and dividend income within the statements of changes in net assets available for benefits.

Loans receivable from participants issued after April 1, 2021, at December 31, 2024 and 2023, are summarized as follows:

	2024	2023
Loans receivable from participants	\$ 3,453,184	\$ 2,826,572
Interest rate on loans receivable from participants	4.25%-9.50%	4.25%-9.50%
Maturity date of loans receivable from participants	June 2034	August 2032

#### **Rollover and Transfers**

Rollover contributions to the Plan are permitted from non-Roth 401(k)'s, Roth 403(b)'s, or other nonqualified plan accounts. Participants who have ceased to be eligible after the Plan was amended in May 2018 may transfer account balances into the NYU Retirement Plan.

#### **Hardships**

Withdrawals may also be made when a participant is certified as permanently disabled, suffers a serious financial hardship or when they reach age 59 ½ as an active employee.

#### **Payment of Benefits**

On termination of service due to a participant's retirement, death, or termination of employment at NYU, plan benefits may be paid. Participants have withdrawal options including a lump sum withdrawal, a series of partial withdrawals, or an annuity payout.

#### **Investments**

Upon enrollment in the Plan, participants' contributions are allocated between the investment options in whole percentages to purchase accumulation units or annuity contracts. The number of units purchased is based on the net asset value (NAV) per unit on the day their contributions are received. Investment return is allocated to participants' accounts based upon the number of units the participant owns in each investment.

The Plan allows participants to direct the investment of their accounts into the TIAA Traditional Annuity, the TIAA Real Estate pooled separate account, CREF variable annuities, various mutual funds, and the TIAA-CREF self-directed brokerage account. Participants may change their investment options at their discretion.

## **2. Summary of Significant Accounting Policies**

#### **Basis of Presentation**

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### **Use of Estimates**

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates and such differences could be material.

#### Investment Valuation and Income Recognition

The Plan's investments are held with the Trustees of the Plan. Shares of mutual funds are stated at fair value based upon quoted prices in actively traded markets as of December 31, 2024 and 2023, where a quoted market exists. Where no quoted market exists, fair value is determined by the Trustees or independent appraisers. Investments in pooled separate accounts and variable annuities are valued at the net asset value of the units held at year end. Investments in nonfully benefit responsive investment contracts are valued at fair value based on discounted cash flows as more fully described in Note 4. Investments in fully benefit responsive investment contracts are valued at contract value which equals the accumulated cash contributions and interest credited to the contracts less any withdrawals.

Contributions to the TIAA Traditional Annuity are used to purchase a guaranteed amount of future retirement benefits. TIAA provides annuities, which are considered unallocated contracts. The TIAA Traditional Annuity guarantees principal and pays a guaranteed minimum interest rate during the accumulation and payout phases. The TIAA Traditional Annuity is offered through Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), and Retirement Annuity (RA) contracts, through April 2024. Effective April 2024, the TIAA Traditional Annuity is offered through Retirement Choice Plus (RCP) contracts. The TIAA Traditional Annuity offered through RA, GSRA, and SRA contracts prior to April 2024 will remain in a participant's account until they elect to make a transfer to a RCP contract.

The TIAA Traditional Annuity holdings within the RA contracts have liquidity restrictions and are nonfully benefit responsive. For RA contracts, the guaranteed minimum interest rate is 3.00%. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on an annual basis. When declared, the additional amounts remain in effect for the declaration year beginning each March 1, and are not guaranteed for future years. Together the guaranteed minimum and additional amounts make up the crediting rate in the accumulation phase. TIAA groups premium dollars received over defined periods for the purpose of determining the crediting rate for the applicable declaration year during the accumulation period. Distributions and withdrawals can only be made in 10 annual installments from the RA contracts through Transfer Payout Annuities. The balance of the TIAA Traditional Annuity at December 31, 2024 and 2023, and the average monthly crediting rate for regular annuities in the accumulation phase for RA contracts during the years ended December 31, 2024 and 2023, are summarized as follows:

## Notes to Financial Statements

### December 31, 2024 and 2023

---

The TIAA Traditional Annuity holdings within the GSRA, SRA, and RCP contracts contain no liquidity restrictions and are fully benefit responsive and accordingly are reported at contract value. For GSRA and SRA contracts, the guaranteed minimum interest rate is 3.00%. For RCP contracts, the guaranteed minimum interest rate is between 1.00% and 3.00%. The balance of the TIAA Traditional Annuity at December 31, 2024 and 2023, and the average monthly crediting rate for regular annuities in the accumulation phase for GSRA, SRA, and RCP contracts during the years ended December 31, 2024 and 2023, are summarized as follows:

	2024	2023
<b>Investments, at contract value</b>		
TIAA Traditional Annuity - GSRA & SRA	\$ 270,786,836	\$ 281,016,086
TIAA Traditional Annuity - RCP	10,063,083	-
<b>Average monthly crediting rate</b>		
TIAA Traditional Annuity - GSRA & SRA	4.58%	5.60%
TIAA Traditional Annuity - RCP	4.83%	N/A

The Plan presents the net appreciation in the fair value of its investments in the statements of changes in net assets available for benefits, which consists of the realized gains or losses and the net unrealized appreciation or depreciation on those investments less expenses. Interest credited on the TIAA Traditional Annuity is classified as interest income.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis.

