## INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee  
Tantus Technologies 401(k) Plan  
Champaign, Illinois

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements**

We have performed an audit of the accompanying financial statements of Tantus Technologies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Fidelity Management Trust Company, as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## **Opinion on the 2024 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Tantus Technologies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tantus Technologies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tantus Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tantus Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *2024 Supplemental Schedule Required by ERISA*

The supplemental schedule (Schedule 1) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the 2024 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Auditor's Report on the 2023 Financial Statements*

The financial statements of Tantus Technologies 401(k) Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 2, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TANTUS TECHNOLOGIES 401(K) PLAN  
Notes to the Financial Statements  
December 31, 2024

**1. Description of Plan**

The following description of Tantus Technologies 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

*General* – The Plan is a defined contribution plan covering employees of Tantus Technologies, Inc. (the Company) who are 21 years of age. The Plan excludes employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Plan Amendment* – The Plan was amended effective June 3, 2024 to allow partial withdrawals and installments from the Plan.

*Contributions* – Each year, participants may elect to defer a portion of their compensation, as defined by the Plan, on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The maximum contribution to the Plan in any year is determined by provisions in the Plan and the Internal Revenue Code (IRC) and Income Tax Regulations. Participants direct the investment of these contributions into various investment options. As of December 31, 2024, the Plan offered mutual funds, a money market fund, and a self-directed brokerage account as investment options for participants.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 6 percent unless they affirmatively elect not to participate. The Plan also includes an automatic escalation provision whereby contribution rates for participants subject to the automatic enrollment provision are automatically increased by 1 percent on June 1<sup>st</sup> each year, unless elected otherwise by participants.

The Plan allows for discretionary employer matching contributions, which are made at the option of management. For the year ended December 31, 2024, management elected to make discretionary employer matching contributions of 50 percent of each participant's deferrals up to 6 percent of eligible compensation. The Plan also allows for discretionary nonelective contributions, which are made at the option of management to participants who worked at least 1,000 hours during the plan year and are employed on the last day of the plan year. Management elected not to make any discretionary nonelective contributions for 2024.

*Participant Accounts* – Each participant’s account is credited with the participant’s contributions, if any, and allocations of (a) the Company’s contributions, if any, (b) administrative expenses, and (c) plan earnings, net of investment fees. Allocations are based on participant earnings, account balances, or other participant events, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

*Vesting* – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service, or upon death, disability, or reaching retirement age.

*Payment of Benefits* – Upon termination of service, a participant may elect to receive a lump-sum, amount equal to the value of the participant’s vested interest in his or her account. The Plan provides for an automatic lump-sum distribution of account balances of \$5,000 or less. In-service withdrawals of vested interests are allowed for participants over age 59 ½. The Plan also allows for financial hardship withdrawals if the participant can prove financial hardship and is unable to meet their financial needs another way, which have a minimum withdrawal amount of \$500, and for active military and qualified reservist distributions for participants who qualify for such distributions.

*Forfeited Accounts* – Forfeited amounts, if any, are used to reduce employer contributions made during the plan year, or to pay plan expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$3,618 and \$6,302, respectively. During the year ended December 31, 2024, forfeited amounts totaling \$112,035 were used to reduce employer contributions.

*Notes Receivable from Participants* – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. The minimum amount of a loan shall be \$1,000 and only two loans may be outstanding at any time. Note terms range from one to five years except for the purchase of a primary residence, which is a longer term determined by the plan administrator. The notes are secured by the vested balance in the participant’s account and bear interest at a rate commensurate with prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

## **2. Summary of Significant Accounting Policies**

*Basis of Accounting* – The financial statements of the Plan are prepared on the accrual basis of accounting.

*Use of Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator and management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Investment Valuation and Income Recognition* – The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities

are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Notes Receivable from Participants* – Notes receivable from participants are valued at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans that are fully collateralized but treated as deemed distributions under Form 5500 reporting rules are carried on the Plan's books until a distributable event occurs based upon the terms of the plan document, at which time the loan is treated as a distribution.

*Investment and Administrative Expenses* – The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain fees are charged to the Plan for services provided to the Plan. When applicable, these fees and fees charged by the Plan's investment vehicles are netted with investment earnings.

*Payment of Benefits* – Benefit payments are recorded when paid for financial statement purposes.

