Independent Auditors' Report

The Benefits Administrative Committee
The Retirement Income Plan of
The Conference Board, Inc. (United States Staff Members):

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of The Retirement Income Plan of The Conference Board, Inc. (United States Staff Members) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended June 30, 2022 (in liquidation), and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in notes 2(a) and 7 to the financial statements, the Board of Directors of The Conference Board, Inc. approved a plan of liquidation in May 2021 to terminate the Plan effective June 30, 2021. Management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2022, and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended June 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 15, 2022 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**THE RETIREMENT INCOME PLAN OF
THE CONFERENCE BOARD, INC.**

(United States Staff Members)

Notes to Financial Statements

June 30, 2022 and 2021

(1) Description of the Plan

The following description of The Retirement Income Plan of the Conference Board, Inc. (United States Staff Members) (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

(a) General

The Plan is a defined benefit pension plan covering eligible employees of The Conference Board, Inc. (the Company or the Plan Sponsor). Employees are generally eligible to participate upon reaching age 21 and completing 1 year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Overall responsibility for administering the Plan rests with the Plan administrator. Metropolitan Life Insurance Company (the insurance provider) was responsible for the management and control of the majority of the Plan's assets through December 31, 2019 and had certain discretionary authority over such assets. In August 2019, the Plan paid the insurance provider to buyout the guaranteed annuitants at a favorable rate. The non-guaranteed annuitants were transferred from insurance provider to the new custodian, Wilmington Trust, in December 2019.

On May 20, 2021 the Board of Directors adopted an amendment of the Plan to provide for the Plan's termination, via a lump sum window and annuity purchases, with a termination date of June 30, 2021.

In December 2021, the Company filed the necessary application with the Internal Revenue Service (IRS) requesting the issuance of a determination letter regarding the Plan's qualification status at termination. The Company also filed a standard termination notice with the Pension Benefit Guaranty Corporation (PBGC) and the 60 day review period has passed. The Plan was terminated effective June 30, 2021. The Plan used its net assets available for benefits to make lump sum distributions commencing in April 2022 and purchased a group annuity contract with an insurance company in May 2022.

(b) Vesting

Participants vest in their accrued benefits based on years of service that ranges from 0% for less than five years to 100% for five or more years.

(c) Retirement Benefits

Participants may elect early retirement once they have attained age 55 and completed 5 years of service. Normal retirement age is the first day of the month following age 65. Benefits may be paid to participants at normal retirement age or, if elected, at early retirement. Benefits are determined based upon years of service and monthly salary, averaged over the highest five years of service during the 10 years prior to the retirement date. Vested participants who terminate for retirement, disability, or death are entitled to monthly vested termination benefits beginning on the normal retirement date in the amount of accrued benefits. Participants may elect to receive their distributions, subject to certain plan provisions, in the form of 10 years' certain and life annuities, joint and survivor annuities, or single life annuities. If a participant's accrued benefit is less than \$1,000, the participant is paid a lump-sum

**THE RETIREMENT INCOME PLAN OF
THE CONFERENCE BOARD, INC.**

Notes to Financial Statements

payment as soon as practicable after the termination date. If a vested participant dies after reaching normal retirement age, the participant's surviving spouse will receive the same benefit that would be payable if the participant had retired and elected an immediate qualified joint and survivor annuity. If a vested participant dies on or before his or her earliest retirement age, the participant's surviving spouse will receive the actuarial equivalent of the same benefit that would be payable if the participant had: (i) separated from service on the date of death; (ii) survived the earliest retirement age; (iii) retired with an immediate qualified joint and survivor annuity at the earliest retirement age; and (iv) died on the day after the day on which the participant would have reached the earliest retirement age.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The approval of the Plan termination by the PBGC and IRS in Plan year 2022, resulted in the Plan's basis of accounting changing from the accrual basis to the liquidation basis of accounting as liquidation was deemed imminent, in accordance with U.S. generally acceptable accounting principles. Liquidation accounting requires the Plan's assets be measured at the estimated amounts of consideration the Plan expects to distribute in the course of terminating the Plan.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires that management make estimates and assumptions affecting the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits. The most significant estimates relate to the determination of the accumulated plan benefits (e.g., assumptions pertaining to interest rates, inflation rates and employee demographics). Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are recorded at fair value as described in note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments bought and sold and the change in appreciation (depreciation) from one period to the next.

Fair value for the interest in a limited partnership is based on the Plan's ownership interest measured using the net asset value per share as a practical expedient.

(d) Administrative Expenses

The Plan paid all direct investment management fees for the years ended June 30, 2022 and 2021 as described in note 9, as well as the PBGC premium. All other administrative expenses of the Plan were paid by the Plan Sponsor for the years ended June 30, 2022 and 2021.