#### Payment of Benefits

Benefits are recorded when paid.

#### Expenses of the Plan

Trustee-related expenses are deducted from the net assets of each account each valuation day for investment management, administration and distribution services. Investment management and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis. Expenses are not separately reflected within the statements of changes in net assets available for benefits but are included as an offset to net appreciation in fair value. Certain other administrative expenses paid by NYU are not reflected in the Plan's financial statements.

#### Risks and Uncertainties

The Plan invests in various types of investment securities including mutual funds, variable annuities, a pooled separate account and a fixed dollar annuity contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participant account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**3. Certified Financial Data**

The following is a summary of financial information included in the Plan's financial statements and supplemental schedule which was certified by TIAA and CREF as of December 31, 2024 and 2023, and for the years then ended. TIAA and CREF has been authorized by its directed custodian (Note 1) to certify the data as complete and accurate in accordance with 29 CFR Section 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan assets certified at December 31, 2024 and 2023, are summarized as follows:

**4. Fair Value Measurements**

Authoritative guidance on fair value measurements, Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a hierarchy of valuation methodologies based on the extent to which asset valuations are observable in the marketplace. The following describes the hierarchy of methodologies used to measure fair value of investments:

- Fair value for Level 1 is based upon quoted prices in actively traded markets that the Plan has the ability to access for identical assets and liabilities. Market price data is generally obtained from exchange or dealer markets. The Plan does not adjust the quoted price for such assets and liabilities.

# New York University Supplemental Tax Deferred Annuity Plan

## Notes to Financial Statements

### December 31, 2024 and 2023

- Fair value for Level 2 is based on quoted prices for instruments similar to those held by the Plan in actively traded markets, quoted prices for identical instruments similar to those held by the Plan in markets that are not actively traded, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Inputs are obtained from various sources including market participants, dealers and brokers.
- Fair value for Level 3 is based on valuation techniques used to assess prices that are unobservable as the assets trade infrequently or not at all.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following tables summarize the investments held at fair value at December 31, 2024 and 2023:

	Active Markets (Level 1)	Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total 2024

liquid assets, the TIAA General Account provides a liquidating guarantee to meet participants' redemption, transfer or cash withdrawal requests varying from one to three days. Redemptions out of this investment are limited to one per quarter. Internal transfers into the TIAA Real Estate account are prohibited if the transfer causes the value of the participant's total accumulation in the account to exceed \$150,000. The purpose of this limitation is to ensure more predictable account inflows and outflows, which is expected to facilitate efficient portfolio management over the long term.

- (3) This category includes investments in TIAA-CREF self-directed brokerage accounts. The accounts are valued based on the fair value of the underlying investments which include mutual funds and money market funds.

There are no redemption notice periods required by nor significant fees imposed by the insurance companies should the Plan choose to no longer allow Plan assets to be invested in a particular variable annuity or pooled separate account. Trade settlement terms are 1-3 day(s).

#### Level 3 Investments

The Level 3 investment assets consist of fixed income annuity investments in the TIAA Traditional Annuity RA contracts. The Plan had Level 3 purchases in the amount of \$5,781 and \$262,835 during the years ended December 31, 2024 and 2023, respectively. There were no transfers into or out of Level 3 during 2024 or 2023.

The following tables present information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31, 2024 and 2023:

2024				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Crediting Rate Range

#### 5. Plan Termination

NYU has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. NYU has not expressed any intent to discontinue the Plan.

#### 6. Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the Internal Revenue Code (the Code). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires an evaluation of tax positions taken by the Plan and recognition of a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

#### 7. Party-In-Interest and Related Party Transactions

Certain of the Plan's investments are managed by the Trustees, TIAA and CREF, and therefore these transactions qualify as party-in-interest. The fair value of investments managed by TIAA and CREF was \$573,868,937 and \$553,038,465 at December 31, 2024 and 2023, respectively. The value of participant loans managed by TIAA and CREF was \$3,453,184 and \$2,826,572 at December 31, 2024 and 2023, respectively.

#### 8. Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the IRS Form 5500 as of December 31, 2024 and 2023:

	<b>2024</b>

	<b>2023</b>
Net increase in net assets available for benefits per the financial statements	\$ 97,136,364
Less: Deemed distributions of participant loans at December 31, 2023	(209,945)
Add: Deemed distributions of participant loans at December 31, 2022	<u>122,498</u>
Net income and transfers of assets per the Form 5500	<u>\$ 97,048,917</u>

**9. Subsequent Events**

The Plan Administrator has evaluated subsequent events through August 20, 2025, the date the financial statements were available to be issued. There have been no subsequent events that occurred during this period that would require recognition or disclosure in the financial statements as of December 31, 2024 or for the year then ended.