*Subsequent Events* – The Plan has evaluated subsequent events through August 29, 2025, the date on which the financial statements were available to be issued.

### 3. Information Certified by Fidelity Management Trust Company, the Investment Custodian

Certain information, as noted below, related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

#### 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codified (ASC) 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1        Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2        Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3        Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024.

The following are descriptions of the valuation methodologies used for assets measured at fair value.

- *Mutual Funds*: Valued at actively traded quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.
- *Money Market Fund*: Valued at the total of the invested deposit plus earnings thereon, which approximates fair value.
- *Common Stock*: Valued at the closing price reported on the active market in which the individual securities are traded.

- *Self-Directed Brokerage Account (BrokerageLink Account)*: Accounts primarily consist of 1) cash and common stocks that are valued on the basis of readily determinable market prices, and 2) unit investment trusts that are valued based on underlying investments that have readily determinable values.
- *Common Collective Trust (CCT)*: A stable value fund that seeks to deliver intermediate bond-like returns while seeking to maintain a stable NAV by preserving principal and achieving high current income through a diversified portfolio of high-quality investment contracts. The fund is valued at NAV to reflect all funds at fair value, and generally permits redemptions daily at NAV on the measurement date. Withdrawals resulting from an employer or plan sponsor-initiated event (e.g. a decision to terminate the Plan's participation in the trust) could result in a payment less than the guaranteed value if the contract's market value is less than the guaranteed value. An event limiting the ability of plan participants is not considered probable of occurring.

Management has determined that the CCT qualifies for the net asset value practical expedient under FASB ASC 820, and, as such, the CCT is not categorized in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<i>Assets Included in the Fair Value Hierarchy:</i>				
Mutual Funds	\$ 22,846,894	\$ -	\$ -	\$ 22,846,894
Money Market Fund	606,978	-	-	606,978

	<u>\$ 23,869,582</u>	<u>\$ 805,706</u>	<u>\$ -</u>	<u>24,675,288</u>

*Assets Measured at Net Asset Value per FASB ASC 820 Practical Expedient:*

Common Collective Trust	87,180
Investments, at Fair Value	<u>\$ 24,762,468</u>

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<i>Assets Included in the Fair Value Hierarchy:</i>				
Mutual Funds	\$ 18,125,111	\$ -	\$ -	\$ 18,125,111

	<u>\$ 19,136,234</u>	<u>\$ -</u>	<u>\$ -</u>	<u>19,136,234</u>

*Assets Measured at Net Asset Value per FASB ASC 820 Practical Expedient:*

Common Collective Trust	53,997
Investments, at Fair Value	<u>\$ 19,190,231</u>

There are no unfunded commitments, or significant redemptions or restrictions on investment measured at net asset value per share using the practical expedient as of December 31, 2024 and 2023.

## 5. Administrative Expenses and Party-In-Interest Transactions

A transaction with a plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Service provider fees, either directly or indirectly, are paid to Fidelity Management Trust Company, investment custodian, third-party administrator, record keeper, and investment advisor. Of these fees, \$54,660 is included in administrative expenses on Exhibit B. Other investment fees are netted with investment earnings. Certain expenses incurred in the administration of the Plan were also paid by the Company.

Additionally, certain plan investments are both held and managed by the investment custodian. Notes receivable from participants are considered to be both party-in-interest and a related-party transaction.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

## 7. Tax Status

The pre-approved plan, on which the Plan is designed, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving this determination letter, the plan administrator and the pre-approved plan provider believe

that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and change in net assets per the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net Assets Available for Benefits per Financial Statements	\$ 25,055,417	\$ 19,472,254
Less: Employer Contributions Receivable	-	(65,676)
Net Assets Available for Benefits per Form 5500	<u>\$ 25,055,417</u>	<u>\$ 19,406,578</u>
Change in Net Assets per Financial Statements	\$ 5,583,163	
Plus: Prior Year Employer Contributions Receivable	<u>65,676</u>	
Change in Net Assets per Form 5500	<u>\$ 5,648,839</u>	

## 10. Subsequent Events

During 2025, the Company was acquired by Sikich LLC, which sponsors its own defined contribution plan. Following the acquisition, the Plan has continued to operate separately. No formal plan merger has been approved, but as of August 29, 2025, the Retirement Plan Committee expects the Plan assets will be merged into the Sikich Employees' 401(k) Plan effective January 1, 2026.
