## INDEPENDENT AUDITOR'S REPORT

### To the Participants and Management of the Flash 401(k) Plan

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Flash 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Flash 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C. to the financial statements, is complete and accurate.

#### Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material

respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Flash 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Flash 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Flash 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Flash 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter- Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets Held for Investment Purposes as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Flash 401(k) Plan**  
**Notes to Financial Statements**

**A. Description of the Plan**

The following description of the Flash 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General.** The Plan is a defined contribution plan that was established February 12, 2017, by FlashParking, Inc. (the Company) and is maintained for the benefit of eligible employees, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company serves as the trustee for the Plan.

Secure 2.0 Act. The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and included mandatory and optional provisions with varying effective dates in 2024, and later. The Company has until the end of the first plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

**Eligibility.** Employees who have completed one month of service, are age 21 or older, and are not covered by a collective bargaining agreement, residents of Puerto Rico, employees who are nonresident aliens with no U.S.-source compensation, or leased employees, are eligible to participate in the Plan on the next pay period following or coincident with the completion of the eligibility requirement.

**Contributions.** A Participant may contribute to the Plan through payroll deductions up to the maximum amount allowed by the Internal Revenue Code. Annual participant salary deferrals are limited by the Internal Revenue Code to \$23,000 for 2024. In addition, participants who have attained age 50 are permitted to contribute additional "catch-up" salary deferrals. A participant may designate all or a portion of his or her salary deferrals as Roth deferrals contributed on an after-tax basis. Eligible employees are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

The Company may, in its discretion, contribute an Employer Matching Contribution. The Company will contribute matching contributions for the year for participants who have contributed salary deferrals to the Plan for the year. The Company declared a discretionary Employer Matching Contribution for 2024 of 50% of the Elective Deferral (other than catch-up contributions) made by each participant on the first 3% of the participant's compensation. For the year ended December 31, 2024, the Company made Employer Matching Contributions to the Plan of \$467,506.

**Flash 401(k) Plan**  
**Notes to Financial Statements**

**A. Description of the Plan (continued)**

**Vesting.** Participants are immediately and fully vested in their Elective Deferral contributions and earnings thereon. Vesting in the Employer Matching Contribution, if any, and earnings thereon, is based on years of vesting service completed. Participants are fully vested upon the completion of two Years of Service. Vesting is based on the elapsed time method where periods of service are computed rather than hours. For eligible employees hired prior to May 15, 2024, they are 100% vested. Amounts not vested at the time a participant terminates service are forfeited and used to pay administrative expenses of the Plan and reduce employer contributions in the current or a subsequent year.

**Participant Accounts.** Each participant's account is credited with the participant's contributions, employer matching contributions, and allocations of (a) the Company's discretionary contributions, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Forfeiture Accounts.** At December 31, 2024, and 2023, forfeited nonvested accounts totaled \$1,613 and \$495, respectively. These accounts may be used to pay certain Plan expenses or may reduce future employer contributions.

**Payment of Benefits.** Upon termination of employment due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount not to exceed the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 will be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdrawal all or part of their aggregate contributions in the event of financial hardship.

**Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

**Flash 401(k) Plan**  
**Notes to Financial Statements**

**A. Description of the Plan (continued)**

**Expenses of the Plan.** Expenses incurred in the administration and operation of the Plan may be paid from the assets of the Plan. Administration expenses paid by the Plan in 2024 were \$119,825.

**B. Summary of Significant Accounting Policies**

**Basis of Accounting.** The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**Common collective trust funds.** Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as applicable, because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

**Investment Valuation and Income Recognition.** The Plan's investments, other than fully benefit-responsive investment contracts which are reported at contract value, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D. for a further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

**Payment of Benefits.** Benefits are recorded when paid.

**Use of Estimates.** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Flash 401(k) Plan**  
**Notes to Financial Statements**

**B. Summary of Significant Accounting Policies (continued)**

**Contributions.** Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

**Recent Accounting Pronouncements.** The Company reviewed all other recently issued accounting pronouncements and concluded that they were not applicable or not expected to have a significant impact on the financial statements.

**Subsequent Events.** The Plan has evaluated subsequent events through September 4, 2025, the date the financial statements were available to be issued.

**C. Certified Investments**

Certain information in the accompanying financial statements related to certain investments held as of December 31, 2024, and 2023, totaling \$19,015,587 and \$13,264,989, respectively, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2024, totaling \$2,079,303 was obtained by management agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, Plan custodian.

**D. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques and used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**Flash 401(k) Plan**  
**Notes to Financial Statements**

**D. Fair Value Measurements (continued)**

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of nonobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been changes in the methodologies used at December 31, 2024, and 2023.