**THE RETIREMENT INCOME PLAN OF
THE CONFERENCE BOARD, INC.**
(United States Staff Members)

Notes to Financial Statements

June 30, 2022 and 2021

(3) Financial Information Certified by the Custodian and Insurance Provider

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wilmington Trust, the custodian (except for the interest in a limited partnership) reflected on the accompanying Statements of Net Assets Available for Benefits as of June 30, 2022 and 2021 respectively, the related investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended June 30, 2022 and 2021 respectively, and the information included in the supplemental schedules to the financial statements as of and for the year ended June 30, 2022. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified, except by comparing such information to the information in the Plan's financial statements and supplemental schedules.

(4) Funding Policy

The Plan is subject to the minimum funding requirements of ERISA. The Company contributes such amounts as calculated on actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to the participants. Employees do not contribute to the Plan. The minimum funding has been met in both 2022 and 2021.

(5) Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

The hierarchy gives the highest priority to unadjusted quoted or published prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted or published prices for identical assets or liabilities in active market that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted or published prices for similar assets or liabilities in active markets;
- Quoted or published prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted or published prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**THE RETIREMENT INCOME PLAN OF
THE CONFERENCE BOARD, INC.**
(United States Staff Members)

Notes to Financial Statements

June 30, 2022 and 2021

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

As of June 30, 2022, the assets of the Plan are comprised of cash and cash equivalents to be used to pay the remaining expenses of the Plan in liquidation and are not intended to be held for long-term investment.

The following tables set forth by level the fair value hierarchy of the Plan's investments as of June 30, 2021:

		June 30, 2021 (ongoing)			
		Fair value using input type			
		Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$	458,779	—	—	458,779
Registered investment companies		37,851,883	—	—	37,851,883
Total	\$	38,310,662	—	—	38,310,662
Interest in a limited partnership					3,371,289
Total investments at fair value					\$ 41,681,951

(6) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by employees through the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) spouses of employees who have died; and (c) present employees or their beneficiaries. Benefits are determined based upon years of service and monthly salary, averaged over the highest five consecutive years of service during the 10 years prior to the termination date. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

As of the beginning of the plan year, the actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the date of payment. Significant actuarial assumptions used in the valuation as of July 1, 2020, the most recent valuation date, follow:

- Mortality basis – Pri-2012 White Collar Tables (amounts-weighted), for employees, healthy annuitants, and contingent survivors, projected generationally from 2012 using the standard version of MP-2022.

**THE RETIREMENT INCOME PLAN OF
THE CONFERENCE BOARD, INC.**
(United States Staff Members)

Notes to Financial Statements

June 30, 2022 and 2021

- Interest rate – 4.85%.
- Assumed retirement age – 55 to 70.

Such assumptions are based on the presumption that the Plan will continue. Due to the Plan's termination, the actuarial present value of accumulated plan benefit as of June 30, 2022 was \$0.

The actuarial present value of accumulated plan benefits as of July 1 follows:

	2022 (in liquidation)	2021 (ongoing)
Actuarial present value of accumulated vested plan benefits:		
Participants currently receiving payments	\$ —	18,666,696
Other participants	—	18,938,971
	—	37,605,667
Actuarial present value of accumulated nonvested plan benefits	—	278,862
Total actuarial present value of accumulated plan benefits	\$ —	37,884,529

Changes in the actuarial present value of accumulated plan benefits from July 1, 2020 to June 30, 2022 follow:

Actuarial present value of accumulated vested plan benefits at June 30, 2020 (ongoing)	\$ 37,884,529
Interest to June 30, 2022 at 4.85%	3,316,739
Benefit payments through June 30, 2022	(46,643,238)
Other changes (a)	5,441,970
Actuarial present value of accumulated plan benefits at end of year (in liquidation)	\$ —

- (a) Other changes primarily reflect the impact of a lower discount rate and a markup relating to the insurer's pricing.

(7) Plan Termination

In connection with the termination of the Plan on June 30, 2021, the Plan's assets, after providing for any expenses, will first be used for the benefit of retired employees and employees who have reached their normal retirement dates and, second, for the benefit of all other employees based on their accrued retirement benefits at the date of termination of the Plan in amounts proportionate to the actuarially determined present values of their retirement benefits at the date of termination of the Plan. Any balance remaining after satisfaction of all liabilities of the Plan would be returned to the Sponsor. Certain benefits

under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the maximum amount of an individual's monthly benefit that the PBGC guarantees.

(8) Income Tax Status

The Plan has obtained a determination letter from the Internal Revenue Service (IRS) dated January 31, 2022 stating that the Plan qualifies under the appropriate section of the Internal Revenue Code (IRC) and, therefore, is not subject to tax under IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

(9) Related Party Transactions

Certain Plan investments are managed by Wilmington Trust, and therefore, qualify as party-in-interest transactions. Direct fees paid by the Plan for investment management services amounted to \$15,617 and \$11,933 in 2022 and 2021, respectively.

(10) Risk and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Some of the Plan's investments may indirectly invest in securities with contractual cash flows such as asset backed securities, collateralize mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.
