Justine Gillis, Plan Administrator
APG Asset Management 401(k) Plan
666 Third Avenue
New York, NY 10017

Dear Justine:

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of APG Asset Management 401(k) Plan (the "Plan") as of and for the year ended December 31, 2024 and have issued our report thereon dated August 27, 2025. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated June 9, 2025, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in CBIZ CPAs as appropriate, CBIZ CPAs, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

We have identified the following significant risks:

- Management override of controls.
- Due to the unpredictable way in which management override of controls could occur as it relates to payroll and contributions in the Plan, it is a risk of material misstatement due to fraud and, thus a significant risk. This significant risk was addressed through detailed testing of a sample of participant contributions, as well as the remittance of all contributions into the Plan.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2024. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. There were no sensitive accounting estimates affecting the financial statements.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to: The disclosure of Note 8 related to concentration of credit risk arising from investments in financial instruments that potentially subject the participants to risk of loss. These consist principally of Plan investments and notes receivable from participants.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. We did not identify any significant unusual transactions during our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. No unrecorded financial statement misstatements were identified as a result of our audit procedures.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated August 27, 2025.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Plan Administrator, and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Independent Auditors' Report

To the Plan Trustee and Plan Administrator
of APG Asset Management 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of APG Asset Management 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

APG Asset Management 401(k) Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the APG Asset Management 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the summary Plan description or the Plan agreement for a more complete description of the Plan provisions.

General

The Plan is a defined contribution 401(k) deferred compensation savings plan that was established effective March 1, 1999, covering substantially all employees of APG Asset Management US Inc. (the “Company”), (except for residents of Puerto Rico), who have attained the age of 18 and have completed a thirty (30) day service period as defined in the Plan document. Additionally, non-resident alien with no income from a U.S. source and all inpatriates from non-U.S. Company affiliates that do not have a green card or U.S. citizenship are not eligible to participate in the Plan. Effective February 26, 2018, temporary (part-time) employees and interns are eligible to participate once meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Plan’s Investment Committee (“Committee”). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

The Setting Every Community Up for Retirement Enhancement (“SECURE”) Act 2.0 was signed into law in December 2022, delivering dozens of new retirement-related provisions. These changes build on the original SECURE Act, which altered the rules around how employees can save and withdraw money from their retirement accounts.

Participants’ Contributions

Each year, participants may contribute up to the maximum percentage of pre-tax annual eligible compensation allowable under the Internal Revenue Code (“IRC”). Contributions from participants are recorded in the year in which the participant contributions are withheld from compensation. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants are also permitted to irrevocably designate a portion or all of the pre-tax contributions into a Roth 401(k) that are includable in the participant’s gross income at the time deferred. From time to time, the pre-tax contributions of certain employees, designated as “highly compensated employees” (HCE) under IRC rules, may be limited so that the Plan may satisfy various nondiscrimination tests required under applicable federal regulations. Participants may elect to contribute up to 100% of their bonus compensation. The total amount of bonus, pre-tax and Roth 401(k) deferrals may not exceed 30% of their eligible compensation, as defined by the Plan. Employees that are age 50 or older may make an additional employee contribution up to an amount allowable under the IRC. Participants may make voluntary, non-deductible, after-tax employee contributions for which the contribution limit for each payroll period is 100% of the participants’ compensation and up to an amount allowable under the IRC. Effective July 14, 2022, participants who are still employed by the Company may elect to convert a portion of their employee deferrals and fully vested employer match contributions as designated Roth contributions.

The SECURE Act 2.0 increases the limit for catch-up contributions for individuals ages 60 to 63, effective for taxable years beginning after December 31, 2024. In addition, SECURE Act 2.0 requires that participants whose prior-year wages from their current employer that exceeded \$145,000 make any catch-up contributions as Roth (post-tax) beginning January 1, 2025. The Internal Revenue Service (“IRS”) granted a two-year administrative transition period in the provision’s effective date to January 1, 2026.

Employer’s Contributions

The Company’s matching contributions to the Plan are discretionary and are subject to limits as prescribed in the IRC. For the year ended December 31, 2024, the Company’s matching contribution was only 100% of the employee pre-tax elective deferrals and Roth 401(k) deferrals.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Rollovers

Rollover contributions are permitted into the Plan in accordance with the IRS regulations and Plan provisions. Effective July 14, 2022, participants may elect to convert a portion of their rollover contributions as designated Roth contributions.

Participant Accounts

Each participant's account is self-directed and maintained by Fidelity Management Trust Company, the Plan trustee ("Trustee"). The Trustee provides investment planning and advisory services to eligible participants for a fee paid by the participant. Each participant's account is credited with the participant's contribution, employer match contributions and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant determines the percentage of compensation to be deferred (subject to the limitations stated above) and the investment selections from any of the investment options offered by the Plan.