**Mutual Funds:** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. As such, they are classified as Level 1 investments.

**Common Collective trust funds:** Common collective trusts are valued at the NAV of units for each trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. For the Federated Hermes Capital Preservation Fund, we believe they should be classified as Level 2 investments. For the Putnam Large Cap Value, we believe they should be classified as Level 1 and 2 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Flash 401(k) Plan  
Notes to Financial Statements**

**D. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024, and 2023:

	<b>Assets at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Interest bearing cash	\$ 34,795	-	\$ -	\$ 34,795
Mutual funds	17,161,013	-	-	17,161,013
Common Collective Trust	279,074	265,560	-	544,634
Total investments in Fair Value hierarchy	\$ 17,474,881	\$ 265,560	\$ -	\$ 17,740,442
Investments measured at net asset value as a practical expedient (a)				\$ 1,263,576
Total investments at Fair Value				\$ 19,004,018

	<b>Assets at Fair Value as of December 31, 2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 13,091,659	\$ -	\$ -	\$ 13,091,659
Common Collective Trust	-	166,761	-	166,761
Total investments in Fair Value hierarchy	\$ 13,091,659	\$ 166,761	\$ -	\$ 13,258,420
Investments measured at net asset value as a practical expedient (a)				\$ -
Total investments at Fair Value				\$ 13,258,420

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefit:

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024, and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

**Flash 401(k) Plan**  
**Notes to Financial Statements**

**D. Fair Value Measurements (continued)**

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust funds \$	1,263,576	n/a	Daily	12 Months

<u>December 31, 2013</u>	<u>Fair Value</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>
Common collective trust funds \$	-	n/a	Daily	12 Months

**E. Investment Contract**

The Plan also offers common collective trust funds that include BlackRock MSCI ACWI US R, Great Gray Emerging Markets II R1, Great Gray Large Cap Growth Fund II R1, Great Gray Small Cap Growth Fund R1, Putnam Large Cap Value and the Federated Hermes Capital Preservation Fund.

For the BlackRock MSCI ACWI US R, Great Gray Emerging Markets II R1, Great Gray Large Cap Growth Fund II R1 funds, Great Gray Small Cap Growth Fund R1, and Putnam Large Cap Value, Great Gray Trust Company LLC (“Great Gray”) maintains the Funds and maintains ultimate fiduciary authority over the management of, and investments made, in the Fund.

The BlackRock MSCI ACWI US R and Great Gray Emerging Markets II R1 invest 100% within their respective funds. As noted above, the investments are measured at fair value.

The Great Gray Large Cap Growth Fund II R1 invests 100% in AB US Large Cap Growth CIT fund.

The Great Gray Small Cap Growth Fund R1 invests 100% in ClearBridge Small Cap Growth CIT fund.

The Putnam Large Cap Value fund may invest in various types of investments such as common stocks, REITs, exchange traded funds, and money market funds. The investments are measured at fair value.

The Federated Hermes Capital Preservation Fund (the Fund) is a collective investment fund for which Federated Investors Trust Company (“Trustee”), a wholly owned subsidiary of Federated Hermes, Inc., serves as trustee.

**Flash 401(k) Plan  
Notes to Financial Statements**

**E. Investment Contract (continued)**

The Fund may hold guaranteed investment contracts (traditional GICs) and synthetic guaranteed investment contracts (synthetic GICs). The Fund attempts to maintain a stable price per unit of \$10.00; however, there can be no assurance that the value of the units in the Fund will not fluctuate. The principal value per unit of the Fund is determined at the end of each day by dividing net assets by the number of units outstanding.

**F. Related Party Transactions and Party in Interest Transactions**

Certain Plan investments are invested in mutual funds managed by Fidelity. Fidelity is the Trustee of the Plan and custodian of plan assets. Participant loans also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules.

**G. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 at December 31, 2024, and 2023, to Form 5500:

	<b>December 31, 2024</b>	December 31, 2023
	<hr/>	<hr/>
Total net assets available for benefits per the financial statements	\$ 19,428,844	\$ 13,471,532
Current year employer and participant contributions received after the end of plan year-end	<b>(123,831)</b>	(118,211)
Total net assets available for benefits per the Form 5500	<hr/> <b>\$ 19,305,013</b> <hr/>	<hr/> \$ 13,353,321 <hr/>

**H. Tax Status**

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

**Flash 401(k) Plan**  
**Notes to Financial Statements**

***H. Tax Status (continued)***

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***I. Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

***J. Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.
