To the Plan Sponsor and Participants
Rick Case Enterprises, Inc. 401(k) Plan
Sunrise, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of Rick Case Enterprises, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplementary Schedule Required by ERISA

The supplementary schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RICK CASE ENTERPRISES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of Rick Case Enterprises, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have two months of service and are age twenty-one or older, except for non-resident aliens, part-time employees, and leased employees. Initial enrollment is available at the beginning of the month after reaching eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Under the Plan, any affiliate of Rick Case Automotive Group can also adopt the Plan. In addition to Rick Case Automotive Group, the following were adopting employers: Rick Case Enterprises, Inc.; Rick Case Hyundai, Inc.; Rick Case Cars, Inc.; Rick Case Auto, Inc.; Rick Case Cycles, Inc.; Rick Case Davie, LLC; Rick Case Weston, LLC; Rick Case Broward, LLC; and Rick Case Sunrise, LLC. All adopting employers will be referred to collectively as the Company.

Contributions

Each year, participants may contribute up to a dollar amount set by law of pre-tax annual compensation, as defined in the Plan. Participants may make pre-tax contributions to the Plan not to exceed 100% of the participant's compensation. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). The Company may make matching contributions equal to a discretionary percentage, to be determined by the employer, of the participant's contributions. The Company may make profit sharing contributions at management's discretion. Contributions are subject to certain limitations.

Effective April 1, 2021, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants subject to the automatic enrollment feature of the Plan, who did not elect otherwise, shall have their contribution rate increased by 1% on June 1 each year until a rate of 10% is reached.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions, and allocations of (a) the Company's contribution, if applicable, and (b) plan earnings, less expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Administrative fees and certain investment fees are allocated based on participant earnings or account balances.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are vested according to the following table:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

Investments are currently held by Principal Life Insurance Company (Principal). Upon enrollment in the Plan, a participant may direct employee contributions in any of the available funds managed by Principal.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or their beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the plan agreement. Hardship withdrawals are granted for specific reasons, and are limited to a participant's account balance attributable to elective deferrals.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeited Accounts and Unallocated Assets

Forfeited nonvested accounts may be used to pay administrative expenses of the Plan and then reduce employer contributions, in a manner permitted under the Plan, subject to IRS limitations. At December 31, 2024 and 2023, the available forfeitures were \$97,875 and \$53,999, respectively. For the year ended December 31, 2024, forfeitures totaling \$60,372 were used to pay plan expenses, and then reduce employer contributions.

Administrative Expenses

The Plan permits the payment of the Plan expenses to be made from the Plan assets. If the Company does not pay these expenses, then the expenses paid using the Plan's assets will be allocated among the participant accounts. For the year ended December 31, 2024, administrative fees paid for by plan assets totaled \$124,727.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP), which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Financial Accounting Standards Board (FASB) has adopted the Accounting Standards Codification (ASC) as the sole source of authoritative GAAP. The FASB will issue Accounting Standards Updates (ASU) from time to time to make adjustments to GAAP.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's investments are valued daily. Investment contracts held by a defined-contribution plan are reported at contract value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The insurance company general account determines its fair value using the net asset value (NAV) of the fund. The NAV is determined by the trustee of the fund using the fair value of the underlying securities within the fund at year end.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified as to complete and accurate by the custodian as of and for the year ended December 31:

	2024	2023
Investments, at fair value	\$ 34,655,824	\$ 29,927,833
Investment income:		
Interest and dividends	419,260	
Net appreciation in fair value of investments	2,898,825	

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 consists of unadjusted quoted prices in active markets for identical assets or liabilities and has the highest priority.

Level 2 consists of inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 consists of significant unobservable inputs for the asset or liability and has the lowest priority.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Fair Value Measurements Using:			
December 31, 2024	Fair Value	Level 1	Level 2
Mutual funds	\$21,659,769	\$21,659,769	\$ -
Pooled separate accounts	4,945,463	-	4,945,463
Assets measured at NAV*	<u>8,050,592</u>	<u>-</u>	<u>-</u>
Total investments at fair value	<u>\$34,655,824</u>	<u>\$21,659,769</u>	<u>\$ 4,945,463</u>
December 31, 2023	Fair Value	Level 1	Level 2
Mutual funds	\$18,072,662	\$18,072,662	\$ -
Pooled separate accounts	4,395,192	-	4,395,192
Assets measured at NAV*	<u>7,459,979</u>	<u>-</u>	<u>-</u>
Total investments at fair value	<u>\$29,927,833</u>	<u>\$18,072,662</u>	<u>\$ 4,395,192</u>

*In accordance with ASC Topic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 and Level 2 inputs because they generally provide the most reliable evidence of fair value.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using NAV per Share Practical Expedient

There are no participant redemption restrictions for the investments for which fair value is measured using the NAV per share practical expedient. The redemption notice period is applicable only to the Plan. The following table summarizes these investments:

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Guaranteed investment contract	<u>\$ 8,050,592</u> <u>\$ 8,050,592</u>	N/A	Daily	None
December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Guaranteed investment contract	<u>\$ 7,459,979</u> <u>\$ 7,459,979</u>	N/A	Daily	None

Guaranteed investment contracts are valued at the total of the NAV of the underlying investments held by the account at year-end. The Plan's interest in the guaranteed investment contract is valued based on the information reported by the investment advisor.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive guaranteed investment contract with Principal totaling \$8,050,592 and \$7,459,979 as of December 31, 2024 and 2023, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed at least annually for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value, which approximates fair value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – PARTIES-IN-INTEREST

Certain plan investments are shares of mutual funds and insurance company general accounts managed by the investment trustee, Principal. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$124,727 for the year ended December 31, 2024. Certain investment expenses paid to Principal are netted against investment returns.

NOTE 7 – TAX STATUS AND UNCERTAIN TAX POSITIONS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes*. Based on its evaluation, the Plan has concluded that there are no significant uncertain tax positions requiring recognition in its financial statements. The Plan's evaluation was performed for tax years ended December 31, 2021 through December 31, 2024, the years that remain subject to examination by major tax jurisdictions as of December 31, 2024.

NOTE 8 – AMOUNTS OWED TO WITHDRAWN PARTICIPANTS

At December 31, 2024, net assets available for benefits that were in accounts of participants that are no longer employees of the plan sponsor totaled \$4,413,478. None of those balances had been requested to be paid to the participants as of the Plan's year end.

NOTE 9 – SUBSEQUENT EVENTS

The plan administrator evaluated events and transactions subsequent to December 31, 2024 through July 23, 2025 (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The plan administrator did not identify any items that required recognition or disclosure in the financial statements.