Notes Receivable From Participants

A participant may request a loan of pre-tax contributions subject to the limitations set forth in the Plan. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half a participant's vested account balance or \$50,000. Only one loan outstanding is permitted at any given time. All loans are repaid by payroll deductions and the loans are carried at their outstanding balance, which approximate fair value, and must be completed within five years, except for loans for the purchase of a primary residence, in which case the loan repayment period may not extend beyond ten years from the date of the loan. The loans are collateralized by the balance in the participant's account and bear an interest rate at prime plus one basis point. The prime rate will be updated quarterly by the Trustee for any change. The interest rate shall remain fixed throughout the duration of the loan. A loan that is considered in default as defined in the Plan agreement is reported as a deemed distribution, which may be a taxable event for the participant.

Vesting

Plan participants are 100% fully vested in their rollover contribution, salary deferral contributions and any earnings thereon. Employer matching contributions and any earnings thereon will be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
1	25%
2	50%
3	75%
4	100%

Forfeited Accounts

If a participant terminates employment with the Company, the non-vested portion of the participant's account is forfeited. Forfeited balances can first be used to pay administrative expenses and any remaining amounts can be used to reduce future employer contributions. There were no unallocated forfeitures as of December 31, 2023. During the year ended December 31, 2024, \$51,207 of forfeitures was utilized to reduce the 2024 employer matching contribution. At December 31, 2024, unallocated forfeitures totaled \$119.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

A participant may elect to receive benefit payments at the normal retirement age of 65, or at an early retirement date. The Plan also provides for distribution of benefits upon death or in the event of disability of the participant. Upon retirement, death or disability, all amounts credited to the participant's account shall be distributed to the participant or his or her beneficiary, as applicable, in a lump-sum amount, partial withdrawals, or annual or more frequent installments over a period of time.

In-service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Due to hardships, as defined in the Plan agreement,
- Participant's attainment of age 59½,
- Withdrawals after age 70½,
- Withdrawals after normal retirement age,
- Withdrawals of rollover contributions and
- Withdrawals for participants performing qualified military service.

Under the SECURE Act, participants may defer receipt of their required minimum distribution until age 72 from the previous age of 70½. The SECURE Act 2.0 increased the age at which individuals must begin taking required minimum distributions to age 73 from 72, beginning January 1, 2023, as well as other increases starting in 2030.

Hardship Withdrawals

Participants may withdraw their employee pre-tax contributions and rollover contributions, if applicable, to satisfy immediate and heavy financial needs as defined by the Plan. The minimum hardship withdrawal is \$500.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Trustee and investment advisors. See Note 3 for more discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. The net appreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held, during the year, and management and operating expenses associated with the Plan's investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. The notes bear interest at rates ranging from 4.25% to 9.50%. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Administrative Expenses

The Company pays certain costs associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Loan administrative fees are charged to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

The Plan has a revenue share agreement with the Trustee to allocate to eligible participants a Participant Revenue Credit per quarter to the eligible participant accounts on a pro-rata basis based on their account balances, exclusive of outstanding loan balances. The Plan received \$90,263 in Participant Revenue Credits in 2024, which is netted with recordkeeping fees on the statement of changes in net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth the Plan’s investment assets at fair value by level within the fair value hierarchy as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 150,157,612	\$ -	\$ -	\$ 150,157,612
Total investments at fair value	<u>\$ 150,157,612</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 150,157,612</u>

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 124,208,210	\$ -	\$ -	\$ 124,208,210
Total investments at fair value	<u>\$ 124,208,210</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 124,208,210</u>

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE AS COMPLETE AND ACCURATE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

	2024	2023
<u>At December 31:</u>		
Investments, at fair value	<u>\$ 150,157,612</u>	<u>\$ 124,208,210</u>
Notes receivable from participants	<u>\$ 283,837</u>	<u>\$ 253,143</u>
<u>Year Ended December 31, 2024:</u>		
Plan investment income:		
Net appreciation in fair value of investments	\$ 15,799,429	
Dividend and interest income	<u>5,443,521</u>	
Total investment income	<u>\$ 21,242,950</u>	
Interest income on notes receivable from participants	<u>\$ 24,797</u>	

The Plan’s independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

APG Asset Management 401(k) Plan

Notes to Financial Statements

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the Prohibited Transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing, rather than a direct payment. The Plan incurred \$25,497 of advisory fees to Strategic Advisors, Inc., a party-in-interest, during the year ended December 31, 2024, which was reflected as the total administrative expenses on the statement of changes in net assets available for benefits.

NOTE 6 – PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the rights to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

NOTE 7 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator (and the Plan's tax counsel) believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds designated by participants. Mutual funds are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with the mutual funds, it is reasonably possible that changes in the values of those mutual funds will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management of the Plan has evaluated, for potential recognition and disclosure, events subsequent to the statement of net assets available for benefits date through August 27, 2025, the date on which the financial statements were available to be issued.
